A look at the mythic, archetypal, and transformational aspects of Snake • Explores how and why Snake was transformed from esteemed advisor and guardian of ancient wisdom to a symbol of deception and evil • Examines Snake's healing powers, its role in awakening kundalini, and its connections to dreams, shamanism, alchemy, and the Goddess • Shares transformational stories and practical ways that Snake can help us travel through the imaginal realm, gather treasure from the psyche, and shed outgrown aspects of self Entwined with human consciousness since prehistoric times, Snake has always been associated with transformation--from the shedding of its skin to the rising of kundalini energy. In ancient times, Snake served as protector and advisor to gods, goddesses, and royalty. But with the story of Adam and Eve, Snake became the enemy--a tempter and deceiver. How did this happen and why do humans continue to fear and vilify Snake? Inspired by a vivid dream of an immense snake that lost its tail, animal communicator Dawn Baumann Brunke investigates the interwoven history of Snake and humanity and explores how we can once again access Snake's wisdom and harness its powerful ability to heal, transform, and awaken. Uncovering ties between Snake and Goddess, the author demonstrates how both were systematically suppressed millennia ago with the spread of a patriarchal perspective that valued mastery over nature, God over Goddess. Brunke reveals how myths that originally extolled the virtues of Snake and Goddess were refashioned, recreating their images as debased and untrustworthy. She explores why snakes show up in shamanic journeys and transformational dreams and how their unique presence in our world can serve as catalysts of change, truth-telling, and enlightenment. Examining Snake's role in awakening human consciousness, Brunke considers the alchemical role of the serpent as well as Snake's connections to ancient healing, modern medicine, and even the DNA molecule. She shares psycho-activating stories to help trigger transformation and provide graceful movement through the chaos of change. And she offers practical techniques to journey with Snake through inner worlds, to shed confining aspects of self, and to integrate experiences more holistically. Brunke shows how we need to re-embrace the ancient power of Snake to better support our return to a more balanced consciousness--one that reunites nature with spirit, sacred masculine with sacred feminine--as we strive for global change and personal awakening.

Essential Chakra Meditation

A tantric massage practice for awakening and enhancing women's innate sensual, emotional, and spiritual energies

- Provides emotional healing by releasing traumatic memories stored in the yoni
- Includes exercises that use sexual energy to cleanse and stimulate the chakras
- Empowers women to draw strength and radiant vitality from the restored connection to their innermost core

"Yoni" is the Sanskrit word for the female genitalia, describing not only the anatomy but also encompassing the energetic and spiritual dimensions. While a yoni massage offers women the opportunity to enhance their sexuality, Michaela Riedl shows that the effects of this practice are much more profound and have ramifications affecting every area of life. Long held inhibitions in the West about sexuality and the shame and guilt associated with the sexual zones of the body have created deep-seated barriers that prevent individuals from fully expressing themselves. The practices provided in *Yoni Massage* are designed to allow women to overcome these barriers and reconnect to their innermost core and deepest feminine nature. Yoni massage is not simply a hands-on technique but involves the conscious direction of energy throughout the body through deep breathing and visualization. It provides women the

ability to cleanse and energetically stimulate the chakras as well as achieve emotional healing by releasing the traumatic pain that often becomes seated in the yoni. The author explains that the relegation of this important spiritual and energetic center to a "private part" hinders the process of enlightenment. Once women are able to be in touch with their yoni energy, their connection to the entire web of life is restored to its rightful place.

