Talk to your doctor about whether you are a good candidate for a VBAC. Note that your doc will most likely want you to give birth in a hospital in case something goes wrong and you need another C-section – so home birth VBACs are generally discouraged. This delivery vlog by Hailey Paige Johnson shows just how smooth a successful VBAC can be.

Birth Stories & Pregnancy Resources | The Birth Hour

JOHNSON'S ® never stops raising the bar when it comes to delivering the best for your baby – that drives everything we do. Guided by our mission to create the gentlest products backed by science, and our desire to address parents' growing needs – we've improved inside and out.

Birth Videos to Prepare You for Labor

Becoming a birth doula is so much more than encouraging words during labor. Most of the hard work is done well before labor ever starts! Choosing the right caregiver, preparing physically and emotionally for the arrival of a baby, dealing with unexpected events - all of these are things that a birth doula can help with.

Preparing For A Gentle Birth

Lengthen muscles and increase range of motion in your pregnant body to make space for baby's best birth position. Out of the stress and into your stretch. Be moderate and mindful. Regular, gentle movement like walking and stretches may ease pain, improve digestion and elimination, or increase energy to do more in life.

It is normal for your breasts to become larger and feel heavy, warmer and uncomfortable when your milk increases in quantity (“comes in”) 2-6 days after birth. This rarely lasts more than 24 hours. With normal fullness, the breast and areola (the darker area around the nipple) remain soft and elastic, milk flow is normal and latch-on is not affected.
