### **Julie of the Wolves**

As the host of Radio Free Vermont - 'underground, underpowered, and underfoot' - seventy-two-year-old Vern Barclay is currently broadcasting from an 'undisclosed and double-secret location.' With

## Access PDF American Wolf A True Story Of Survival And Obsession In The West

the help of a young computer prodigy named Perry Alterson, Vern uses his radio show to advocate for a simple yet radical idea: an independent Vermont, one where the state secedes from the United States and operates under a free local economy. But for now, he and his radio show must remain untraceable, because in addition to being a lifelong Vermonter and concerned citizen, Vern Barclay is also a fugitive from the law

### **Decade of the Wolf**

The wolf gives his own outlandish version of what really happened when he tangled with the three little pigs.

### **Communion**

"The powerful origin story of one of Yellowstone's greatest and most famous wolves." –Washington Post "[The Rise of Wolf 8] is a goldmine for information on all aspects of wolf behavior and clearly shows they are clever, smart, and emotional beings." –Psychology Today  
Yellowstone National Park was once home to an abundance of wild wolves—but park rangers killed the last of their kind in the 1920s.

## Access PDF American Wolf A True Story Of Survival And Obsession In The West

Decades later, the rangers brought them back, with the first wolves arriving from Canada in 1995. This is the incredible true story of one of those wolves. Wolf 8 struggles at first—he is smaller than the other pups, and often bullied—but soon he bonds with an alpha female whose mate was shot. An unusually young alpha male, barely a teenager in human years, Wolf 8 rises to the occasion, hunting skillfully, and even defending his family from the wolf who killed his father. But soon he faces a new opponent: his adopted son, who mates with a violent alpha female. Can Wolf 8 protect his valley without harming his protégé? Authored by a renowned wolf researcher and gifted storyteller, *The Rise of Wolf 8* marks the beginning of *The Alpha Wolves of Yellowstone* series, which will transform our view of wolves forever.

### **The Rise of Wolf 8**

This lush book of photography represents National Geographic's Photo Ark, a major cross-platform initiative and lifelong project by photographer Joel Sartore to make portraits of the world's animals—especially those that are endangered. His powerful message, conveyed with humor, compassion, and art—to know these animals is to save them. Sartore intends to photograph every animal in captivity in the

## Access PDF American Wolf A True Story Of Survival And Obsession In The West

world. He is circling the globe, visiting zoos and wildlife rescue centers to create studio portraits of 12,000 species, with an emphasis on those facing extinction. He has photographed more than 6,000 already and now, thanks to a multi-year partnership with National Geographic, he may reach his goal. This book showcases his animal portraits- from tiny to mammoth, from the Florida grasshopper sparrow to the greater one-horned rhinoceros. Paired with the eloquent prose of veteran wildlife writer Douglas Chadwick, this book presents a thought-provoking argument for saving all the species of our planet.

### **White Fang**

Records the courage and self-reliance of an Indian girl who lived alone for eighteen years on an isolated island off the California coast when her tribe emigrated and she was left behind.

### **Wolf Island**

The world's leading wolf expert describes the first years of a major study that transformed our understanding of one of nature's most iconic creatures In the late 1940s, a small pack of wolves crossed the

## Access PDF American Wolf A True Story Of Survival And Obsession In The West

ice of Lake Superior to the island wilderness of Isle Royale, creating a perfect "laboratory" for a long-term study of predators and prey. As the wolves hunted and killed the island's moose, a young graduate student named Dave Mech began research that would unlock the mystery of one of nature's most revered (and reviled) animals—and eventually became an internationally renowned and respected wolf expert. This is the story of those early years. *Wolf Island* recounts three extraordinary summers and winters Mech spent on the isolated outpost of Isle Royale National Park, tracking and observing wolves and moose on foot and by airplane—and upending the common misperception of wolves as destructive killers of insatiable appetite. Mech sets the scene with one of his most thrilling encounters: witnessing an aerial view of a spectacular hunt, then venturing by snowshoe (against the pilot's warning) to photograph the pack of hungry wolves at their kill. *Wolf Island* owes as much to the spirit of adventure as to the impetus of scientific curiosity. Written with science and outdoor writer Greg Breining, who recorded hours of interviews with Mech and had access to his journals and field notes from those years, the book captures the immediacy of scientific fieldwork in all its triumphs and frustrations. It takes us back to the beginning of a classic environmental study that continues today, spanning nearly sixty years—research and experiences that would transform one of the most

## Access PDF American Wolf A True Story Of Survival And Obsession In The West

despised creatures on Earth into an icon of wilderness and ecological health.

