When you can't trust your mind, trust your heart. Adam is a pretty regular teen--he's just navigating high school life while living with paranoid schizophrenia. His hallucinations include a cast of characters that range from the good (beautiful Rebecca) to the bad (angry Mob Boss) to the just plain weird (polite naked guy). An experimental drug promises to help him hide his illness from the world. When Adam meets Maya, a fiercely intelligent girl, he desperately wants to be the normal, great guy that she thinks he is. But as the miracle drug begins to fail, how long can he keep this secret from the girl of his dreams? I saved the final twenty pages for the next day because I didn't want Adam's story to end." --Peter Brown Hoffmeister, author of This Is the Part Where You Laugh "Despite heavy subject matter, Adam is hilarious and infinitely lovable, and the ending is hopeful and realistic rather than happily-ever-after and contrived."

The Hero Next Door

It was a simple incident in the life of James Clavell—a talk with his young daughter just home from school—that inspired this chilling tale of what could happen in twenty-five quietly devastating minutes. He writes, "The Children's Story came into being that day. It was then that I really realized how vulnerable my child's mind was —any mind, for that matter—under controlled circumstances. Normally I write and rewrite and re-rewrite, but this story came quickly—almost by itself. Barely three words were changed. It pleases me greatly because I kept asking the questions... Questions like, What's the use of 'I pledge allegiance' without understanding? Like Why is it so easy to divert thoughts? Like What is freedom? and Why is so hard to explain? The Children's Story keeps asking me all sorts of questions I cannot answer. Perhaps you can—then your child will."

Guys Read: Other Worlds

A postmodern masterpiece about fraud and forgery by one of the most distinctive, accomplished novelists of the last century. *The Recognitions* is a sweeping depiction of a world in which everything that anyone recognizes as beautiful or true or good emerges as anything but: our world. The book is a masquerade, moving from New England to New York to Madrid, from the art world to the underworld, but it centers on the story of Wyatt Gwyon, the son of a New England minister, who forsakes religion to devote himself to painting, only to despair of his inspiration. In expiation, he will paint nothing but flawless copies of his revered old masters—copies, however, that find their way into the hands of a sinister financial wizard by the name of Reckfall Brown, who of course sells them as the real thing. Dismissed uncomprehendingly by reviewers on publication in 1955 and ignored by the literary world for decades after, *The Recognitions* is now established as one of the great American novels, immensely ambitious and entirely unique, a book of wild, Boschian inspiration and outrageous comedy that is also profoundly serious and sad.
