From Colony to Superpower

Special edition slipcase edition of John Green's Paper Towns, with pop-up paper town. From the bestselling author of The Fault in our Stars. Quentin Jacobsen has always loved Margo Roth Spiegelman, for Margo (and her adventures) are the stuff of legend at their high school. So when she one day climbs through his window and summons him on an all-night road trip of revenge he cannot help but follow. But the next day Margo doesn't come to school and a week later she is still missing. Q soon learns that there are clues in her disappearance . . . and they are for him. But as he gets deeper into the mystery - culminating in another awesome road trip across America - he becomes less sure of who and what he is looking for. Masterfully written by John Green, this is a thoughtful, insightful and hilarious coming-of-age story.

America's Longest War: The United States and Vietnam, 1950-1975

The Advance

Includes entries for maps and atlases.

The Saturday Evening Post

Respected for its thorough research, comprehensive coverage, and clear, readable style, America's Longest War explores the origins of the thirty-year war for Vietnam. It seeks to explain how the United States became involved and the consequences of its actions for the Vietnamese as well as Americans. It assesses the multiple legacies of the war and offers guidance for students on what Americans should learn from this national experience that continues to resonate today.

Christian Advocate

Years of Peril and Ambition

Looseleaf for America's Longest War

The author of Hurricane moves from the life of a boxer imprisoned for murder to the real-life incarceration of two American pilots--one black, the other a white southerner--in a Vietnamese prison camp during the war, where survival depends on mutual support. Reprint. 20,000 first printing.

Union Signal and World's White Ribbon

Praised in the New York Times Book Review for its "Herculean power of synthesis," George C. Herring's 2008 From Colony to Superpower has won wide acclaim from critics and readers alike. Years of Peril and Ambition: U.S. Foreign Relations, 1776-1921 is the first volume of a new split paperback edition of that masterwork, making this award-winning title accessible to those with a particular interest in the first half of the United States' history. This first volume of Herring's international

Free Copy Looseleaf For Americas Longest War

narrative charts the rise of the United States from a loose grouping of British colonies huddled along the Atlantic coast of North America into an emerging world power at the end of World War I. It tells an epic story of restless settlers pushing against weak restraints; of explorers, sea captains, adventurers, merchants, and missionaries carrying American ways to new lands. It analyzes countless crises, some resulting in war and others resolved peacefully. Above all, it is the tale of United States' expansion, commercial and political, across the North American continent, into the Caribbean and Pacific Ocean regions, and, economically, worldwide. Herring brings this first segment of America's dramatic emergence as a superpower to a close with the United States' post-World War I rise to the status of the world's most powerful nation, poised -- however unsteadily --for global engagement in what would be called the American Century. Years of Peril and Ambition highlights the ongoing impact of the nation's international affairs on the household names of U.S. history but also on ordinary citizens. Featuring a grand cast of characters, encompassing statesmen and presidents, diplomats and foreigners, and rogues and rascals alike, this fast-paced account illuminates the central importance of foreign relations to the existence and survival of the nation.

The China Clipper, Pan American Airways and Popular Culture

In his last years as president of the United States, an embattled George Washington yearned for a time when his nation would have "the strength of a

Free Copy Looseleaf For Americas Longest War

Giant and there will be none who can make us afraid." At the turn of the twentieth century, the United States seemed poised to achieve a position of world power beyond what even Washington could have imagined. In *The American Century and Beyond: U.S. Foreign Relations, 1893-2014*, the second volume of a new split paperback edition of the award-winning *From Colony to Superpower*, George C. Herring recounts the rise of the United States from the dawn of what came to be known as the American Century. This fast-paced narrative tells a story of stunning successes and tragic failures, illuminating the central importance of foreign relations to the existence and survival of the nation. Herring shows how policymakers defined American interests broadly to include territorial expansion, access to growing markets, and the spread of the "American way of life." He recounts the United States' domination of the Caribbean and Pacific, its decisive involvement in two world wars, and the eventual victory in the half-century Cold War that left it, after the collapse of the Soviet Union, the world's lone superpower. But the unipolar moment turned out to be stunningly brief. Since the turn of the twenty-first century, conflicts in Afghanistan and Iraq and the emergence of nations such as Brazil, Russia, India, and China have left the United States in a position that is uncertain at best. A new chapter brings Herring's sweeping narrative up through the Global War on Terror to the present.