### **The Return of the Wolf to Yellowstone**

National Book Award Finalist: A "brilliant" study of the science and mythology of the wolf by the New York Times–bestselling author of *Arctic Dreams* (The Washington Post). When John Fowles reviewed *Of Wolves and Men*, he called it "A remarkable book, both biologically absorbing and humanly rich, and one that should be read by every concerned American." In this National Book Award–shortlisted work, literary master Barry Lopez guides us through the world of the wolf and our often-mistaken perceptions of another species' place on our shared planet. Throughout the centuries, the wolf has been a figure of fascination and mystery, and a major motif in literature and myth. Inspiring fear and respect, the creature has long exerted a powerful influence on the human imagination. *Of Wolves and Men* takes the reader into the world of the *Canis lupus* and its relationship to humankind through the ages. Lopez draws on science, history, mythology, and his own field research to present a compelling portrait of wolves both real and imagined, dispelling our fear of them while celebrating their place in our history, legends, and hearts. This ebook features an

### **The Wolf**

'All stories are about wolves. All worth repeating, that is. Anything else is sentimental drivel.' - Margaret Atwood The wolf stands at the forefront of the debate about our impact on the natural world. In one of the most celebrated successes of modern conservation, it has been reintroduced to Yellowstone National Park. What unfurls is a riveting multi-generational saga, at the centre of which is O-Six, a charismatic alpha female beloved by park rangers and amateur spotters

## Access PDF American Wolf A True Story Of Survival And Obsession In The West

alike. As elk numbers decline and the wolf population rises, those committed to restoring an iconic landscape clash with those fighting for a vanishing way of life, hunters stalk the park fringes and O-Six's rivals seek to bring an end to her dominance of the stunningly beautiful Lamar Valley.

### **Coming to America**

"A must for all wolf aficionados," said Dr. L. David Mech. Includes a new chapter with text and exclusive photos capturing the first year of the Yellowstone wolves.

### **White Mother**

Vintage Tom Wolfe, *The Bonfire of the Vanities*, the #1 bestseller that will forever define late-twentieth-century New York style. "No one has portrayed New York Society this accurately and devastatingly since Edith Wharton" (The National Review) "A page-turner . . . Brilliant high comedy." (The New Republic)

### **The Last Wish**

## Access PDF American Wolf A True Story Of Survival And Obsession In The West

Depicts the joys and hardships experienced by a Muslim family that immigrates to New York City from Alexandria, Egypt, in the hope of making a better life life for themselves.

### **The Reign of Wolf 21**

A NEW YORK TIMES BESTSELLER The enthralling story of the rise and reign of O-Six, the celebrated Yellowstone wolf, and the people who loved or feared her Before men ruled the earth, there were wolves. Once abundant in North America, these majestic creatures were hunted to near extinction in the lower 48 states by the 1920s. But in recent decades, conservationists have brought wolves back to the Rockies, igniting a battle over the very soul of the West. With novelistic detail, Nate Blakeslee tells the gripping story of one of these wolves, O-Six, a charismatic alpha female named for the year of her birth. Uncommonly powerful, with gray fur and faint black ovals around each eye, O-Six is a kind and merciful leader, a fiercely intelligent fighter, and a doting mother. She is beloved by wolf watchers, particularly renowned naturalist Rick McIntyre, and becomes something of a social media star, with followers around the world. But as she raises her pups and protects her pack, O-Six is challenged on all fronts: by hunters, who compete with wolves for the elk they both

## Access PDF American Wolf A True Story Of Survival And Obsession In The West

prize; by cattle ranchers who are losing livestock and have the ear of politicians; and by other Yellowstone wolves who are vying for control of the park's stunningly beautiful Lamar Valley. These forces collide in *American Wolf*, a riveting multigenerational saga of hardship and triumph that tells a larger story about the ongoing cultural clash in the West—between those fighting for a vanishing way of life and those committed to restoring one of the country's most iconic landscapes.

### **The Wolf**

By enquiring into the puzzle of sibling relations, Frank J. Sulloway pioneers a new view of how family affects individual development. He shows that birth-order is so fundamental to the family that it transcends gender, class and nationality.

