### **The Lost Colony of Roanoke**

Already in its third printing, this popular novel tells the story of people from two different cultures--mountain and city--drawn together in a fight against the evil that stalks them all. Tuesday and Annabelle live in the same state but in two different worlds. Tuesday, educated and independent, lives in the city; Annabelle knows only the harsh life of the mountain cabin, where she lives with her husband and two other women he has taken as wives. Tuesday never knew that life could change so drastically in just a short time. When her car breaks down in sub-zero weather, she is faced with the choice between freezing or accepting help from a stranger. She chooses to trust the stranger named Jacob. Attracted to his good looks and quiet ways, Tuesday agrees when he asks to see her again. She tries to get to know Jacob and is both intrigued and put off by his secretiveness. Her friend, Cora, is uneasy about Jacob and asks Tuesday to be careful. Meanwhile, Cora continues an ongoing search for her daughter, who was kidnapped two years earlier. As this fascinating story unfolds, the lives of Tuesday and Annabelle become shockingly entwined, and the horrific activities of a baby-selling ring are exposed. Set in the beautiful but treacherous mountains of West Virginia, *The Cabin* stories reveal the best and worst of human nature.

Who says women shouldn't speak in public? And why can't they vote? These are questions Elizabeth Cady Stanton grew up asking herself. Her father believed that girls didn't count as much as boys, and her own husband once got so embarrassed when she spoke at a convention that he left town. Luckily Lizzie wasn't one to let society stop her from fighting for equality for everyone. And though she didn't live long enough to see women get to vote, our entire country benefited from her fight for women's rights. The author of this series of stories for children has endeavored simply to show why and how the descendants of the early colonists fought their way through the wilderness in search of new homes. The several narratives deal with the struggles of those adventurous people who forced their way westward, ever westward, whether in hope of gain or in answer to "the call of the wild," and who, in so doing, wrote their names with their blood across this country of ours from the Ohio to the Columbia. To excite in the hearts of the young people of this land a desire to

know more regarding the building up of this great nation, and at the same time to entertain in such a manner as may stimulate to noble deeds, is the real aim of these stories. In them there is nothing of romance, but only a careful, truthful record of the part played by children in the great battles with those forces, human as well as natural, which, for so long a time, held a vast portion of this broad land against the advance of home seekers. With the knowledge of what has been done by our own people in our own land, surely there is no reason why one should resort to fiction in order to depict scenes of heroism, daring, and sublime disregard of suffering in nearly every form.