Inner Alchemy

A new edition of the bestseller • The first book to reveal in the West the Taoist techniques that enable women to cultivate and enhance their sexual energy • Reveals Taoist secrets for shortening menstruation, reducing cramps, and compressing more chi into the ovaries for greater sexual power • Teaches the practice of total body orgasm For thousands of years the sexual principles and techniques presented here were taught by Taoist masters in secret only to a small number of people (sworn to silence), in the royal courts and esoteric circles of China. This is the first book to make this ancient knowledge available to the West. The foundation of healing love is the cultivation, transformation, and circulation of sexual energy, known as jing. Jing energy is creative, generative energy that is vital for the development of chi (vital life-force energy) and shen (spiritual energy), which enables higher practices of spiritual development. Jing is produced in the sexual organs, and it is energy women lose continually through menstruation and child bearing. Mantak Chia teaches powerful techniques developed by Taoist masters for the conservation of jing and how it is used to revitalize women's physical, mental, and spiritual well-being. Among the many benefits conferred by these practices are a reduction in the discomfort caused by menstruation and the ability to attain full-body orgasm.

Awakening the Ancient Power of Snake

A guide to working with the chakras to heal emotional wounds, release physical tensions, explore psychic abilities, and awaken spiritual energies

- Explores each chakra on the physical, psychological, psychic, and spiritual level and explains how the chakras can be understood as an embodied map of the psyche, linked with different stages of development
- Details the author's system of Chakra Therapy, which integrates healing touch with chakra visualizations
- Offers practical exercises to nourish and support each chakra as well as practices for daily chakra maintenance

In this in-depth guide to working with the chakras, author Glen Park draws on her decades of experience as a Chakra Therapist to explain how the chakras can be understood as an embodied map of the psyche, with each chakra representing a different stage of development from infancy and childhood through adulthood, with the Heart Chakra playing a central role in awakening the spiritual potential of the upper chakras. She examines each chakra individually on the physical, psychological, psychic, and spiritual level, as well as through the lens of the solar (masculine) and lunar (feminine) channels. She shows how the connections between the chakras and developmental stages are paralleled in the findings of Western psychology and neuroscience and how our collective expressions of the chakras influence cultural trends in society. The author's system of Chakra Therapy integrates healing touch with guided chakra visualizations, offering practical exercises to nourish and balance each chakra so it can be integrated and in harmony with the entire chakra system. She explores how to work with the Heart Chakra for deep transformation and self-healing, including healing emotional wounds from childhood and enabling the psychic and spiritual levels of the Throat and Eye Chakras to develop, with the potential of opening to the divine realm of the Crown Chakra. Sharing case studies from her Chakra Therapy practice, she shows how we gain a richer understanding of ourselves both mentally and physically by working with the chakras, opening ourselves to the potential for deep soul growth and transformation.

Dark Light Consciousness

The Little Book of Aura Healing

What if you were reborn in this moment completely free from the voice of fear, negativity, or doubt? And what if, instead, you found yourself filled with deep love, joy, and gratitude for all of life? How would you create your life from this place of freedom and happiness? How would you experience yourself and life from this feeling of unconditional love? The keys to awakening this heavenly realm within are available to everyone, but require a journey inward to the most essential part of yourself; your heart and soul. Though it requires effort to embark on this path of awakening, it is not the effort of doing more, or trying to become something greater than what you already are. Instead, it is the effort of letting go—letting go of fear, and letting go of the false self that has been constructed in the mind over the course of a lifetime. The path to spiritual liberation requires honest self reflection, inward investigation, and a desire to know the truth of who you are beyond the limitations of your mind, emotions, and body. Our purpose on the planet is to remember and reawaken to the truth of who we are; that of unconditional love, peace, and joy. The loving energy that we are is ever changing, evolving, and expanding, and cannot fully be grasped nor contained within the limited confines of the mind. The suffering that many people experience in life, and the collective dysfunction perpetuating much of the pain and destruction on the planet at this time, is the result of a deep forgetfulness of our Being, of who we are in our essence. This is my story of stepping out of the mind-made reality of the ego, and directly experiencing the greater reality existing within and all around us. This is a story of the magic, grace, and healing that has accompanied my awakening process, uncovering more of my true nature. The first part of the book is my personal journey, while the following chapters serve as a guide for the awakening and healing journey for anyone who desires to live in greater connection and happiness. Though the scope of this book may seem

