cal Approach in Democracy and Education Reconsidered' Against the background of the Deweyan tradition of Democracy and Education, the authors discuss problems of complexity and reductionism in education and educational philosophy The authors argue that powerful social tendencies of capitalist competition and social Darwinism

Democracy and Education: Dewey and Adult Learners Today

and Education (1916), John Dewey's goal was to describe an education appropriate to a democracy Certainly, he also believed that that his approach was a more humane way of teaching and, as many have argued since (eg, Paley, 1992; Rogers, 1969, 1983), a more effective way for students to learn However, his primary goal was to argue for a

Re-envisioning Education and Democracy

a democratic society This challenge is centered in public education At the turn of the twentieth century, John Dewey argued that public schooling is a primary site of both peril and promise for revitalizing democracy and promoting social justice and compassion His visionary assessment is even more compelling today

JAMES, DEWEY, AND DEMOCRACY

Dewey's early work on ethics, psychology, logic, and education, progressing away from idealism, all receive great praise from James, and resemble James's later work in that regard As early as July of 1896, James writes of Dewey to Alice Howe Gibbens James
