Escape from Future World!

Beatrice More is no average third-grader. She is a list-making, hyperorganized perfectionist whose laid-back parents and messy little sister consistently frustrate her high standards. And when a new house, a new neighborhood and new friends are thrown into the mix, Beatrice sends the family into a comic tailspin, all in the name of “professionalism.” Despite her most feverish organizational efforts, Beatrice ultimately discovers that some of the best experiences are the ones you can’t control.

Stinky Stern Forever

Bud is a happy stinkbug, except when it comes to stinking contests. He always seems to lose to champions like P. U. Bottoms, Lord Stinkington, and The Fumigator. Every time they make smells like OUTHOUSE, GYM SOCK, and ARMPIT, poor Bud ends up smelling like FLOWERS, or FRESH-BAKED BREAD, or CANDY CANE. Stinking just isn't Bud's THING. But what IS his thing? With an ending as fresh as a daisy, and funnier than any funny smell, Andy Rash puts a hilarious spin on a tale of following your nose to happiness.

Lost in the Library

Beatrice More Moves In

A thoroughly delicious picture book about the funniest "food fight!" ever! Lady Pancake and Sir French Toast have a beautiful friendship—until they discover that there's ONLY ONE DROP of maple syrup left. Off they go, racing past the Orange Juice Fountain, skiing through Sauerkraut Peak, and reeling down the linguini. But who will enjoy the sweet taste of victory? And could working together be better than tearing each other apart? The action-packed rhyme makes for an adrenaline-filled breakfast . . . even

without a drop of coffee!

Isle of Misfits 3: Prank Wars!

Why is our sense of smell so under-appreciated? We tend to think of smell as a vestigial remnant of our pre-human past, doomed to gradual extinction, and we go to great lengths to eliminate smells from our environment, suppressing body odour, bad breath and other smells. Living in a relatively odour-free environment has numbed us to the importance that smells have always had in human history and culture. In this major new book Robert Muchembled restores smell to its rightful place as one of our most important senses and examines the transformation of smells in the West from the Renaissance to the beginning of the 19th century. He shows that in earlier centuries, the air in towns and cities was often saturated with nauseating emissions and dangerous pollution. Having little choice but to see and smell faeces and urine on a daily basis, people showed little revulsion; until the 1620s, literature and poetry delighted in excreta which now disgust us. The smell of excrement and body odours were formative aspects of eroticism and sexuality, for the social elite and the popular classes alike. At the same time, medicine explained outbreaks of plague by Satan's poisonous breath corrupting the air. Amber, musk and civet came to be seen as vital bulwarks against the devil's breath: scents were worn like armour against the plague. The disappearance of the plague after 1720 and the sharp decline in fear of the devil meant there was no longer any point in using perfumes to fight the forces of evil, paving the way for the olfactory revolution of the 18th century when softer, sweeter perfumes, often with floral and fruity scents, came into fashion, reflecting new norms of femininity and a gentler vision of nature. This rich cultural history of an under-appreciated sense will be appeal to a wide readership.

Merry Christmas, Stinky Face

Who knew science could be so smelly??? This innovative book is a complete exploration of the olfactory system, with a side of gross-out hilarity. First, it tackles the basics, from why things stink to how our sense of smell works (hint: it has to do with the six million scent receptors way up inside our noses). Then, it moves on to some specifics such as the link between smells and memories, some of the stinkiest stinks on Earth, the chemicals smells are made of and more! The eww! on every page is sure to hold every young scientist's attention!
