The inspiration for the five-part Amazon Original docuseries *Ted Bundy: Falling for a Killer* This updated, expanded edition of *The Phantom Prince*, Elizabeth Kendall's 1981 memoir detailing her six-year relationship with serial killer Ted Bundy, includes a new introduction and a new afterword by the author, never-before-seen photos, and a startling new chapter from the author's daughter, Molly, who has not previously shared her story. Bundy is one of the most notorious serial killers in American history and one of the most publicized to this day. However, very rarely do we hear from the women he left behind—the ones forgotten as mere footnotes in this tragedy. *The Phantom Prince* chronicles Elizabeth Kendall's intimate relationship with Ted Bundy and its eventual unraveling. As much as has been written about Bundy, it's remarkable to hear the perspective of people who shared their daily lives with him for years. This gripping account presents a remarkable examination of a charismatic personality that masked unimaginable darkness.

As undoubtedly the most famous poem in history, Edgar Allan Poe's "The Raven" is read all over the world. Horror coloring book author/artist Jordan R. Colton has compiled the etchings done by Gustav Dore to compliment this infamous poem. Each image was etched in metal and used in printed copies of the poem. The lines to the left and the image to the right. Many can now take these striking images and color them in greyscale, or in color. Nevermore will you be without a classic poem, and be able to enjoy it in a unique way! These masterpieces of word and art are combined together in a beautiful coloring book that is great for horror enthusiasts young and old.
