Multicultural Europe and Cultural Exchange in the Middle Ages and Renaissance

In the years before World War I, the great European powers were ruled by three first cousins: King George V, Kaiser Wilhelm II, and Tsar Nicholas II. Carter uses the cousins' correspondence and a host of historical sources to tell their tragicomic stories.

Divine Vengeance

From bestselling author David Nasaw, a sweeping new history of the one million refugees left behind in Germany after WWII In May 1945, German forces surrendered to the Allied powers, putting an end to World War II in Europe. But the aftershocks of global military conflict did not cease with the German capitulation. Millions of lost and homeless concentration camp survivors, POWs, slave laborers, political prisoners, and Nazi collaborators in flight from the Red Army overwhelmed Germany, a nation in ruins. British and American soldiers gathered the malnourished and desperate refugees and attempted to repatriate them. But after

Free Copy Europe On Trial The Story Of Collaboration Resistance And Retribution During World War II

exhaustive efforts, there remained more than a million displaced persons left behind in Germany: Jews, Poles, Estonians, Latvians, Lithuanians, Ukrainians, and other Eastern Europeans who refused to go home or had no homes to return to. The Last Million would spend the next three to five years in displaced persons camps, temporary homelands in exile, divided by nationality, with their own police forces, churches and synagogues, schools, newspapers, theaters, and infirmaries. The international community could not agree on the fate of the Last Million, and after a year of debate and inaction, the International Refugee Organization was created to resettle them in lands suffering from postwar labor shortages. But no nations were willing to accept the 200,000 to 250,000 Jewish men, women, and children who remained trapped in Germany. In 1948, the United States, among the last countries to accept refugees for resettlement, finally passed a displaced persons bill. With Cold War fears supplanting memories of World War II atrocities, the bill granted the vast majority of visas to those who were reliably anti-Communist, including thousands of former Nazi collaborators and war criminals, while severely limiting the entry of Jews, who were suspected of being Communist sympathizers or agents because they had been recent residents of Soviet-dominated Poland. Only after the controversial partition of Palestine and Israel's declaration of independence were the remaining Jewish survivors able to leave their displaced persons camps in Germany. A masterwork from acclaimed historian David Nasaw, *The Last Million* tells the gripping yet until now largely hidden story of postwar displacement and statelessness. By 1952, the Last Million were scattered around the world. As they crossed from their broken past into an unknowable future, they carried with them their wounds, their fears, their hope, and their secrets. Here for the first time, Nasaw illuminates their incredible history and, with

Free Copy Europe On Trial The Story Of Collaboration Resistance And Retribution During World War Ii

profound contemporary resonance, shows us that it is our history as well.

History of Europe During the Middle Ages

“Vonnegut is George Orwell, Dr. Caligari and Flash Gordon compounded into one writer . . . a zany but moral mad scientist.”—Time Mother Night is a daring challenge to our moral sense. American Howard W. Campbell, Jr., a spy during World War II, is now on trial in Israel as a Nazi war criminal. But is he really guilty? In this brilliant book rife with true gallows humor, Vonnegut turns black and white into a chilling shade of gray with a verdict that will haunt us all. “A great artist.”—Cincinnati Enquirer “A shaking up in the kaleidoscope of laughter . . . Reading Vonnegut is addictive!”—Commonweal

The Monthly Cumulative Book Index

History of Europe from the Fall of Napoleon in 1815 to the Accession of Louis Napoleon in 1852

Europe on Trial explores the history of collaboration, retribution, and resistance during World War II. These three themes are examined through the experiences of people and countries under German occupation, as well as Soviet, Italian, and other military rule. Those under

Free Copy Europe On Trial The Story Of Collaboration Resistance And Retribution During World War Ii

foreign rule faced innumerable moral and ethical dilemmas, including the question of whether to cooperate with their occupiers, try to survive the war without any political involvement, or risk their lives by becoming resisters. Many chose all three, depending on wartime conditions. Following the brutal war, the author discusses the purges of real or alleged war criminals and collaborators, through various acts of violence, deportations, and judicial proceedings at the Nuremberg International Military Tribunal as well as in thousands of local courts. Europe on Trial helps us to understand the many moral consequences both during and immediately following World War II.