### **American Wolf**

From the world-famous couple who lived alongside a three-generation wolf pack, this book of inspiration, drawn from the wild, will fascinate animal and nature lovers alike. For six years Jim and Jamie Dutcher lived intimately with a pack of wolves, gaining their trust as

## Access PDF American Wolf A True Story Of Survival And Obsession In The West

no one has before. In this book the Dutchers reflect on the virtues they observed in wolf society and behavior. Each chapter exemplifies a principle, such as kindness, teamwork, playfulness, respect, curiosity, and compassion. Their heartfelt stories combine into a thought-provoking meditation on the values shared between the human and the animal world. Occasional photographs bring the wolves and their behaviors into absorbing focus.

### **Beloved**

Misha was seven years old when the Nazis took her Jewish parents away from her. It was 1941 in German-occupied Belgium. She was given a new name, a new home, a new religion to save her from the Germans. She did not know what had happened to her parents only that they had gone East. Misha decided to go and find them, alone and on foot, she crossed Belgium, Germany and Poland and survived by hiding in forests and stealing food from farmhouses. Close to death and starving she was befriended by a family of wolves, eating and playing with wolf cubs and protected by the wolf cubs mother. These were th happiest moments of her troubled life. Misha always believed she would eventually find her parents, and kept on walking for four years. She encountered unspeakable horrors along the way and at one point, she was forced to

## Access PDF American Wolf A True Story Of Survival And Obsession In The West

kill a German soldier to save her own life. Eventually, via the Ukraine, Romania and Italy, she found her way home to Belgium.

### **The Wolves at the Door**

The tale of two American teenagers recruited as killers for a Mexican cartel, and the Mexican-American detective who realizes the War on Drugs is unstoppable. "A hell of a story...undeniably gripping." (The New York Times) In this astonishing story, journalist Dan Slater recounts the unforgettable odyssey of Gabriel Cardona. At first glance, Gabriel is the poster-boy American teenager: athletic, bright, handsome, and charismatic. But the ghettos of Laredo, Texas—his border town—are full of smugglers and gangsters and patrolled by one of the largest law-enforcement complexes in the world. It isn't long before Gabriel abandons his promising future for the allure of juvenile crime, which leads him across the river to Mexico's most dangerous drug cartel: Los Zetas. Friends from his childhood join him and eventually they catch the eye of the cartel's leadership. As the cartel wars spill over the border, Gabriel and his crew are sent to the States to work. But in Texas, the teen hit men encounter a Mexican-born homicide detective determined to keep cartel violence out of his adopted country. Detective Robert Garcia's pursuit of the boys puts

## Access PDF American Wolf A True Story Of Survival And Obsession In The West

him face-to-face with the urgent consequences and new security threats of a drug war he sees as unwinnable. In *Wolf Boys*, Slater takes readers on a harrowing, often brutal journey into the heart of the Mexican drug trade. Ultimately though, *Wolf Boys* is the intimate story of the lobos: teens turned into pawns for the cartels. A nonfiction thriller, it reads with the emotional clarity of a great novel, yet offers its revelations through extraordinary reporting.

### **Island of the Blue Dolphins**

Geralt the Witcher -- revered and hated -- holds the line against the monsters plaguing humanity in this collection of adventures in the New York Times bestselling series that inspired the Netflix show and the hit video games. Geralt is a Witcher, a man whose magic powers, enhanced by long training and a mysterious elixir, have made him a brilliant fighter and a merciless assassin. Yet he is no ordinary murderer: his targets are the multifarious monsters and vile fiends that ravage the land and attack the innocent. But not everything monstrous-looking is evil and not everything fair is good. . .and in every fairy tale there is a grain of truth. The *Last Wish* story collection is the perfect introduction to a one of a kind fantasy world. And look out for *The Tower of Fools*, book one of Andrzej

## **A Wolf Called Wander**

In *Decade of the Wolf*, project leader Douglas W. Smith and acclaimed nature writer Gary Ferguson describe the journey of thirty-one Canadian gray wolves that were released in 1995 and 1996 into Yellowstone National Park and the people who faithfully followed them. The wolves have not only survived but completely changed the ecosystem, spilling a fresh measure of wildness across the world's first national park. This updated edition includes additional wolf profiles, new information on the effects of climate change and disease, and a retrospective on what the scientists have learned during this extended study of the Yellowstone wolves.

