For fifty years the truth about the assassination of President John F. Kennedy has been obscured. This book releases us from a crippling distortion of American history. At 1:00 p.m. on November 22, 1963, President John F. Kennedy was pronounced dead, the victim of a sniper attack during his motorcade through Dallas. That may be the only fact generally agreed upon in the vast literature spawned by the assassination. National polls reveal that an overwhelming majority of Americans (75%) believe that there was a high-level conspiracy behind Lee Harvey Oswald. Many even believe that Oswald was entirely innocent. In this continuously absorbing, powerful, ground-breaking book, Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history. The brilliant prosecutor of Charles Manson and the man who forged an iron-clad case of circumstantial guilt around O. J. Simpson in his best-selling *Outrage* Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination. This is an achievement that has for years seemed beyond reach. No one imagined that such a book would ever be written: a single volume that once and for all resolves, beyond any reasonable doubt, every lingering question as to what happened in Dallas and who was responsible. There have been hundreds of books about the assassination, but there has never been a book that covers the entire case, including addressing every piece of evidence and each and every conspiracy theory, and the facts, or alleged facts, on which they are based. In this monumental work, the author has raised scholarship on the assassination to a new and final level, one that far surpasses all other books on the subject. It adds resonance, depth, and closure to the admirable work of the Warren Commission. *Reclaiming History* is a narrative compendium of fact, forensic evidence, reexamination of key witnesses, and common sense. Every detail and nuance is accounted for, every conspiracy theory revealed as a fraud on the American public. Bugliosi's irresistible logic, command of the evidence, and ability to draw startling inferences shed fresh light on this American nightmare. At last it all makes sense. The Complete Works of Augustus M. Toplady New Edition With a Memoir of the Author and Extracts from His Diary

Drew MacLane is a star agent in Scalpel, an organization named for its purpose: precise surgical removal. Assassination. Then MacLane decides to stop killing. He withdraws and retreats to a monastery, where for six years he lives the life of a hermit. But then someone tracks him down, leaving a trail of bodies. Someone who knows all about him - and will stop at nothing to destroy him. Less From acclaimed Thriller Master, David Morrell, comes a classic espionage tale that changed the genre, paving the way for the historical/religious thrillers of Dan Brown, Steve Berry, and James Rollins. In a remote monastery in Vermont, a mysterious man has spent six years alone in a cell, doing penance for unnamed sins that he committed for his government. His only human contact is the hand that delivers his spartan meals through a slot in his door. He allows himself only one small pleasure, the companionship of a mouse. When the mouse dies, nibbling bread, a terrible suspicion makes him finally leave his sanctuary and confront the ruthless enemies that he prayed he had left behind. Beginning with the Crusades and the origin of the word "assassin," THE FRATERNITY OF THE STONE was the first novel to deal with Opus Dei, the Vatican's civilian intelligence community. If you like to read about ancient conspiracies that threaten the modern world, this is where the genre began.

The Assassination Chronicles

The Fraternity of the Stone

The popular Left Behind series depicting the rapture of the Church and the rise of Antichrist has captured the imaginations of millions. This gripping, but fictional, story dramatizes a widely accepted view of Revelation's mysterious prophecies, and how earth's last days might be fulfilled. But could these bestsellers about missing people also be missing important Bible truths? Truth Left Behind, by Steve Wohlberg, has a clear purpose: to take a closer look at what the Bible really says about the Rapture, the Tribulation, The Antichrist and his deadly mark (Revelation 14:9, 14). What's true about The Rapture? What's false? According to the author, when it comes to understanding God's truth, we cannot afford to be "left behind"!
