Light for Visual Artists is the first book to look at the way light can be used to create realistic and fantastical effects in a wide range of visual media. It is a valuable resource for animators, digital illustrators, painters, photographers, and artists working in any medium. Clearly written by a practicing illustrator, this book is essential reading for both students and professional artists.

Couture Unfolded

Creating Couture Embellishment offers a step-by-step guide to manipulating fabric and making and applying a rich variety of embellishments. Chapters cover fabric-manipulation techniques of pleating, quilting, tucking, ruffling, shirring and smocking, as well as the fabrication and application of feathers, beading, embroidery, flowers, decorative ribbons and bows, bias bindings and piping, fringe, braids and passementerie. The heirloom quality created by the insertion or application of lace is also explored. A comprehensive sourcebook of ideas for the student, professional and home sewer alike.

Fashion Moulage Technique

This easily navigable resource provides over 125 swatches of the most recognized and widely used varieties of fabric, including natural fabrics such as cottons, silks, wools, and linens as well as artificial and synthetic fabrics like acetates, lycells, nylons, and metallics to encourage consideration of not just the aesthetic appeal of various fabrics but also their structure, feel,

and weight. Bound into a hardcover book, with descriptions and contextual illustrations alongside them, the fabrics are in their raw state, before bleaching, dying, or finishing, so that their properties can be observed without the distraction of color or pattern. With information on fibers, basic construction of fabrics, weights, construction, and weave comparison, the book will help student fashion designers to make informed textile choices based upon an understanding of raw materials together with the processes that make up a fabric. A useful glossary defines key terminology. The book will be useful for anyone who works with fabrics and is the ideal companion to the Fabric for Fashion book.

Art of draping

Draping is the art of manipulating fabric directly on the dress form. It is the most creative way for a designer to turn design ideas into reality. Start by learning the basics, including how to use a dress form and how to prepare the muslin for draping. You will then move on to learn how to drape basic bodices, including a range of darts and necklines, and also basic skirts, and finally dresses. Each lesson in the book is illustrated in meticulous detail in a series of step-by-step photographs accompanied by photos from the runway.

Nordic Wilderness

This classic pattern making text provides clear and detailed instructions for creating dresses and their components - from skirts and bodices to sleeves and collars.

Draping: The Complete Course

Introduction to Educational Research

Pattern Magic Stretch Fabrics is the third in the series of cult Japanese pattern making books, now translated into English. The new volume looks at working with stretch and jersey fabric. Material that stretches lengthways or sideways can be magical in itself. This book takes the special qualities of jersey and stretch fabrics and uses them to create stunning, sculptural designs. In two parts, the book shows how to work with stretch fabrics and how to cut patterns that exploit their properties with truly original results. The book is accompanied by a basic paper pattern block.

The Art of Fashion Draping

Folds are currently on the rise at the moment and this book shows how to manipulate and finish them in order to obtain that personal touch so crucial in the world of fashion. Working from the simplest possible form, the book addresses all major dimensional techniques, shows how they are related and give examples of both traditional and modern variations. This book can be considered as an encyclopaedia of folding techniques, explaining step by step the world of folds and how to apply them in practice. The explanations and diagrams about the different types of pleating are very clear and easy to follow, showing the stages of construction and the finished garments. This title includes an analysis of the use of folds in fashion throughout history and also a helpful tutorial using 30 examples from some of the most innovative and avant-garde designers in fashion today. AUTHOR: Brunella Giannangeli, Venezuelan of Italian origin, studied in the United States, where she graduated as a graphic

designer at the Art Institute of Fort Lauderdale. In 2009 she moved to Madrid to study a Masters in Textile and Surfaces Design at the IED Design School. Currently, Brunella lives in London, where she created her own collection of fabrics and prints for various clients in the fashion and interior design sectors. For the realisation of this book Brunella has collaborated with the Spanish dressmaker Maria Molina. fully illustrated in colour

Fashion Design Essentials

Draping is a technique that involves working with fabric directly on the mannequin. This publication is a practical step by step guide for students and fashion professionals who want to delve deeper into this technique used by big industry names. In this process, creative freedom plays a more important and less rigid role than patterns and drawings on paper do.

