Stephen King's Contemporary Classics

Reading is a revolutionary act, an act of engagement in a culture that wants us to disengage. In *The Lost Art of Reading*, David L. Ulin asks a number of timely questions - why is literature important? What does it offer, especially now? Blending commentary with memoir, Ulin addresses the importance of the simple act of reading in an increasingly digital culture. Reading a book, flipping through hard pages, or shuffling them on screen - it doesn't matter. The key is the act of reading, and its seriousness and depth. Ulin emphasizes the importance of reflection and pause allowed by stopping to read a book, and the accompanying focus required to let the mind run free in a world that is not one's own. Are we willing to risk our collective interest in contemplation, nuanced thinking, and empathy? Far from preaching to the choir, *The Lost Art of Reading* is a call to arms, or rather, to pages.

The Bitterroots

From international bestseller Stephen King the first ebook ever published—a novella about a young man who hitches a ride with a driver from the other side. *Riding the Bullet* is “a ghost story in the grand manner” from the bestselling author of *Bag of Bones*, *The Girl Who Loved Tom Gordon*, and *The Green Mile*—a short story about a young man who hitches a ride with a driver from the other side.

Time's Mistress

With the heart of *Stand By Me* and the genius horror of *Christine*, *MILE 81* is Stephen King unleashing his imagination as he drives past one of those road signs . . . At Mile 81 on the Maine Turnpike is a boarded up rest stop, a place where high school kids drink and get into the kind of trouble high school kids have always gotten into. It's the place where Pete Simmons goes when his older brother heads off to the gravel pit to play 'paratroopers over the side'. Pete, armed with only the magnifying glass he got for his tenth birthday, finds a discarded bottle of vodka in the boarded up burger shack and drinks enough to pass out. That's why he doesn't notice a freshly mud-spattered station wagon (which is strange because there hadn't been any rain in New England for over a week) which veers into the Mile 81 rest area, ignoring the sign that reads 'closed, no services'. The driver's door opens but nobody gets out . . .

Frozen: Conceal, Don't Feel

A collection of original horror and dark fantasy from the world's best writers, including Stephen King and John Ajvide Lindqvist. Many of us grew up on The Pan Book of Horror Stories and its later incarnations, Dark Voices and Dark Terrors (The Gollancz Book of Horror), which won the World Fantasy Award, the Horror Critics' Guild Award and the British Fantasy Award, but for a decade or more there has been no non-themed anthology of original horror fiction published in the mainstream. Now that horror has returned to the bookshelves, it is time for a regular anthology of brand-new fiction by the best and brightest in the field, both the Big Names and the most talented newcomers including: - Ramsey Campbell - Peter Crowther - Dennis Etchison - Elizabeth Hand - Brian Hodge - Caitlin R. Kiernan - Stephen King - John Ajvide Lindqvist - Richard Christian Matheson - Reggie Oliver - Robert Shearman - Angela Slatter - Michael Marshall Smith - Lisa Tuttle. A Book of Horrors will be the foremost in the field: an eclectic collection of the very best chiller fiction from across the world.

Six Scary Stories

Collection of 23 short stories--from classic horror to vampire thrillers, imitations of Sir Arthur Conan Doyle and Raymond Chandler, a teleplay, and a non-fiction bonus, a heartfelt little piece on Little League baseball.

The Rim of Morning

Now a major motion picture, Stephen King's brilliant and terrifying story of a marriage with truly deadly secrets. Darcy Anderson's husband of more than twenty years is away on one of his routine business trips when the unsuspecting Darcy looks for batteries in the garage. Her toe knocks up against a hidden box under a worktable and in it she discovers a trove of horrific evidence that her husband is two men—one, the benign father of her children, the other, a raging rapist and murderer. It's a horrifying discovery, rendered with bristling intensity, and it definitively ends "A Good Marriage." This story was originally published in Stephen King's acclaimed collection, Full Dark, No Stars.

The Lost Art of Reading

Writers and rock music critics describe their experiences touring with the rock band they formed to raise money for charity.

