SELF AND SOCIETY

The self, as that which can be an object to itself, is essentially a social structure, and it arises in social experience After a self has arisen, it in a certain sense provides for itself its social experiences, and so we can conceive of an absolutely solitary self But it is impossible to conceive of a self arising outside of social experience

Self-Knowledge - Divine Life Society

wants mental food The soul wants spiritual food” The desire to attain knowledge of the Self will dawn in these proud, egoistic people only when they meet some adversities, calamities, troubles and disappointments The desire to attain the knowledge of the Self dawns in a person who is free from desires for sense-objects Such a man,

NURTURING SOUL IN ADULT LEARNING(1) John M. Dirkx ...

self, society, language, and culture This ego-based view provides a helpful but only partial understanding of the process of change, self-discovery,

and social critique inherent in transformative learning It represents the way of logos, the realm of objectivity and logic, the triumph of reason over instinct, ignorance, and irrationality

The Self: Colonization in Psychology and Society

or soul in the case of the pre-moderns, and agentive reason with the birth of modernism By historically contextualizing the discourse of the self in this way we are prepared to inquire into the functions of such discourse within society How is the discourse of the self employed within our relationships; what traditions are sustained