## **Of Wolves and Men**

"Don't miss this dazzling tour de force."—Katherine Applegate, Newbery Medal winning author of *The One and Only Ivan* This gripping novel about survival and family is based on the real story of one wolf's incredible journey to find a safe place to call home. Illustrated

## Access PDF American Wolf A True Story Of Survival And Obsession In The West

throughout, this irresistible tale by award-winning author Rosanne Parry is for fans of Sara Pennypacker's Pax and Katherine Applegate's The One and Only Ivan. Swift, a young wolf cub, lives with his pack in the mountains learning to hunt, competing with his brothers and sisters for hierarchy, and watching over a new litter of cubs. Then a rival pack attacks, and Swift and his family scatter. Alone and scared, Swift must flee and find a new home. His journey takes him a remarkable one thousand miles across the Pacific Northwest. The trip is full of peril, and Swift encounters forest fires, hunters, highways, and hunger before he finds his new home. Inspired by the extraordinary true story of a wolf named OR-7 (or Journey), this irresistible tale of survival invites readers to experience and imagine what it would be like to be one of the most misunderstood animals on earth. This gripping and appealing novel about family, courage, loyalty, and the natural world is for fans of Fred Gipson's Old Yeller and Katherine Applegate's Endling. Includes black-and-white illustrations throughout and a map as well as information about the real wolf who inspired the novel.

## Access PDF American Wolf A True Story Of Survival And Obsession In The West

they did to him, and why. Believe it. Or don't believe it. But read it—for this gripping story will move you like no other. It will fascinate you, terrify you, and alter the way you experience your world.

### **Romeo**

In the summer of 1999, in the tiny west Texas town of Tulia, thirty-nine people, almost all of them black, were arrested and charged with dealing powdered cocaine. The operation, a federally-funded investigation performed in cooperation with the local authorities, was based on the work of one notoriously unreliable undercover officer. At trial, the prosecution relied almost solely on the uncorroborated, and contradictory, testimony of that officer, Tom Coleman. Despite the flimsiness of the evidence against them, virtually all of the defendants were convicted and given sentences as high as ninety-nine years. Tom Coleman was named a Texas Lawman of the Year for his work. Tulia is the story of this town, the bust, the trials, and the heroic legal battle that ultimately led to the reversal of the convictions in the summer of 2003. Laws have been changed in Texas as a result of the scandal, and the defendants have earned a measure of bittersweet redemption. But the story is much bigger than the tale of

## Access PDF American Wolf A True Story Of Survival And Obsession In The West

just one bust. As Tulia makes clear, these events are the latest chapter in a story with themes as old as the country itself. It is a gripping, marvelously well-told tale about injustice, race, poverty, hysteria, and desperation in rural America.

### **The Wolf**

Into the lives of two ragged little Negro girls came an angel—a white angel. So it seemed to Veanie and Mingie Bennett, seven-year-old twins in a Florida town, half-savage, motherless, caring for their paralyzed and dying father. Alone they fought for their lives, stole food, and struggled against a hostile world. Then chance led them to the white side of town and the door of Mrs. Rossie Lee. It proved to be the door to a new life. "It was not at first intended to be an autobiography, but I found that I could do it no other way and still reveal and convey my full purpose—to write the story of a most gracious lady—a Southern white lady—to whom my sister and I attribute all that is sweet in our lives. I discovered that my sister and I were so intricately woven into the background, setting, and the story itself that we had to fulfill our inherent parts in this beautiful memory. Thus I ventured to tell the story as we lived it then and remember it now."—Jessie Bennett Sams ("Veanie")

## Radio Free Vermont

"Judith Pearson does a remarkable job of bringing one of America's greatest spies back to life. I highly recommend this story of derring-do and white knuckles suspense." –Patrick O'Donnell, Combat Historian and Author of Operatives, Spies, and Saboteurs

The remarkable story of one of WWII's greatest spies. Virginia Hall left her comfortable Baltimore roots in 1931 to follow a dream of becoming a Foreign Service Officer. After watching Hitler roll over Poland and France, she enlisted to work for the British Special Operations Executive (SOE), a secret espionage and sabotage organization. She was soon deployed to occupied France where, if captured, imprisonment and torture at the hands of the Gestapo was all but assured. Against such an ominous backdrop, Hall managed to locate drop zones for money and weapons, helped escaped POWs and downed Allied airmen flee to England, and secured safe houses for agents. And she did it all on one leg: Virginia Hall had lost her left leg before the war in a hunting accident. Soon, wanted posters appeared throughout France, offering a reward for her capture. By winter of 1942, Hall had to flee France via the only route possible: a hike on foot through the frozen Pyrénées Mountains into neutral Spain. Upon her return to England, the American espionage organization, the Office of Special Services, recruited her

