Safe Haven Program

In a small North Carolina town, a mysterious and beautiful woman running from her past slowly falls for a kind-hearted store owner . . . until dark secrets begin to threaten her new life. When a mysterious young woman named Katie appears in the small North Carolina town of Southport, her sudden arrival raises questions about her past. Beautiful yet self-effacing, Katie seems determined to avoid forming personal ties until a series of events draws her into two reluctant relationships: one with Alex, a widowed store owner with a kind heart and two young children; and another with her plainspoken single neighbor, Jo. Despite her reservations, Katie slowly begins to let down her guard, putting down roots in the close-knit community and becoming increasingly attached to Alex and his family. But even as Katie begins to fall in love, she struggles with the dark secret that still haunts and terrifies her . . . a past that set her on a fearful, shattering journey across the country, to the sheltered oasis of Southport. With Jo's empathetic and stubborn support, Katie eventually realizes that she must choose between a life of transient safety and one of riskier rewards . . . and that in the darkest hour, love is the only true safe haven.

Temporary Safe Haven Act of 1987

Award-winning journalist Ruth Gruber ' s powerful account of a top-secret mission to rescue one thousand European refugees in the midst of World War II In 1943, nearly one thousand European Jewish refugees from eighteen different countries were chosen by President Franklin Delano Roosevelt ' s administration to receive asylum in the United States. All they had to do was get there. Ruth Gruber, with the support of Secretary of the Interior Harold Ickes, volunteered to escort them on their secret route across the Atlantic from a port in Italy to a " safe haven " camp in Oswego, New York. The dangerous endeavor carried the threat of Nazi capture with each passing day. While on the ship, Gruber recorded the refugees ' emotional stories and recounts them here in vivid detail, along with the aftermath of their arrival in the US, which involved a fight for their right to stay after the war ended. The result is a poignant and engrossing true story of suffering under Nazi persecution and incredible courage in the face of overwhelming circumstances.

Safe Haven

Welcome to Safe Haven, where love—and a second chance—is just around the corner... Sunny, carefree

days splashing in the ocean—it's the life Anna George has always wanted for her five-year-old twins. And now that they've made it to Safe Haven, South Carolina, she won't let anyone stand in her way. Not the abusive ex she's just escaped and not the rugged contractor who caught her setting up house in the shuttered beachfront cabins he's refurbishing. When he offers Anna and her daughters a place to stay in exchange for her help with renovations, she's tempted. His gentle way with her girls makes her want to trust him, but she's been wrong before... A family is the last thing contractor and former military man Sean O'Dwyer wants right now. But when he discovers Anna and her girls, he recognizes kindred spirits. They're survivors who've seen the worst of people, just like he has, and he'll do anything he can to help them. As he and Anna spend their days bringing the cottages back to life and their nights sharing kisses in the warm bayou breezes, Sean must choose between the life he always wanted and the family he can't live without.

London's Street Trees

In this groundbreaking work, urban anthropologist Rae Bridgman, in careful and intimate detail, explores the perspectives of the women who work and live at Savard's, a unique shelter for homeless women. Bridgman uses the design and development of Savard's - a housing model developed by women for women - as an opportunity to document the project's original vision and what happened once it opened. There are few rules at Savard's. Women may come and go as they wish, and referrals to other services are made only when a woman has indicated interest in taking action on her own behalf. It is a model that aims to provide a safe haven for the chronically homeless. The study traces the evolution of this type of shelter, providing qualitative research and useful analysis for academics, policy-makers, service providers, and activists. Based on many hours of participant observation as well as interviews and staff records, *Safe Haven* presents a distinct picture of the chronically homeless and those on the frontlines of this lifesaving service.

A Safe Haven

The main purpose of this book is to take a closer look at how students and teachers in educational institutions apply the innovative, the playful and the emotional and creative dimensions of learning. With this contribution, the authors aim at reaching an international audience of educators at several levels, including primary and secondary schools, higher and adult education, university colleges, graduate, undergraduate and PhD schools. Driven by the common interest of the authors to reflect on emotions in education, the chapters in this book encompass multiple perspectives: the socio-cultural perspective that looks at interactions among individuals; the creation and recreation of the self and others; and the study of collaboration, change processes and aesthetic and creative learning. This anthology offers original empirical documentation and theoretical reflections on how pedagogical and educational changes might challenge or facilitate learning for students and educators. Besides its relevance within the education sector, the content presented here can be applied in non-formal learning environments, such as museums, cultural institutions, as well as other educational settings where emotions are largely stimulated and cultivated.