America's Longest War

The Atlantic Monthly

Wada Haruki, one of the world's leading scholars of the war, draws on archival and other primary sources in Russia, China, the United States, South Korea, Taiwan, and Japan to provide the first full understanding of the Korean War as an international conflict from the perspective of all the actors involved. Although sixty-five years have passed since the armistice, the Korean conflict has never really ended. Tensions remain high on the peninsula as Washington and Pyongyang, as well as Seoul and Pyongyang, continue to face off. It is even more timely now to address the origins of the Korean War, the nature of the confrontation, and the ways in which it affects the geopolitical landscape of Northeast Asia and the Pacific region. With his unmatched ability to draw on sources from every country involved, Wada paints a rich and full portrait of a conflict that continues to generate controversy.

America's Longest War: The United States and Vietnam, 1950-1975, is a thorough exploration of the Vietnam War and its legacy on the American and Vietnamese people. Presenting the latest research and scholarship, this clear, readable textbook discusses the historical reasons for America's lengthy involvement in Vietnam and the continued effects of the Vietnam War today. Students of this text will come away with a deeper understanding of this hotly-contested conflict and its long-lasting impact on the United States and the world.

Paper Towns

Walden's Stationer and Printer

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

Winner of the 2016 Pulitzer Prize for Fiction Winner of the 2016 Edgar Award for Best First Novel Winner of the 2016 Andrew Carnegie Medal for Excellence in Fiction “[A] remarkable debut novel”—Philip Caputo, New York Times Book Review

Free Copy Looseleaf For Americas Longest War

(cover review) The winner of the Pulitzer Prize for Fiction, as well as seven other awards, *The Sympathizer* is one of the most acclaimed books of the twenty-first century. With the pace and suspense of a thriller and prose that has been compared to Graham Greene and Vladimir Nabokov, *The Sympathizer* is a sweeping epic of love and betrayal. The narrator, a communist double agent, is a “man of two minds,” a half-French, half-Vietnamese army captain who comes to America after the Fall of Saigon, and while building a new life with other Vietnamese refugees in Los Angeles is secretly reporting back to his communist superiors in Vietnam. *The Sympathizer* is a blistering exploration of identity and America, a gripping spy novel, and a powerful story of love and friendship.

rainforests, tourism, and women.

The Cumulative Book Index

The Oxford History of the United States is the most respected multi-volume history of our nation in print. The series includes three Pulitzer Prize-winners, a New York Times bestseller, and winners of prestigious Bancroft and Parkman Prizes. From Colony to Superpower is the only thematic volume commissioned for the series. Here George C. Herring uses foreign relations as the lens through which to tell the story of America's dramatic rise from thirteen disparate colonies huddled along the Atlantic coast to the world's greatest superpower. A sweeping account of United States' foreign relations and diplomacy, this magisterial volume documents America's interaction with other peoples and nations of the world. Herring tells a story of stunning successes and sometimes tragic failures, captured in a fast-paced narrative that illuminates the central importance of foreign relations to the existence and survival of the nation, and highlights its ongoing impact on the lives of ordinary citizens. He shows how policymakers defined American interests broadly to include territorial expansion, access to growing markets, and the spread of an "American way" of life. And Herring does all this in a story rich in human drama and filled with epic events. Statesmen such as Benjamin Franklin and Woodrow Wilson and Harry Truman and Dean Acheson played key roles in America's rise to world power. But America's expansion as a nation also owes

Free Copy Looseleaf For Americas Longest War

much to the adventurers and explorers, the sea captains, merchants and captains of industry, the missionaries and diplomats, who discovered or charted new lands, developed new avenues of commerce, and established and defended the nation's interests in foreign lands. From the American Revolution to the fifty-year struggle with communism and conflicts in Afghanistan and Iraq, From Colony to Superpower tells the dramatic story of America's emergence as superpower--its birth in revolution, its troubled present, and its uncertain future.
