### **Hymns, Ode and Discourses**

**Discourses upon Cornelius Tacitus. Translated into English by Sir. R. Baker**

**The Natural Truth of Christianity: Selections from the "Select Discourses" of John Smith, M.A.**

**Discourses on the Christian Spirit and Life. Second edition revised, with an introduction**

### **Discourses on the lord's prayer**

St. Symeon (942-1022), abbot, spiritual director, theologian and church reformer, was the great spiritual master of Eastern Christianity. His Discourses, the central work of his life, were preached to his monks during their Matins ritual.

### **Discourses on the Bhagavat Gita**

**Discourses on the Application of Christianity to the Commercial and Ordinary Affairs of Life**

## **Discourses addressed to mixed congregations**

The work of Jean-Jacques Rousseau is presented in two volumes, which together form the most comprehensive anthology of Rousseau's political writings in English. Volume I contains the earlier writings such as the First and Second Discourses. The American and French Revolutions were profoundly affected by Rousseau's writing, thus illustrating the scope of his influence. Volume II contains the later writings such as the Social Contract. The Social Contract was publicly condemned on publication causing Rousseau to flee. In exile he wrote both autobiographical and political works. These volumes contain comprehensive introductions, chronologies, and guides to further reading, and will enable students to fully understand the writings of one of the world's greatest thinkers.

**Journal of discourses. By B. Young [and others].  
Reported by G.D. Watt [and others].**

**The Discourses**

**The Social Contract**

### **Practical Discourses On All the Parts and Offices Of The Liturgy Of The Church of England**

#### **Discourses of Difference**

Dryzek provides an accessible introduction to thinking about the environment by looking at the language used to discuss environmental issues. He looks at various approaches which have dominated environmental issues, from faith in unlimited economic growth to radical green politics, and concludes with a plea for ecological democracy.

#### **The Mystery of Growth, and Other Discourses**

**Casuistry and Conscience. Two discourses [on Rom. xiv. 23].**

#### **Youthful Developement; or discourses to youth, classified according to character**

First published in 1993. Routledge is an imprint of Taylor & Francis, an informa company.

The study of jazz comes of age with this anthology. One of the first books to consider jazz outside of established critical modes, *Jazz Among the Discourses* brings together scholars from an array of

## Free Reading Discourses

disciplines to question and revise conventional methods of writing and thinking about jazz. Challenging "official jazz histories," the contributors to this volume view jazz through the lenses of comparative literature; African American studies; music, film, and communication theory; English literature; American studies; history; and philosophy. With uncommon rigor and imagination, their essays probe the influence of various discourses--journalism, scholarship, politics, oral history, and entertainment--on writing about jazz. Employing modes of criticism and theory that have transformed study in the humanities, they address questions seldom if ever raised in jazz writing: What are the implications of building jazz history around the medium of the phonograph record? Why did jazz writers first make the claim that jazz is an art? How is an African American aesthetic articulated through the music? What are the consequences of the interaction between the critic and the jazz artist? How does the improvising artist navigate between chaos and discipline? Along with its companion volume, *Representing Jazz*, this versatile anthology marks the arrival of jazz studies as a mature, intellectually independent discipline. Its rethinking of conventional jazz discourse will further strengthen the position of jazz studies within the academy. Contributors. John Corbett, Steven B. Elworth, Krin Gabbard, Bernard Gendron, William Howland Kenney, Eric Lott, Nathaniel Mackey, Burton Peretti, Ronald M. Radano, Jed Rasula, Lorenzo Thomas, Robert Walser

### **The Gospel of St. John**

#### **Two Discourses**

Discourses on Livy is the founding document of modern republicanism, and Harvey C. Mansfield and Nathan Tarcov have provided the definitive English translation of this classic work.

## Free Reading Discourses

Faithful to the original Italian text, properly attentive to Machiavelli's idiom and subtlety of thought, it is eminently readable. With a substantial introduction, extensive explanatory notes, a glossary of key words, and an annotated index, the Discourses reveals Machiavelli's radical vision of a new science of politics, a vision of "new modes and orders" that continue to shape the modern ethos. "[Machiavelli] found in Livy the means to inspire scholars for five centuries. Within the Discourses, often hidden and sometimes unintended by their author, lie the seeds of modern political thought. . . . [Mansfield and Tarcov's] translation is careful and idiomatic."—Peter Stothard, *The Times* "Translated with painstaking accuracy—but also great readability."—*Weekly Standard* "A model of contemporary scholarship and a brave effort at Machiavelli translation that allows the great Florentine to speak in his own voice."—Choice

### **Discourses. Unitarian Church, Newhall Hill, Birmingham**

This book engages with politics and political discourse that relate to and qualify immigration in Europe. It brings together empirical analysis of immigration both topically and contextually, and interprets such empirical evidence with the use of policy and discursive analyses as methodological tools. Thematically, this volume focuses on how discourse and politics operate in issue areas as varied as immigrant integration and multilevel governance, Roma immigration and their respective securitization, the uses of language in determination of asylum applications, gendered immigrants in informal economy, perceptions of integration by the migrants, economic interests and economic nationalism stimulating immigration choices, ideology and entry policies, and asylum processes and the institutional evolution of immigration systems. These issues are analyzed with empirical evidence investigating the

discursive formulation of immigration systems in political contexts such as the Netherlands, France, United Kingdom, Turkey, Switzerland, Scandinavian states, and Finland.

### **Certain Tragical Discourses of Bandello**

### **Arabic Translation Across Discourses**

A rare contribution to global translation as a ‘cross-cultural-open-concept’, Arabic Translation Across Discourses provides explorations of Arabic translation as an instance of transcultural and translingual encounters (transculturalizing). This book examines the application and interrogation of discourses of translation in the translation of discourses (religion, literature, media, politics, technology, community, audiovisual, and automated systems of communication for translation). The contributors provide insights into the concerns and debates of Arabic translation as a tradition with local, yet global dimensions of translation and intercultural studies. This volume will be of great interest to students and researchers of all translation studies, but will also provide a rich source for those studying and researching history, geopolitics, intercultural studies, globalization, and allied disciplines.