No Safe Haven

"Baby safe haven" laws, which allow a parent to relinquish a newborn baby legally and anonymously at a specified institutional location--such as a hospital or fire station--were established in every state between 1999 and 2009. Promoted during a time of heated public debate over policies on abortion, sex education, teen pregnancy, adoption, welfare, immigrant reproduction, and child abuse, safe haven laws were passed by the majority of states with little contest. These laws were thought to offer a solution to the consequences of unwanted pregnancies: mothers would no longer be burdened with children they could not care for, and newborn babies would no longer be abandoned in dumpsters. Yet while these laws are well meaning, they

inadequately address the social injustices that compel abandonment for the very small number of girls and women who abandon their newborns. Advocates of safe haven laws target teenagers, women of color and poor women in particular with safe haven information under the assumption that they cannot offer good homes for their children. Laury Oaks argues that the labeling of certain kinds of women as potential "bad" mothers who should consider anonymously giving up their newborns for adoption into a "loving" home should best be understood as an issue of reproductive justice. Safe haven discourses promote narrow images of who deserves to be a mother and reflect restrictive views on how we should treat women experiencing an unplanned pregnancy.

Jenna and Andi Tikaani-Gray are hoping for a fresh start. Though twelve year-old Andi has long struggled with a rare medical disorder, she and her mother have finally received good news from out-of-town specialists. It's news they desperately needed, especially after the recent death of Jenna's husband (Andi's dad) in a car accident. But as they are flying home to Alaska, ready to begin again, the unthinkable happens. The pilot sabotages their small plane and crashes into Sultana, one of the most remote and dangerous mountains in the Land of the Midnight Sun. Even worse, a winter storm is headed their way along with someone who doesn't want to save them, but to kill them. Only one man can keep them alive: Cole Maddox, the mysterious last-minute passenger who joined them on their flight. But trust doesn't come easy to Jenna or Andi and they both sense Cole is hiding something. A relentless tale of survival and suspense unfolds, involving military technology designed by Jenna's late husband that some would do anything to possess.

Endorsements and Reviews: "I'd only made it to page 8 when I realized I was holding my breath. Shivers are still traveling up my arms from a story that is both dramatic and heart-warming." Tricia Goyer, award-winning author "A novel of high adventure, exhilarating suspense, powerful divine protection and enough love to bring tears all around." Christian Retailing (Top Pick review) "Kimberley and Kayla Woodhouse know how to weave powerful, faith-building, can't-put-down stories - in life and now, brilliantly, in fiction." Susan May Warren, best-selling author of Nightingale "A thrilling adventure of the heart and mind . . . No Safe Haven is a brilliant start to what will be an unmissable series from this mother and daughter team." Safe Haven?: A History of Refugees in America

A day of death. A night of terror. The Outbreak begins. What if you withstood the zombie apocalypse only to discover worst monsters had survived? Thousands of years of civilization came to an end in an inconceivably short time. The worst wasn't that the virus killed its victims, it's how revived their dead bodies to spread itself around the globe. Among the remaining survivors are Harold, a social outcast living in a cabin out in the woods and JT, just a regular guy with anger issues, who somehow became the leader of a ragtag group of survivors from the cities. When JT follows the spray painted signs to Safe Haven and ends up on Harold's doorstep, will they be safe? What shocking discoveries will lead Harold and JT on a collision course as the zombie horde threatens to consume them all?

The Nazis Next Door

Falling in love is never easy, but falling in love with an immortal god while your days on earth are numbered is almost more than a young girl can bear. Newbery Honor author Gail Carson Levine has created a stunning new world of flawed gods, unbreakable vows, and ancient omens in this spellbinding story of Kezi, a girl confronted with a terrible destiny. Attempting to thwart her fate, Kezi and her love, Olus -- the god of wind and loneliness -- embark on a series of dangerous and seemingly impossible quests.