The Stephen King Companion

"If you want us to remain silent -- if you want to retain your freedom, your job, and your reputation -- you need to tell us everything, and I mean everything. . ." We last saw Eve and Villanelle in a spy vs. spy race around the world, crossing powerful criminal organizations and dangerous governments, each trying to come out on top. But they aren't finished yet. In this sequel to Killing Eve: Codename Villanelle, former M16 operative Eve reveals a new side to her strengths, while coming ever closer to a confrontation with Villanelle, the evasive and skilled assassin.

A riveting new novel from New York Times bestselling and Edgar Award-winning author C. J. Box. The ties that bind can burn you. Former sheriff's investigator Cassie Dewell is trying to start her life over as in private practice. She's her own boss and answers to no one, and that's just the way she likes it after the past few tumultuous years. All that certainty changes when an old friend calls in a favor: she wants Cassie to help exonerate a man accused of assaulting a young woman from an influential family. Against her own better judgment, Cassie agrees. But out by the Bitterroot Mountains of Montana, twisted family loyalty runs as deep as the ties to the land, and there's always something more to the story. The Kleinsassers have ruled this part of Montana for decades, and the Iron Cross Ranch is their stronghold. They want to see Blake Kleinsasser, the black sheep of the family, put away forever for the assault. Mid-life Confidential

The Grownup

Stephen King is no stranger to the realm of literary criticism, but his most fantastic, far-reaching work has aroused little academic scrutiny. This study of King's epic Dark Tower series encompasses the career of one of the world's best-selling authors and frames him as more than a "horror writer." Four categories of analysis—genre, art, evil, and intertextuality—provide a focused look at the center of King's fictional universe. This book reaches beyond popular culture treatments of the series and examines it against King's horror work, audience expectations, and the larger literary landscape.

Dark Screams: Volume One

The Stephen King Companion is an authoritative look at horror author King's personal life and professional career, from *Carrie* to *The Bazaar of Bad Dreams*. King expert George Beahm, who has published extensively about Maine's main author, is your seasoned guide to the imaginative world of Stephen King, covering his varied and prodigious output: juvenalia, short fiction, limited edition books, bestselling novels, and film adaptations. The book is also profusely illustrated with nearly 200 photos, color illustrations by celebrated "Dark Tower" artist Michael Whelan, and black-and-white drawings by Maine artist Glenn Chadbourne.

Supplemented with interviews with friends, colleagues, and mentors who knew King well, this book looks at his formative years in Durham, when he began writing fiction as a young teen, his college years in the turbulent sixties, his struggles with early poverty, working full-time as an English teacher while writing part-time, the long road to the publication of his first novel, *Carrie*, and the dozens of bestselling books and major screen adaptations that followed. For fans old and new, *The Stephen King Companion* is a comprehensive look at America's best-loved bogeyman.

Black Sun Rising

His fiancée married another man during his coma and people clamor for him to solve their problems. Hocus Pocus and The All-New Sequel

Now in a mass-market paperback premium edition—the instant #1 New York Times bestseller! Stephen King delivers an “outstanding” (USA TODAY) collection of stories, featuring revelatory autobiographical comments on when, why, and how he came to write (or rewrite) each story. “I’ve made some things for you, Constant Reader. Feel free to examine them, but please be careful. The best of them have teeth.” Since *Nightshift*, published thirty-five years ago, Stephen King has dazzled an entire generation of readers with his genius as a prominent writer of short fiction. Now in his latest collection, he once again assembles a generous array of unforgettable, tantalizing tales—including those that, until recently, have never been published in a book (such as the story “Cookie Jar,” which is exclusive to this edition). There are thrilling connections between these works—themes of mortality, the afterlife, guilt, and what we would do differently if we could see into the future or correct the mistakes of the past. Magnificent, eerie, and utterly compelling, *The Bazaar of Bad Dreams* is one of Stephen King’s finest gifts to readers everywhere—a master storyteller at his very best.