A history of modern Europe

Contemporary criticism focuses on contested issues at the borders and in the interstices of cultures. Medieval and Early Modern European culture, previously conceived as monolithic, is now being reconceived as heterogeneous, a site of tensions, contest, accommodation, and subversion. The essays in this volume describe a Europe that is multicultural in fact, and trace the exchanges between cultural groups, subcultures and dominant cultures, and between individuals and the cultures that they inhabit. The critical works in this volume are drawn from a variety of disciplines: art history, literary studies, history and historiography, and cultural studies. A number are interdisciplinary, examining topics of cultural studies as diverse as fashion, rhetorical self-fashioning, and the history of architecture, all in the context of their surrounding context. A special strength of this volume is the visual impact of its three illustrated articles. These essays will appeal to all who see the importance of reconceiving European

Free Copy Europe On Trial The Story Of Collaboration Resistance And Retribution During World War Ii

history in terms of contemporary multicultural perspectives, as well as to those who are specially interested in medieval architecture, the history of fashion, French and English Renaissance literature, Hebraic studies, and medieval and Renaissance Mediterranean history.

Divine Vengeance weaves intrigue and drama through the accurate and volatile historical

Free Copy Europe On Trial The Story Of Collaboration Resistance And Retribution During World War II

events of the Cathar wars in thirteenth century France. A brutal massacre sponsored by the Pope. Brother Raimon cannot reconcile the dissonance between his faith and the violence. Nor can he rationalize his love for a Guilelma, a Cathar heretic. What starts as offering a helping hand, soon turns into organized aid for fleeing heretics. Now Raimon is captured attempting to sabotage the trebuchet Malvoisine, and he is to be burned at the stake along with 180 heretics and the woman he loves. Sadly the brutality of crusade leader Simon de Montfort is not contrived. The Cathar crusade was the first pogrom aimed at a Christian region. It led to the dark years of the Inquisition and set a concerning tone that influenced Western thought for centuries. Action, intrigue, geography, an era of history rife with contradictions, and an unrequited love. Join the adventure!

Trial

In December 1894, Captain Alfred Dreyfus, a brilliant French artillery officer and a Jew of Alsatian descent, was court-martialed for selling secrets to the German military attaché in Paris based on perjured testimony and trumped-up evidence. The sentence was military degradation and life imprisonment on Devil's Island, a hellhole off the coast of French Guiana. Five years

Free Copy Europe On Trial The Story Of Collaboration Resistance And Retribution During World War Ii

later, the case was overturned, and eventually Dreyfus was completely exonerated. Meanwhile, the Dreyfus Affair tore France apart, pitting Dreyfusards--committed to restoring freedom and honor to an innocent man convicted of a crime committed by another--against nationalists, anti-Semites, and militarists who preferred having an innocent man rot to exposing the crimes committed by ministers of war and the army's top brass in order to secure Dreyfus's conviction. Was the Dreyfus Affair merely another instance of the rise in France of a virulent form of anti-Semitism? In *Why the Dreyfus Affair Matters*, the acclaimed novelist draws upon his legal expertise to create a riveting account of the famously complex case, and to remind us of the interest each one of us has in the faithful execution of laws as the safeguard of our liberties and honor.

The Shortest History of Europe (Large Print 16pt)

The History of Modern Europe: pt. II. From the peace of Westphalia, in 1648, to the peace of Paris, in 1763

The controversial journalistic analysis of the mentality that fostered the Holocaust, from the author of *The Origins of Totalitarianism* Sparking a flurry of heated debate, Hannah Arendt's authoritative and stunning report on the trial of German Nazi leader Adolf Eichmann first appeared as a series of articles in *The New Yorker* in 1963. This revised edition includes

Free Copy Europe On Trial The Story Of Collaboration Resistance And Retribution During World War Ii

material that came to light after the trial, as well as Arendt's postscript directly addressing the controversy that arose over her account. A major journalistic triumph by an intellectual of singular influence, *Eichmann in Jerusalem* is as shocking as it is informative—an unflinching look at one of the most unsettling (and unsettled) issues of the twentieth century.

History of Europe

Beyond the witch trials provides an important collection of essays on the nature of witchcraft and magic in European society during the Enlightenment. The book is innovative not only because it pushes forward the study of witchcraft into the eighteenth century, but because it provides the reader with a challenging variety of different approaches and sources of information. The essays, which cover England, Netherlands, Spain, Italy, Germany, Scotland, Finland and Sweden, examine the experience of and attitudes towards witchcraft from both above and below. While they demonstrate the continued widespread fear of witches amongst the masses, they also provide a corrective to the notion that intellectual society lost interest in the question of witchcraft. While witchcraft prosecutions were comparatively rare by the mid-eighteenth century, the intellectual debate did not disappear; it either became more private or refocused on such issues as possession. The contributors come from different academic disciplines, and by borrowing from literary theory, archaeology and folklore they move beyond the usual historical perspectives and sources. They emphasise the importance of studying such themes as the aftermath of witch trials, the continued role of cunning-folk in society, and the nature of the witchcraft discourse in different social contexts. This book will be essential

Free Copy Europe On Trial The Story Of Collaboration Resistance And Retribution During World War Ii

reading for those interested in the decline of the European witch trials and the continued importance of witchcraft and magic during the Enlightenment. More generally it will appeal to those with a lively interest in the cultural history of the late seventeenth and eighteenth centuries. This is the first of a two-volume set of books looking at the phenomenon of witchcraft, magic and the occult in Europe since the seventeenth century.