ambitious, covering such a wide array of topics relating to the mind, emotions, and body, I feel that this is the most balanced approach to spiritual awakening. The reason is that the journey of awakening and healing is truly a holistic process, where each part of our human experience profoundly effects and shapes all other parts of the self. By learning to integrate back into wholeness on every level, we grow and evolve in a balanced way. The holistic approach also creates a solid foundation to begin creating a new reality for oneself, a reality that is filled with infinite potential for peace, happiness, and well-being. May these words inspire and awaken the memory more fully within you of a greater reality, and of your true nature.

The Multi-Orgasmic Woman

How to awaken the Ureaus--the serpent power of spiritual transcendence within each of us--and connect to the superconscious of the universe • Reveals the biochemistry of how the body's melanin provides the template for the subtle energy body or light body • Shows how embracing the dark light consciousness of the awakened Ureaus opens a portal to the sacred darkness of the superconscious • Provides illustrated instructions for meditation practices, breathing exercises, and yoga postures to safely awaken Ureaus/Kundalini energy Within each of us lies the potential to activate a personal connection to the superconscious. Called "Ureaus" in ancient Egyptian texts and "Kundalini" in ancient Hindu yoga traditions, our innate serpent power of spiritual transcendence inhabits the base of the spine in its dormant state. When awakened, it unfurls along the spinal column to the brain, connecting individual consciousness to the consciousness of the universe enfolded within the dark matter of space. At the root of creativity and spiritual genius across innumerable cultures and civilizations, this intelligent force reveals portals that enfold time, space, and the luminous matrix of reality itself. Combining physics, neuroscience, and biochemistry with ancient traditions from Africa and India, Edward Bruce Bynum, Ph.D., explores the ancient Egyptian science of the Ureaus and reveals how it is intimately connected to dark matter and to melanin, a light-sensitive, energy-conducting substance found in the brain, nervous system, and organs of all higher life-forms. He explains how the dark light of melanin serves as the biochemical infrastructure for the subtle energy body, just as dark matter, together with gravity, holds the galaxies and constellations together. With illustrated instructions, he shows how to safely awaken and stabilize the spiritual energy of the Ureaus through meditation practices, breathing exercises, and yoga postures as well as how to prepare the subtle body for transdimensional soul travel. By embracing the dark light of the shining serpent within, we overcome our collective fear of the vast living darkness without. By embracing the dark, we transcend reality to the dimension of light.

Simple Chi Kung

"Just as an open hand is hidden within a fist, our true nature, with its innate capacities for happiness, love, and wisdom, is hidden within our pain and numbness. Just as we can open a fist to reveal a hand, our unbound, unconstructed being can emerge from our pain and breathe again." —Dr. Judith Blackstone, *Trauma and the Unbound Body* Heal trauma. Reclaim your body. Live with wholeness. These are the gifts of utilizing the power of fundamental consciousness—a subtle field of awareness that lies within each of us. In *Trauma and the Unbound Body*, Dr. Judith Blackstone explores how we can resolve the mental, physical, and emotional struggles of trauma through the power of fundamental consciousness. Dr. Blackstone weaves her 30-plus years of psychotherapy practice to present a simple yet revolutionary approach to healing trauma. She writes, "All of the constrictions in our fascia (the connective tissue surrounding muscles and organs) are moments of our past that we have stopped in their tracks and held in that way, unconsciously. They are frozen moments of our past." *Trauma and the Unbound Body* explains how and why the body constricts in response to trauma, causing physical and emotional pain. Dr. Blackstone guides us through step-by-step processes to unwind those constrictions by attuning to fundamental consciousness, setting the body free of trauma once and for all by uncovering an unbreakable, unified ground of being. In *Trauma and the Unbound Body*, Dr. Blackstone discusses: ? The five main purposes for bodily constriction—and how to release them to return to wholeness ? How to inhabit the body as fundamental consciousness to liberate trauma-based constrictions ? The Realization Process—a meditative practice for embodied spiritual awakening ? Discovering the unified ground of being within the body that enables lasting change