## Access PDF American Wolf A True Story Of Survival And Obsession In The West

and sent her back to France disguised as an old peasant woman. While there, she was responsible for killing 150 German soldiers and capturing 500 others. Sabotaging communications and transportation links and directing resistance activities, her work helped change the course of the war. This is the true story of Virginia Hall. "Riveting"  
—Publishers Weekly

### **The Photo Ark**

"A redemption story, an adventure story, and perhaps above all, a love story." —Nate Blakeslee, New York Times-bestselling author of American Wolf The Druid Peak Pack was the most famous wolf pack in Yellowstone National Park, and maybe even in the world. This is the dramatic true story of its remarkable leader, Wolf 21. In this compelling follow-up to the national bestseller The Rise of Wolf 8, Rick McIntyre profiles one of Yellowstone's most revered alpha males, Wolf 21. Leader of the Druid Peak Pack, Wolf 21 was known for his unwavering bravery, his unusual benevolence (unlike other alphas, he never killed defeated rival males), and his fierce commitment to his mate, the formidable Wolf 42. Wolf 21 and Wolf 42 were attracted to each other the moment they met—but Wolf 42's jealous sister interfered viciously in their relationship. After an explosive insurrection within the pack, the two

## Access PDF American Wolf A True Story Of Survival And Obsession In The West

wolves came together at last as leaders of the Druid Peak Pack, which dominated the park for more than 10 years. McIntyre recounts the pack's fascinating saga with compassion and a keen eye for detail, drawing on his many years of experience observing Yellowstone wolves in the wild. His outstanding work of science writing offers unparalleled insight into wolf behavior and Yellowstone's famed wolf reintroduction project. It also offers a love story for the ages. "Like Thomas McNamee, David Mech, Barry Lopez, and other literary naturalists with an interest in wolf behavior, McIntyre writes with both elegance and flair, making complex biology and ethology a pleasure to read. Fans of wild wolves will eat this one up." —Kirkus starred review

### **A Wolf Called Romeo**

### **The Secret World of Red Wolves**

In 2020, it will have been twenty-five years since one of the greatest wildlife conservation and restoration achievements of the twentieth century took place: the reintroduction of wolves to the world's first

## Access PDF American Wolf A True Story Of Survival And Obsession In The West

national park, Yellowstone. Eradicated after the park was established, then absent for seventy years, these iconic carnivores returned to Yellowstone in 1995 when the US government reversed its century-old policy of extermination and—despite some political and cultural opposition—began the reintroduction of forty-one wild wolves from Canada and northwest Montana. In the intervening decades, scientists have studied their myriad behaviors, from predation to mating to wolf pup play, building a one-of-a-kind field study that has both allowed us to witness how the arrival of top predators can change an entire ecosystem and provided a critical window into impacts on prey, pack composition, and much else. Here, for the first time in a single book, is the incredible story of the wolves' return to Yellowstone National Park as told by the very people responsible for their reintroduction, study, and management. Anchored in what we have learned from Yellowstone, highlighting the unique blend of research techniques that have given us this knowledge, and addressing the major issues that wolves still face today, this book is as wide-ranging and awe-inspiring as the Yellowstone restoration effort itself. We learn about individual wolves, population dynamics, wolf-prey relationships, genetics, disease, management and policy, newly studied behaviors and interactions with other species, and the rippling ecosystem effects wolves have had on Yellowstone's wild and rare landscape. Perhaps most

## Access PDF American Wolf A True Story Of Survival And Obsession In The West

importantly of all, the book also offers solutions to ongoing controversies and debates. Featuring a foreword by Jane Goodall, beautiful images, a companion online documentary by celebrated filmmaker Bob Landis, and contributions from more than seventy wolf and wildlife conservation luminaries from Yellowstone and around the world, *Yellowstone Wolves* is a gripping, accessible celebration of the extraordinary Yellowstone Wolf Project—and of the park through which these majestic and important creatures once again roam.

### **The Killing of Wolf Number Ten**

An illustrated true account of an urban legend: Orphaned and alone Romeo has made the Mendenhall Glacier outside Juneau his territory for the past decade subsisting on a diet of small mammals and fish. Unafraid of tourists and locals and eager to play with their dogs, he has taught thousands of people that wolves are playful and not vicious killers. This is John Hyde's up close and personal photographic record of a singular wolf.