A Winter's Tale

A riveting thriller combining real historical events and characters with a sinister detective story of eugenics, racism, and nationalist paranoia. Barcelona, summer 1909. When the scientist and explorer Randolph Foulkes is blown up in a random terrorist bomb attack, private detective Harry Lawton is hired by the man’s widow to identify the beneficiary of a large payment Foulkes had made shortly before his death. Lawton’s arrival in the Catalan capital coincides with a series of unusual killings that appear to have been carried out by a blood-drinking animal in the Ramblas district and adds another element of instability to a city already teetering on the brink of insurrection. Lawton soon meets and teams up with Esperanza Claramunt, a young anarchist whose lover was one of the victims of the “beast of the Ramblas,” and the Catalan crime reporter Bernat Mata, who has begun investigating these crimes. So what begins as a straightforward investigation into presumed marital infidelity turns into something far more sinister, as Lawton probes Foulkes’ connections to the mysterious Explorers Club, the Barcelona political police, and an eccentric Austrian hypnotist. Adrift in a city gripped by rebellion and lawlessness, Lawton enters a labyrinth of murder, corruption, political conflict, and crazed racial pseudo-science where no one’s survival is guaranteed.

The Grip of It

In this truly inspirational memoir, Anita Moorjani relates how, after fighting cancer for almost four years, her body began shutting down--overwhelmed by the malignant cells spreading throughout her system. As her organs failed, she entered into an extraordinary near-death experience where she realized her inherent worth . . . and the actual cause of her disease. Upon regaining consciousness, Anita found that her condition had improved so rapidly that she was released from the hospital within weeks--without a trace of cancer in her body! Within these pages, Anita recounts stories of her childhood in Hong Kong, her challenge to establish her career and find true love, as well as how she eventually ended up in that hospital bed where she defied all medical knowledge. As part of a traditional Hindu family residing in a largely Chinese and British society, Anita had been pushed and pulled by cultural and religious customs since she was a little girl. After years of struggling to forge her own path while trying to meet everyone else's expectations, she had the realization, as a result of her epiphany on the other side, that she had the power to heal herself . . . and that there are miracles in the Universe that she'd never even imagined. In *Dying to Be Me*, Anita freely shares all she has learned about illness, healing, fear, "being love," and the true magnificence of each and every human being! This is a book that definitely makes the case that we are spiritual beings having a human experience . . . and that we are all One!

Long Range

Steven Savile's popular fantasy stories embrace all aspects of the fantastic. Be it the wonder of magical realism, the darkness of the macabre, or the mythological, these stories have one thing in common: faith. Savile offers up tales of hope and wonder in equal measure, whilst treating sadness as a long lost friend. Nothing in his world is quite as it seems. The world you think you know isn't the world you're about to enter. Everything you think you've learned about life is about to be unlearned. These are stories of love. These are stories of loss. In some you will find redemption, in others the simple act of memory is treacherous and cannot be trusted. But in all of them there is an aching sense of loss and love. Savile's stories here speak to the part in all of us who still dares to fall in love again after a broken heart. "Savile packs more

imagination into a short story than many writers manage in a full novel." Hellnotes "Stories about life and death by a man who has clearly consorted with devils." TM Wright, bestselling author of A Manhattan Ghost Story "One of the most seriously creepy pieces it has been my pleasure to read in a long time." -- Charles de Lint, on Remember Me Yesterday. "A modern fantasist of the first order. Watch as Savile carves a niche for himself in the literature of the new millennium." -- Tim Lebbon "Troubling, moving, curiously gentle, and a pleasure to read all the way through." -- Ed Gorman. "Lyrical, passionate and poignant." -- Tom Piccirilli. "Savile manages to successfully evoke a wonderful sense of atmosphere and place, while contemporaneously managing to constantly build the conflict and tension, and swiftly move the action forward"-- Fear Zone

The Secretary of Dreams

"Even the most die-hard baseball fans don't know the true story of William "Blockade Billy" Blakely. He may have been the greatest player the game has ever seen, but today no one remembers his name. He was the first--and only--player to have his existence completely removed from the record books. Even his team is long forgotten, barely a footnote in the game's history. Every effort was made to erase any evidence that William Blakely played professional baseball, and with good reason. Blockade Billy had a secret darker than any pill or injection that might cause a scandal in sports today. His secret was much, much worse."