Energy Balance Through the Tao

Energetic massage techniques that dispel negative emotions, relieve stress, and strengthen the senses, internal organs, and nervous system • Shows how Chi Massage employs one's own internal energy to promote rejuvenation • Presents Chi Massage techniques for every organ and bodily system • Provides a daily practice routine that requires only 5 to 10 minutes to complete The Western concept of massage primarily concerns muscle manipulation. In the practice of Chi Massage, internal energy, or Chi, is manipulated to strengthen and rejuvenate the sense organs--eyes, ears, nose, tongue, teeth, and skin--and the internal organs. The Taoist techniques in this practice are more than 5,000 years old and, until very recently, were closely guarded secrets passed down from master to student with each master often knowing only a small part of the complete method. In *Chi Self-Massage* Master Mantak Chia pieces together the entire system of Chi Massage into a logical routine, revealing the methods used by Taoist masters to maintain their youthfulness. He explains the energetic theory behind Chi Massage and how negative emotions affect the organs and nervous system. By practicing the

exercises outlined and following the daily routine that requires only 5 to 10 minutes to complete, readers can strengthen their senses--most notably vision, hearing, and taste--detoxify their internal organs and glands, help control negative emotions, relieve stress and constipation, and improve their complexion, teeth and gums, and overall stamina.

Chakras Made Easy

Taoist techniques for replenishing our internal energy with universal cosmic energy • Shows how to transform excess sexual energy (Ching Chi) into self-healing energy • Presents advanced Cosmic Healing Chi Kung practices, which gather the limitless resources of Cosmic Chi for healing • Explains how opening of the three tan tiens to the six directions allows personal consciousness to connect directly to higher sources of energy Taoists consider our sexual energy to be the creative force that we can use to regenerate the body's internal energy, but we must learn how to harness excess sexual energy and transform it into chi, or life-force energy. When we circulate the sexual energy in the Microcosmic Orbit--a continuous energy loop that runs up the spine and down the front of the body--we transform it into self-healing energy that can be stored in the organs and the three tan tiens: energy centers in the brain, the heart center, and the lower abdomen. The Alchemy of Sexual Energy builds upon Microcosmic Orbit practices discussed in Healing Light of the Tao. The more we open the flow of our internal energy the more capable we are of connecting to the cosmic energy that exists outside ourselves in the universe. By learning to open the three tan tiens to the six directions, the Taoist practitioner combines mind power with extension of chi to draw cosmic energy into the body. This energy, too, can be stored in the three tan tiens and used as needed for healing. When we learn to flow in this way with the energy of the Tao, life ceases to be a struggle.

Healing Light of the Tao

Written for both lay readers and practitioners, Awaken to Healing Fragrance is divided into three parts structured around the past, present, and future of aromatherapy. The book begins with profiles of prominent female historical figures—from Cleopatra to Elizabeth I—known to have used essential oils for mind, body, and spiritual health. Part two explains the value of aromatherapy today: modern methods for using essential oils—from relaxation practices like massage and facials to treating common conditions like PMS, stress, and a sore throat—and describes how and why they work. Also featured are case studies, research on anti-infectious qualities of the oils, and a section on psychoneuroimmunology that shows how essential oils can help restore the mind-body-spirit connection and create balance. Awaken to Healing Fragrance concludes by exploring the future of essential oil therapy and how it can be integrated into traditional medical systems. Jones discusses energetic medicine, creating aromatic gardens, and establishing integrative medicine clinics where doctors trained in Western medicine would collaborate with alternative therapists such as acupuncturists, nutritionists, and aromatherapists to bring a new consciousness and sense of well-being to healthcare.