The Art of Couture Sewing

A vegetable garden is not an option for everyone, and so container growing has become a desirable option for people with little outside space. Many have discovered the love of growing houseplants and want to take their skills to another level; others are inspired by the idea of growing their own food organically and sustainably. The book covers all the essentials of growing a range of edible plants in pots, and meeting each crop's specific needs. Author Claire Ratinon brings her urban food growing expertise to this popular subject, in a book designed to appeal to new gardeners and anyone who would like to take on the rewarding challenge of growing their own dinner, even if they've only got a window box or balcony to work with.

Creating Couture Embellishment

Drape Drape 2 is the follow-up to the cult Japanese draping book Drape Drape and the latest in the new series from Bunka Fashion College. Includes 14 stylish contemporary designs for tops, dresses, skirts, vests, and jackets, with easy-to-follow step-by-step instructions and diagrams that skilfully guide the reader through the draping process. With two full-scale patterns at the back, this book provides exciting design ideas and highly practical techniques for readers looking to continue exploring the art of draping.

Drape Drape 2

Their Eyes Were Watching God is a 1937 novel by African-American writer Zora Neale Hurston. It is considered a classic of the Harlem Renaissance of the 1920s, and it is likely Hurston's best known work.

Fabric for Fashion

Draping – the art of using calico to create womenswear directly on a mannequin – is an essential skill for fashion designers. Through a series of step-by-step projects, designed to develop skills from the most basic to more advanced techniques, this book will guide you in creating both classic and contemporary garments, as well as historical styles and costumes. Draping projects include dresses, corsets and jackets, and highlight key fashion garments such as Audrey Hepburn's dress from *Breakfast at Tiffany's* and the Dolce & Gabbana tuxedo jacket. Starting with the basics of choosing and preparing the mannequin for draping, the book advances through pinning, trimming and clipping, and creating shape using darts and tucks, to adding volume using pleats and gathers, and handling complex curves. Advanced skills include how to use support elements such as shoulder pads, under layers and petticoats, and how to handle bias draping. The book culminates with a chapter on improvisational skills. Each skill and technique throughout the book is explained with step-by-step photographs and line drawings that bring the art of creating womenswear in three dimensions to life.

How to Grow Your Dinner

The Art of Couture Sewing is a practical guide to custom techniques in the construction of couture garments. The design of lingerie is often seen as a mystery, even by professionals working in other sectors of the fashion industry. This book explains the processes at work and the many unexpected influences that inform the choice of color, silhouettes, and decoration. The book documents the rise of the deluxe lingerie brand. This interest in luxury labels has led many young designers to choose lingerie as a creative outlet – conscious of fashion, but also with a clear view of their own 'lingerie world'. The book features the work of 30 lingerie designers from around the world, bringing out the individuality of each designer and providing a compelling insight into their working methods. Beautifully illustrated throughout, it presents inspirational images from the designers' collections alongside their sketches and mood boards. In this book, Pamela Powell takes a very practical approach, showing how to design and construct lingerie, sleepwear, and foundation garments. Step-by-step illustrations demonstrate the basic slopers and show how to manipulate them into different styles. Advice is given about how to work with the specialty fabrics used in the industry including woven, knit, power stretch, and bias-cut fabrics. Specially commissioned photographs and diagrams are used to showcase construction techniques specific to lingerie including boning, elastic, and lace insertion, and how and where to use the myriad of closures available. A final chapter on embellishment shows how to add unique and personal touches to garments and apply that luxurious finish.

Draping for Apparel Design

The third edition of Draping for Apparel Design combines Joseph-Armstrong's classic step-by-step instructions with a user-friendly layout. To show how to turn two-dimensional drawings into three-dimensional garments, the author presents the following three draping principles and techniques: manipulating dart excess, adding fullness, and contour draping. New and updated design projects illustrate how to prepare a draping plan. Design analyses identify the creative elements of each design and help determine draping techniques required to develop patterns. This text emphasizes the importance of draping foundation garments for building more complex designs. Designers will gain essential skills to creatively apply draping techniques to their own designs.

Light for Visual Artists

Lingerie Design

C'est à travers l'expérience d'un styliste-modéliste aguerri, Nils-Christian Ihlen-Hansen, que cet ouvrage traite de la difficile technique des drapés dans la culture vestimentaire de la mode occidentale. Jeux de transparences, mouvances des matières et du corps entrent dans le jeu subtil de cet exercice. Donnant au modélisme du vêtement ses lettres de noblesse, par sa technique de coupe, ses choix d'étoffes nobles et la dextérité qu'il demande, le drapé apporte au vêtement une notion d'oeuvre d'Art qui en fait un exercice de style prisé et magnifié par les grands noms de la mode.