Nightmares in the Sky

Finalist for the Chicago Review of Books Fiction Award, Dan Chaon's Best of 2017 pick in Publishers Weekly, one of Vol. 1 Brooklyn's Best Books of 2017, a BOMB Magazine "Looking Back on 2017: Literature" Pick, and one of Vulture's 10 Best Thriller Books of 2017. Jac Jemc's The Grip of It is a chilling literary horror novel about a young couple haunted by their newly purchased home. Touring their prospective suburban home, Julie and James are stopped by a noise. Deep and vibrating, like throat singing. Ancient, husky, and rasping, but underwater. "That's just the house settling," the real estate agent assures them with a smile. He is wrong. The move--prompted by James's penchant for gambling and his general inability to keep his impulses in check--is quick and seamless; both Julie and James are happy to start afresh. But this house, which sits between a lake and a forest, has its own plans for the unsuspecting couple. As Julie and James try to establish a sense of normalcy, the home and its surrounding

terrain become the locus of increasingly strange happenings. The framework—claustrophobic, riddled with hidden rooms within rooms—becomes unrecognizable, decaying before their eyes. Stains are animated on the wall—contracting, expanding—and map themselves onto Julie's body in the form of painful, grisly bruises. Like the house that torments the troubled married couple living within its walls, *The Grip of It* oozes with palpable terror and skin-prickling dread. Its architect, Jac Jemc, meticulously traces Julie and James's unsettling journey through the depths of their new home as they fight to free themselves from its crushing grip.

California

Collects six of the author's early tales of terror, including "Strawberry Spring," "In the Deathroom," and "The Monkey," with three in graphic novel format.

Needful Things

Skeleton Crew

The highly acclaimed, instant New York Times bestseller that "shows the moment-by-moment reality of a painful possible future, the price we may have to pay for our passionate devotion to all of the wrong things." --Sarah Stone, San Francisco Chronicle The world Cal and Frida have always known is gone, and they've left the crumbling city of Los Angeles far behind them. They now live in a shack in the wilderness, working side-by-side to make their days tolerable in the face of hardship and isolation. Mourning a past they can't reclaim, they seek solace in each other. But the tentative existence they've built for themselves is thrown into doubt when Frida finds out she's pregnant. Terrified of the unknown and unsure of their ability to raise a child alone, Cal and Frida set out for the nearest settlement, a guarded and paranoid community with dark secrets. These people can offer them security, but Cal and Frida soon realize this community poses dangers of its own. In this unfamiliar world, where everything and everyone can be perceived as a threat, the couple must quickly decide whom to trust. A gripping and provocative debut novel by a stunning new talent, *California* imagines a frighteningly realistic near future, in which clashes between mankind's dark nature and deep-seated resilience force us to question how far we will go to protect the ones we love.

Dying to Be Me

A neglected 12-year-old boy does nothing to report the death of his mother in order to compete in a spelling bee. A tragic coming-of-age tale of horror and drama in the setting of a hot New Orleans summer. "Original, touching coming of age."--Jack Ketchum, author of *The Girl Next Door* "With "Of Foster Homes and Flies" Lutzke is firing on all cylinders. It's a lean mean emotional machine. Coming-of-age presented in a fresh direction. Bearing tremendous emotional weight and heart. It made me cry."--John Boden, author of *Jedi Summer* and *Dominoes* "Disturbing, often gruesome, yet poignant at the same time, Chad Lutzke's *Of Foster Homes and Flies* is one of the best dark coming-of-age tales I've read in years. You'll