Earth Qi Gong for Women

An introduction to the ancient Kung Fu practice designed to unify physical, mental, and spiritual health

- Describes the unique Iron Shirt air-packing techniques that protect vital organs from injuries
- Explains the rooting practice exercises necessary to stabilize and center oneself
- Includes guidelines for building an Iron Shirt Chi Kung daily practice

Long before the advent of firearms, Iron Shirt Chi Kung, a form of Kung Fu, built powerful bodies able to withstand hand-to-hand combat. Even then, however, martial use was only one aspect of Iron Shirt Chi Kung, and today its other aspects remain vitally significant for anyone seeking better health, a sound mind, and spiritual growth. In Iron Shirt Chi Kung Master Mantak Chia introduces this ancient practice that strengthens the internal organs, establishes roots to the earth's energy, and unifies physical, mental, and spiritual health. Through a unique system of breathing exercises, he demonstrates how to permanently pack concentrated air into the connective tissues (the fascia) surrounding vital organs, making them nearly impervious to injuries--a great benefit to athletes and other performers. He shows readers how once they root themselves in the earth they can direct its gravitational and healing power throughout their bone structure. Additionally, Master Chia presents postural forms, muscle-tendon meridians, and guidelines for developing a daily practice routine. After becoming rooted and responsive, practitioners of Iron Shirt Chi Kung can then focus on higher spiritual work.

Kundalini Awakening

The guide to engaging and directing the three primordial forces of Earth, Heaven, and Higher Self to achieve enlightenment and immortality

- Explains how to circulate the life force, or chi, by balancing yang (male) and yin (female) currents of bioenergy
- Includes an overview of the complete Taoist body/mind/spirit system along with newly refined methods of activating the life force
- The sequel to the classic Awaken Healing Energy Through the Tao In 1983, Mantak Chia introduced the "Microcosmic Orbit" to the West. Prior to that time, most of the Eastern energy practices transmitted to the West were incomplete, dealing only with the ascending yang/masculine channel, which shoots life-force energy up the spine. The Microcosmic Orbit showed practitioners how to establish the descending yin/feminine channel of the life-force energy loop. Within Taoist systems, cultivating feminine energy has always been seen as the key to gaining balance and wholeness. Healing Light of the Tao presents the more advanced methods of chi cultivation in the Microcosmic Orbit, offering a full understanding of Taoist spiritual theory through its comprehensive overview of the complete Taoist body/mind/spirit system. The book also includes more advanced meditation methods for absorbing the higher frequencies of Earth Force, Cosmic Force, and Universal Force (Heavenly chi) into the basic orbit. It establishes a spiritual science that not only emphasizes practical benefits to health, sexual vitality, and emotional balance, but also shows how changes made in the energy body can lead to physical rejuvenation that the Taoists called immortality.

Awaken to Healing Fragrance

A guide to the foundational practice of "smiling to the organs" to promote deep relaxation and internal health • Presents exercises that dissolve the physical and mental tensions that can cause energy blockages and unhealthy chi flow • Shows how to recognize illness at its inception on the organ level and how to balance the emotions to heal it The Inner Smile is a practice that focuses gratitude and joy on the internal organs to resolve the physical and mental tensions that can lead to illness. In Taoism negative emotions--anger, sadness, depression, fear, and worry--are seen as low-grade energy that causes chronic disease and steals our major life force by creating energy blockages. Master Mantak Chia shows that the internal awareness produced by the simple yet powerful Inner Smile meditation practice flushes the organs of poisonous negative energy that may be blocking chi energy flow in order to nourish the entire body. Just as a genuine outer smile transmits positive energy and has the power to warm and heal, an inner smile produces a high grade of energy that promotes powerful internal healing, deep relaxation, happiness, and longevity. Smiling to the organs and thanking them for the work they do helps to reawaken the intelligence of the body, which, once activated, can dissipate emotional imbalances and inner disharmony before serious illness manifests.
