A wide collection of all things creepy, think Ghouls, Monsters, Zombies, Mummies, and other scary things that go bump in the night, mixed with some not so creepy, as in Witches, Pumpkins, Castles, Graveyards and other such (not so) monstrous pictures drawn by a group of likeminded artists that make up Rolling Voice, and can now be revealed illustrated this Adult Colouring Book whilst being locked up in a dingy basement in SW15 (we think), chained together, regularly beaten with other authors unsold rolled up colouring books (literally) if we didn't produce a certain number of pages every hour. Thank god, that hell is nearly over and once we hit a certain number of sales we shall be released back in to society. Unfortunately that number is rather high and as a result you, the lucky patron (still walking freely outdoors), will be able to enjoy other volumes of this book as we are still drawing every hour and should have our next episode out soon. Boasting over 95 designs, some intricate (will take ages to colour), whilst others are designed with simpler patterns for when you are looking for something easier to spend a few minutes on (or having a bad health day). We could go on about Jung and his colouring books, but we leave that to other author's descriptions and try to differentiate ourselves through our work and philosophy. We hope those who see our work realise this difference and appreciate the extra effort we try to put in (every hour).

Stars Hollow, a quirky, fictional town in Connecticut, seems to be filled with people with a lot of interest in food. It's a place where everyone is obsessed with food. Lorelai and Rory Gilmore will eat pretty much anything, from burgers at Luke's Diner to fancy dinners at the senior Gilmore's home on Friday evenings. This Enjoy Food Like a Gilmore Girl Cookbook is all about the joy of dining. Sookie, Lorelai's best friend and chef at the inn that Lorelai owns, is a fanatically particular chef who insists on perfection. A meal cooked by Sookie is a treasure, indeed. However, eating at Luke's Diner is actually just as delicious. Emily Gilmore serves up wonderful fare to her family Friday evenings, but she also serves up an extra serving of stress. Emily's dishes would taste far more delicious if Emily weren't present. Come to Stars Hollow for some relaxation and fun. Stay for the interesting food. If you can't make it to Stars Hollow (you will be missed), you'll love the authentic Stars Hollow recipes right here in Enjoy Food Like a Gilmore Girl Cookbook.

### The Gilmore Girls Companion

Welcome to the Symmetrical Universe Spaceship and Steampunk coloring book! I hope you enjoy contemplating and coloring these complex images inspired by science fiction. I drew every image in this book with pen and ink on 14x17 paper. My drawings are all done by hand, using fine tipped Rapidograph pens. The way my process works is first I use a ruler and a compass to generate a pencil line grid. Once the grid is in place I then draw the designs in ink. The images are randomly generated and sometimes change significantly during the process of creating them. The drawings are created by drawing one symmetrical feature at a time, much like growing a crystal. These drawings are inspired by my interest in science fiction and machinery. My drawings are also expressions of the inherent beauty found in symmetrical structures. I began drawing mandalas while attending Indian Springs School in Helena, Alabama in the 1970s. My first mandala drawings began as simple experiments requiring a few hours to design. This eventually led to the more complex designs which required 80 to 100 hours to complete. Some drawings are abstract geometrical designs. In others, I have tried to incorporate archetypical symbols and shapes similar to Rorschach patterns which may invoke a variety of conceptualizations to viewers of my artwork. In this book, each section includes an original drawing which may be too detailed to color. The following pages are all more detailed images of sections of each drawing for you to enjoy and color. If you are interested in coloring an original drawing in the original size, order a print from [www.symmetricaluniverse.com](http://www.symmetricaluniverse.com). To get the most out of this book, I recommend using colored pencils, fine-point markers, or gel pens. Before you color on one of the drawings, use the test page on the very last page of this book to test your coloring pencils, pens, and erasers. Check to see if your pencils or pens look nice on the paper and make sure they don't bleed through to the back. To see more of my drawings, visit my webpage at [www.symmetricaluniverse.com](http://www.symmetricaluniverse.com). You may order prints of any of my drawings in a variety of sizes. You may also order my other coloring book on mandalas and symmetrical designs. Sign up for my newsletter to get updates about new drawings, new coloring books, and a schedule of my art shows. Thank you for ordering this book. I hope you enjoy it!

NEW YORK TIMES BESTSELLER — In this collection of personal essays, the beloved star of Gilmore Girls and Parenthood reveals stories about life, love, and working as a woman in Hollywood—along with behind-the-scenes dispatches from the set of the new Gilmore Girls, where she plays the fast-talking Lorelai Gilmore once again. With a new bonus chapter In Talking as Fast as I Can, Lauren Graham hits pause for a moment and looks back on her life, sharing laugh-out-loud stories about growing up, starting out as an actress, and, years later, sitting in her trailer on the Parenthood set and asking herself, “Did you, um, make it?” She opens up about the challenges of being single in Hollywood (“Strangers were worried about me; that’s how long I was single!”), the time she was asked to audition her butt for a role, and her experience being a judge on Project Runway (“It’s like I had a fashion-induced blackout”). In “What It Was Like, Part One,” Graham sits down for an epic Gilmore Girls marathon and reflects on being cast as the fast-talking Lorelai Gilmore. The essay “What It Was Like, Part Two” reveals how it felt to pick up the role again nine years later, and what doing so has meant to her. Some more things you will learn about Lauren: She once tried to go vegan just to bond with Ellen DeGeneres, she’s aware that meeting guys at awards shows has its pitfalls (“If you’re meeting someone for the first time after three hours of hair, makeup, and styling, you’ve already set the bar too high”), and she’s a card-carrying REI shopper (“My bungee cords now earn points!”). Including photos and excerpts from the diary Graham kept during the filming of the recent Gilmore Girls: A Year in the Life, this book is like a cozy night in, catching up with your best friend, laughing and swapping stories, and—of course—talking as fast as you can.