Revising History in Communist Europe

Reading Trial: The Inside Story is like simultaneously watching a court case on TV and hearing the inner thoughts of the participants. "This case is going to take you on a journey into an

Free Copy Europe On Trial The Story Of Collaboration Resistance And Retribution During World War Ii

underground world."--Prosecutor Leemie Kahng "The burden of proof is always on the prosecution."--Defense Attorney Glen Garber Over one third of high school students don't know basic civics. Here is an exciting way to teach them America's system of justice. Susan Kuklin, whose nonfiction books for young readers have won many awards, gives readers the inside story of a dynamic contemporary court case and uses exclusive interviews with all the participants to explain what happened. Kuklin had unparalleled access to the prosecution, the defense, the judge, and even, after the case, the jury in a dramatic case involving a kidnapping ring in New York's Chinatown. First, the prosecution describes a plot in which hard men try to take advantage of defenseless immigrants, beat them and extort thousands of dollars from their impoverished families. Then the defense takes us behind the scenes of the shadowy deals struck in jail where criminals might turn on anyone to bargain for lighter sentences. In intimate interviews, Kuklin learns what motivates the tough Korean-immigrant prosecutor and the die-hard liberal defense attorney and uses every explosive courtroom exchange to clearly explain legal concepts such as hearsay evidence, leading witnesses, presumption of innocence and admissibility of evidence. With every twist and turn of the judge's rulings, readers will be on the edge of their seats, wondering who will win the case while simultaneously becoming their own legal experts. This engaging story of the law at work provides a hands-on way to learn about our courts and laws for young readers who stage mock trials at school or watch cases on TV.

Stories of Persons and Places in Europe

M J Levett's elegant translation of Theaetetus, first published in 1928, is here revised by Myles Burnyeat to reflect contemporary standards of accuracy while retaining the style, imagery, and idiomatic speech for which the Levett translation is unparalleled. Bernard Williams's concise introduction illuminates the powerful argument of this complex dialogue and illustrates its connections to contemporary metaphysical and epistemological concerns.

The New Central European Observer

Celebrated historian John Hirst offers a fascinating exploration of the qualities that made Europe a world-changing civilisation. The Shortest History of Europe begins with a rapid overview of European civilisation, describing its birth from an unlikely mixture of classical learning, Christianity and German warrior culture. Over the centuries, this unstable blend produced highly distinctive characters - pious knights and belligerent popes, romantics spouting folklore and revolutionaries imitating Rome - and its coming apart provided the dynamic of European history in modern times. Accompanied by lively illustrations, The Shortest History of Europe is a clear, humorous and thought-provoking account of a remarkable civilisation.

Medieval and Modern History

Those who define the past control the present. 'Revising History in Communist Europe' shows how the manipulation of history both empowered and weakened the communist regimes of post-World War Two Europe. It demonstrates how seismic events of the recent past reverberate in the understandings of the present, determining perceptions and decisions. With fresh analysis on the imposed communist definition of Hungary's 1956 uprising and its effects on the definition of the Prague Spring, this study will give readers a timely and penetrating insight into both landmark events.

Eichmann in Jerusalem

Free Copy Europe On Trial The Story Of Collaboration Resistance And Retribution During World War II

Witchcraft in Europe in Middle Ages and Early Modern Period was believed to be a combination of sorcery and heresy. While sorcery attempts to produce negative supernatural effects through formulas and rituals, heresy is the Christian contribution to witchcraft in which an individual makes a pact with the Devil. In addition, heresy denies witches the recognition of important Christian values such as baptism, salvation, Christ and sacraments. In Early Modern European tradition, witches were stereotypically, though not exclusively, women. European pagan belief in witchcraft was associated with the goddess Diana and dismissed as "diabolical fantasies" by medieval Christian authors. Witch-hunts first appeared in large numbers during the 14th and 15th centuries. It was commonly believed that individuals with power and prestige were involved in acts of witchcraft and even cannibalism. The Last Million

Since the end of the Cold War, a series of heated and politicized debates across Europe have questioned the "truth" about painful episodes in the twentieth century. From the Holocaust to Srebrenica, inquiries and fact-finding commissions have become a common device employed by governments to deal with the pressure of public opinion. State sponsored programs of education and research attempt to encourage a common moral understanding of the lessons we learn from these painful memories. Contemporary historians have increasingly been drawn into these efforts since 1989 - in the courtroom, in the media, on commissions, as advisers.
