Jumping Spider Tea Party Coloring Book

Read the New York Times bestseller that has taken the world by storm In this "charming debut" (People) from one of Sweden's most successful authors, a grumpy yet loveable man finds his solitary world turned on its head when a boisterous young family moves in next door. Meet Ove. He's a curmudgeon--the kind of man who points at people he dislikes as if they were burglars caught outside his bedroom window. He has staunch principles, strict routines, and a short fuse. People call him "the bitter neighbor from hell." But must Ove be bitter just because he doesn't walk around with a smile plastered to his face all the time? Behind the cranky exterior there is a story and a sadness. So when one November morning a chatty young couple with two chatty young daughters move in next door and accidentally flatten Ove's mailbox, it is the lead-in to a comical and heartwarming tale of unkempt cats, unexpected friendship, and the ancient art of backing up a U-Haul. All of which will change one cranky old man and a local residents' association to their very foundations. A feel-good story in the spirit of The Unlikely Pilgrimage of Harold Fry and Major Pettigrew's Last Stand, Fredrik Backman's novel about the angry old man next door is a thoughtful exploration of the profound impact one life has on countless others. "If there was an award for 'Most Charming Book of the Year, ' this first novel by a Swedish blogger-turned-overnight-sensation would win hands down" (Booklist, starred review).

Choose Joy Creative Devotional

Welcome to the Symmetrical Universe Spaceship and Steampunk coloring book! I hope you enjoy contemplating and coloring these complex images inspired by science fiction. I drew every image in this book with pen and ink on 14x17 paper. My drawings are all done by hand, using fine tipped Rapidograph pens. The way my process works is first I use a ruler and a compass to generate a pencil line grid. Once the grid is in place I then draw the designs in ink. The images are randomly generated and sometimes change significantly during the process of creating them. The drawings are created by drawing one symmetrical feature at a time, much like growing a crystal. These drawings are inspired by my interest in science fiction and machinery. My drawings are also expressions of the inherent beauty found in symmetrical structures. I began drawing mandalas while attending Indian Springs School in Helena, Alabama in the 1970s. My first mandala drawings began as simple experiments requiring a few hours to design. This eventually led to the more complex designs which required 80 to 100 hours to complete. Some drawings are abstract geometrical designs. In others, I have tried to incorporate archetypical symbols and shapes similar to Rorschach patterns which may invoke a variety of conceptualizations to viewers of my artwork. In this book, each section includes an original drawing which may be too detailed to color. The following pages are all more detailed images of sections of each drawing for you to enjoy and color. If you are interested in coloring an original drawing in the original size, order a print from www.symmetricaluniverse.com. To get the most out of this book, I recommend using colored pencils, fine-point markers, or gel pens. Before you color on one of the drawings,

use the test page on the very last page of this book to test your coloring pencils, pens, and erasers. Check to see if your pencils or pens look nice on the paper and make sure they don't bleed through to the back. To see more of my drawings, visit my webpage at www.symmetricaluniverse.com. You may order prints of any of my drawings in a variety of sizes. You may also order my other coloring book on mandalas and symmetrical designs. Sign up for my newsletter to get updates about new drawings, new coloring books, and a schedule of my art shows. Thank you for ordering this book. I hope you enjoy it!

Note: this is a 5.5" x 8.5" (13.97 x 21.59 cm) size coloring book, similar to A5 padfolio size; perfect for purses, briefcases, backpacks. "Take it offline," "Let's get the ball rolling," "Ping me," and of course, "synergy." These are just some of the worst clichés that have come out of corporate America. It's a known fact that prolonged exposure to these office sayings can lead to increased eye-rolling, annoyance and strain of the facial muscles from too much fake smiling when hearing these from your manager. To combat this, we've created this corporate clichés adult coloring book as much needed stress therapy; a fun, passive-aggressive way to take out your angst against these ridiculous office sayings that have taken over your meetings, memos and emails from your company's higher ups. We've taken 19 of the most annoying corporate clichés and translated them into hilarious, literal translations that you can color and poke fun at. Most are even workplace friendly so you can hang them on your wall without your manager giving you the stink eye (well, depending on where you work hmmm time for the disclaimer: we make no promises on whether you'll get the stink eye if you pin pages of this book to your office / cubicle wall, so you assume the risk on that!). ***Benefits*** -We've taken 19 of the most ridiculous corporate clichés that have ended up on top business publications' "must stop using list" and translated them into hilarious, literal representations. -5.5" x 8.5" (13.97 x 21.59 cm) similar to A5 padfolio size; perfect for purses, briefcases, backpacks. -The perfect birthday, stocking stuffer, white elephant, secret Santa, gift for a co-worker, friend or loved one who has to suffer thru these clichés on a daily basis. -Studies have shown that adult coloring books are perfect stress therapy. We even consulted with a few therapists who confirmed this. And let's face it, hearing corporate clichés over and over is not fun! But what is fun is poking fun at them in a passive-aggressive way that can relieve stress! -Unlike most coloring books, each illustration is a carefully crafted theme, tied to a specific cliché and not simply random patterns. -Coloring book images are only on one side of the page (we didn't double dip!). -But not to waste the space, we put some fun stuff on the reverse side of each page: a corporate-speak definition, fun trivia and a hashtag on so you can post pictures of your artwork on social media. -We even included a fun all-occasion gift checklist inside the cover so you don't have to buy a separate gift card. You can be cheap and environmentally friendly at the same time!
