Enceladus (giant) - Wikipedia

Myrrha (Greek: , Mýrra), also known as Smyrna (Greek: μ , Smýrna), is the mother of Adonis in Greek mythology. She was transformed into a myrrh tree after having had intercourse with her father, and gave birth to Adonis in tree form. Although the tale of Adonis has Semitic roots, it is uncertain from where the myth of Myrrha emerged, though it was likely from Cyprus.

Laokoon - Wikipedia

Mythology. Enceladus was one of the Giants, who (according to Hesiod) were the offspring of Gaia, born from the blood that fell when Uranus was castrated by their son Cronus. The Giants fought Zeus and the other Olympian gods in the Gigantomachy, their epic battle for control of the cosmos. A Giant named Enceladus, fighting Athena, is attested in art as early as an Attic black-figure pot