Safe Haven

A Newsweek Best Book of the Year: “ Captivating . . . rooted in first-rate research ” (The New York Times Book Review). In this New York Times bestseller, once-secret government records and interviews tell the full story of the thousands of Nazis—from concentration camp guards to high-level officers in the Third Reich—who came to the United States after World War II and quietly settled into new lives. Many gained entry on their own as self-styled war “ refugees. ” But some had help from the US government. The CIA, the FBI, and the military all put Hitler ’ s minions to work as spies, intelligence assets, and leading scientists and engineers, whitewashing their histories. Only years after their arrival did private sleuths and government prosecutors begin trying to identify the hidden Nazis. Now, relying on a trove of newly disclosed documents and scores of interviews, Pulitzer Prize – winning investigative reporter Eric Lichtblau reveals this little-known and “ disturbing ” chapter of postwar history (Salon).

Ever

Eddie is a wounded war veteran, an old man who has lived, in his mind, an uninspired life. His job is fixing rides at a seaside amusement park. On his 83rd birthday, a tragic accident kills him, as he tries to save a little girl from a falling cart. He awakes in the afterlife, where he learns that heaven is not a destination. It's a place where your life is explained to you by five people, some of whom you knew, others who may have been strangers. One by one, from childhood to soldier to old age, Eddie's five people revisit their connections to him on earth, illuminating the mysteries of his "meaningless" life, and revealing the haunting secret behind the eternal question: "Why was I here?"

It is not often acknowledged that the great majority of African refugee movement happens within Africa rather than from Africa to the West. This book examines the specific characteristics and challenges of the refugee situation in Sub-Saharan Africa, offering a new and critical vision on the situation of asylum-seekers and refugees in the African continent. Cristiano d'Orsi considers the international, regional and domestic legal and institutional frameworks linked to refugee protection in Sub-Saharan Africa, and explores the contributions African refugee protection has brought to the cause on a global scale. Key issues covered in the book include the theory and the practice of non-refoulement, an analysis of the phenomenon of mass-influx, the concept of burden-sharing, and the role of freedom fighters. The book goes on to examine the expulsions of refugees and the historical role played by UNHCR in Sub-Saharan Africa. As a work which follows the persecution and legal challenges of those in search of a safe haven, this book will be of great interest and use to researchers and students of immigration and asylum law, international law, human rights, and African studies.

And where her loyalties fall could mean the difference between lost love and a second chance at forever.

No Safe Haven

Creating a safe haven for each other in a marriage can enable a couple to weather any storm. However, that accomplishment is certainly easier said than done. Two psychologists present a detailed blueprint for establishing a marital safe haven so that couples can count on each other and avoid criticizing, blaming and shutting out their partners during tough times.

Giving Up Baby

The notion of America as land of refuge is vital to American civic consciousness yet over the past seventy years the country has had a complicated and sometimes erratic relationship with its refugee populations. Attitudes and actions toward refugees from the government, voluntary organizations, and the general public have ranged from acceptance to rejection; from well-wrought program efforts to botched policy decisions. Drawing on a wide range of contemporary and historical material, and based on the author's three-decade experience in refugee research and policy, "Safe Haven?" provides an integrated portrait of this crucial component of American immigration and of American engagement with the world. Covering seven decades of immigration history, Haines shows how refugees and their American hosts continue to struggle with national and ethnic identities and the effect this struggle has had on American institutions and attitudes.

The Five People You Meet in Heaven

"No Safe Haven" provides a comprehensive look at the pervasive nature of violence against women. It reviews current psychological research on the prevalence, causes, and effects of forms of violence against adult women and describes existing and recommended interventions, legal changes, and policy initiatives to address the problem. [The book] focuses on 3 common types of abuse against adult women: physical assault by male partners, sexual harassment in work and educational settings, and rape and other forms of sexual violence. The final section of the book highlights the common themes that emerge from these 3 types of violence and presents recommendations for effective intervention, treatment, and public policy initiatives.