### **Yellowstone Wolves**

## Access PDF American Wolf A True Story Of Survival And Obsession In The West

A killer. A manhunt. The triumph of justice and of the wolf. The greatest event in Yellowstone history. Greater Yellowstone was the last great truly intact ecosystem in the temperate zones of the earth—until, in the 1920s, U.S. government agents exterminated its top predator, the gray wolf. With traps and rifles, even torching pups in their dens, the killing campaign was entirely successful. The howl of the “evil” wolf was heard no more. The “good” animals—elk, deer, bison—proliferated, until they too had to be “managed.” Two decades later, recognizing that ecosystems lacking their keystone predators tend to unravel, the visionary naturalist Aldo Leopold called for the return of the wolf to Yellowstone. It would take another fifty years for his vision to come true. In the early 1990s, as the movement for Yellowstone wolf restoration gained momentum, rage against it grew apace. When at last, in February 1995, fifteen wolves were trapped in Alberta and brought to acclimation pens in Yellowstone, even then legal and political challenges continued. There was also a lot of talk in the bars about “shoot, shovel, and shut up.” While the wolves’ enemies worked to return them to Canada, the biologists in charge of the project feared that the wolves might well return on their own. Once they were released, two packs remained in the national park, but one bore only one pup and the other none. The other, comprising Wolves Nine and Ten and Nine’s yearling daughter, disappeared. They were in

## Access PDF American Wolf A True Story Of Survival And Obsession In The West

fact heading home. As they emerged from protected federal land, an unemployed ne'er-do-well from Red Lodge, Montana, trained a high-powered rifle on Wolf Number Ten and shot him through the chest. Number Nine dug a den next to the body of her mate, and gave birth to eight pups. The story of their rescue and the manhunt for the killer is the heart of *The Killing of Wolf Number Ten*. + Read this book, and if you are ever fortunate enough to hear the howling of Yellowstone wolves, you will always think of Wolves Nine and Ten. If you ever see a Yellowstone wolf, chance are it will be carrying their DNA. The restoration of the wolf to Yellowstone is now recognized as one of conservation's greatest achievements, and Wolves Nine and Ten will always be known as its emblematic heroes.

### **The Wisdom of Wolves**

Red wolves are shy, elusive, and misunderstood predators. Until the 1800s, they were common in the longleaf pine savannas and deciduous forests of the southeastern United States. However, habitat degradation, persecution, and interbreeding with the coyote nearly annihilated them. Today, reintroduced red wolves are found only in peninsular northeastern North Carolina within less than 1 percent of their former range. In *The Secret World of Red Wolves*, nature writer

## Access PDF American Wolf A True Story Of Survival And Obsession In The West

T. DeLene Beeland shadows the U.S. Fish and Wildlife Service's pioneering recovery program over the course of a year to craft an intimate portrait of the red wolf, its history, and its restoration. Her engaging exploration of this top-level predator traces the intense effort of conservation personnel to save a species that has slipped to the verge of extinction. Beeland weaves together the voices of scientists, conservationists, and local landowners while posing larger questions about human coexistence with red wolves, our understanding of what defines this animal as a distinct species, and how climate change may swamp its current habitat.

A New Statesman Book of the Year The wolf stands at the forefront of the debate about our impact on the natural world. In one of the most celebrated successes of modern conservation, it has been reintroduced to Yellowstone National Park. What unfolds is a riveting multi-generational saga, at the centre of which is O-Six, a charismatic alpha female beloved by park rangers and amateur spotters alike. As elk numbers decline and the wolf population rises, those committed to restoring an iconic landscape clash with those fighting for a vanishing way of life; hunters stalk the park fringes and O-Six's

rivals seek to bring an end to her dominance of the stunningly beautiful Lamar Valley.

### **Tulia**

In the tradition of Peter Matthiessen's *Wildlife in America* or Aldo Leopold, Brenda Peterson tells the 300-year history of wild wolves in America. It is also our own history, seen through our relationship with wolves. The earliest Americans revered them. Settlers zealously exterminated them. Now, scientists, writers, and ordinary citizens are fighting to bring them back to the wild. Peterson, an eloquent voice in the battle for twenty years, makes the powerful case that without wolves, not only will our whole ecology unravel, but we'll lose much of our national soul.