laugh (sometimes when you know you shouldn't), you'll cry, you'll find yourself wondering how soon you can read more of this guy's work. Highly recommended "--James Newman, author of *Midnight Rain*, *Ugly as Sin*, and *Odd Man Out* "one of those real treats that comes down the pipe and manages to get you all excited about reading again the whole thing is just beautiful."--Ginger Nuts of Horror "Loved it, wished I loved all books I read as much a sweet, yet subtly horrific and superbly written story. Lutzke shows incredible skills Highly recommended."--Mark Matthews, author of *All Smoke Rises* "Of Foster Homes and Flies by Chad Lutzke is a lovely addition to the coming of age subgenre. He creates in the character of Denny an authentic young man with passions and foibles, someone easy to relate to and root for. The novella hits all the right notes you expect out of a coming of age tale, while also providing a plot that has originality and surprises."--Mark Allan Gunnells, author of *Flowers in a Dumpster* and *The Summer of Winters* "Of Foster Homes and Flies is the darkest, most disturbing story Chad Lutzke has written. It's also his best the ultimate one-finger salute to oppression Highly recommended."--Dan Padavona, author of the *Dark Vanishing Series* "As heartbreaking as it is horrifying Of Foster Homes and Flies is a clearly written, fine-tuned entry into the canon of coming-of-age/innocence lost genre Southern Gothic in the true sense of the word."--Barrymore Tebbs, author of *A Thousand Paper Cranes* and *The Haunting at Blackwood Hall*

Of Foster Homes And Flies

In the 1930s, William Sloane wrote two brilliant novels that gave a whole new meaning to cosmic horror. In *To Walk the Night*, Bark Jones and his college buddy Jerry Lister, a science whiz, head back to their alma mater to visit a cherished professor of astronomy. They discover

his body, consumed by fire, in his laboratory, and an uncannily beautiful young widow in his house-but nothing compares to the revelation that Jerry and Bark encounter in the deserts of Arizona at the end of the book. In *The Edge of Running Water*, Julian Blair, a brilliant electrophysicist, has retired to a small town in remotest Maine after the death of his wife. His latest experiments threaten to shake up the town, not to mention the universe itself.

A Good Marriage

This book looks at the more recent works of fiction by Stephen King as well as an examination of his nonfiction book, *On Writing*, published in 2000. Works discussed in this volume include *Duma Key*, *The Girl Who Loved Tom Gordon*, *Under the Dome*, *Joyland*, and *Dr. Sleep*.

In the vein of Fiona Barton's *The Widow* and Renée Knight's *Disclaimer*, a psychological thriller about a war reporter who returns to her childhood home after her mother's death but becomes convinced that all is not well in the house next door—but is what she's seeing real or a symptom of the trauma she suffered in Syria? *The One Person You Should Trust Is Lying to You*—Kate has spent fifteen years bringing global injustice home: as a decorated war reporter, she's always in a place of conflict, writing about ordinary people in unimaginable situations. When her mother dies, Kate returns home from Syria for the funeral. But an incident with a young Syrian boy haunts her dreams, and when Kate sees a boy in the garden of the house next door—a house inhabited by an Iraqi refugee who claims her husband is away and she has no children—Kate becomes convinced that something is very wrong. As she struggles to separate her memories of Syria from the quiet town in which she grew up—and also to reconcile her memories of a traumatic childhood with her sister's insistence that all was not as Kate remembers—she begins to wonder what is actually true—and what is just in her mind. In this gripping, timely debut, Nuala Ellwood brings us an unforgettable damaged character, a haunting, humanizing look at the Syrian conflict, and a deeply harrowing psychological thriller that readers won't be able to put down.

Mile 81

Stephen King's apocalyptic vision of a world blasted by plague and tangled in an elemental struggle between good and evil remains as riveting—eerily plausible—as when it was first published. The *New York Times* called it "the book that has everything. Adventure. Romance. Prophecy. Allegory. Satire. Fantasy. Realism. Apocalypse. Great!" Soon to be a limited series on CBS All Access A patient escapes from a biological testing facility, unknowingly carrying a deadly weapon: a mutated strain of super-flu that will wipe out 99 percent of the world's population within a few weeks. Those who remain are scared, bewildered, and in need of a leader. Two emerge—Mother Abigail, the benevolent 108-year-old woman who urges them to build a peaceful community in Boulder, Colorado; and Randall Flagg, the nefarious "Dark Man," who delights in chaos and violence. As the dark man and the peaceful woman gather power, the survivors will have to choose between them—and ultimately decide the fate of all humanity.
