### Visions of Dante in English Poetry

So many versions of the Divine Comedy exist in English that a new one might well seem needless. But most of these translations are in verse, and the intellectual temper of our time is impatient of a transmutation in which substance is sacrificed for form's sake, and the new form is itself different from the original. The conditions of verse in different languages vary so widely as to make any versified translation of a poem but an imperfect reproduction of the archetype. It is like an imperfect mirror that renders but a partial likeness, in which essential features are blurred or distorted. Dante himself, the first modern critic, declared that "nothing harmonized by a musical bond can be transmuted from its own speech without losing all its sweetness and harmony," and every fresh attempt at translation affords a new proof of the truth of his assertion. Each language exhibits its own special genius in its poetic forms. Even when they are closely similar in rhythmical method their poetic effect is essentially different, their individuality is distinct. The hexameter of the Iliad is not the hexameter of the Aeneid. And if this be the case in respect to related forms, it is even more obvious in respect to forms peculiar to one language, like the terza rima of the Italian, for which it is impossible to find a satisfactory equivalent in another tongue.

## **Divine Comedy. Volume I.**

Vertical Readings in Dante's Comedy is a reappraisal of the poem by an international team of thirty-four scholars. Each vertical reading analyses three same-numbered cantos from the three canticles: Inferno i, Purgatorio i and Paradiso i; Inferno ii, Purgatorio ii and Paradiso ii; etc. Although scholars have suggested before that there are correspondences between same-numbered cantos that beg to be explored, this is the first time that the approach has been pursued in a systematic fashion across the poem. This collection - to be issued in three volumes - offers an unprecedented repertoire of vertical readings for the whole poem. As the first volume exemplifies, vertical reading not only articulates unexamined connections between the three canticles but also unlocks engaging new ways to enter into core concerns of the poem. The three volumes thereby provide an indispensable resource for scholars, students and enthusiasts of Dante. The volume has its origin in a series of thirty-three public lectures held in Trinity College, the University of Cambridge (2012-2016) which can be accessed at the 'Cambridge Vertical Readings in Dante's Comedy' website.

The first volume presents his translation and the Italian text on facing pages; the second volume comprises his lifetime study of the Paradiso, in which Musa examines and discusses the critical commentary of other Dante scholars and presents his own ideas and interpretations.

### **Paradiso**

Boethius was an eminent public figure under the Gothic emperor Theodoric, and an exceptional Greek scholar. When he became involved in a conspiracy and was imprisoned in Pavia, it was to the Greek philosophers that he turned. THE CONSOLATION was written in the period leading up to his brutal execution. It is a dialogue of alternating prose and verse between the ailing prisoner and his 'nurse' Philosophy. Her instruction on the nature of fortune and happiness, good and evil, fate and free will, restore his health and bring him to enlightenment. THE CONSOLATION was extremely popular throughout medieval Europe and his ideas were influential on the thought of Chaucer and Dante.

### **Dante's Inferno the Divine Comedy**

The Divine Comedy (Italian: Divina Commedia) is a long Italian narrative poem by Dante Alighieri, begun c. 1308 and completed in 1320, a year before his death in 1321. It is widely considered to be the pre-eminent work in Italian literature and one of the greatest works of world literature. The poem's imaginative vision of the afterlife is representative of the medieval world-view as it had developed in the Western Church by the 14th century. It helped establish the Tuscan language, in which it is written (also in most present-day Italian-market editions), as the standardized Italian language. It is divided into three parts: Inferno, Purgatorio, and Paradiso.

### **The Divine Comedy**

Robert Durling's spirited new prose translation of the Paradiso completes his masterful rendering of the Divine Comedy. Durling's earlier translations of the Inferno and the Purgatorio garnered high praise, and with this superb version of the Paradiso readers can now traverse the entirety of Dante's epic poem of spiritual ascent with the guidance of one of the greatest living Italian-to-English translators. Reunited with his beloved Beatrice in the Purgatorio, in the Paradiso the poet-narrator journeys with her through the heavenly spheres and comes to know "the state of blessed souls after death." As with the previous volumes, the original Italian and its English translation appear on facing pages. Readers will be drawn to Durling's precise and vivid prose, which captures Dante's extraordinary range of expression--from the high style of divine revelation to colloquial speech, lyrical interludes, and scornful diatribes against corrupt clergy. This edition boasts several unique features. Durling's introduction explores the chief interpretive issues surrounding the

Paradiso, including the nature of its allegories, the status in the poem of Dante's human body, and his relation to the mystical tradition. The notes at the end of each canto provide detailed commentary on historical, theological, and literary allusions, and unravel the obscurity and difficulties of Dante's ambitious style. An unusual feature is the inclusion of the text, translation, and commentary on one of Dante's chief models, the famous cosmological poem by Boethius that ends the third book of his *Consolation of Philosophy*. A substantial section of Additional Notes discusses myths, symbols, and themes that figure in all three cantiche of Dante's masterpiece. Finally, the volume includes a set of indexes that is unique in American editions, including Proper Names Discussed in the Notes (with thorough subheadings concerning related themes), Passages Cited in the Notes, and Words Discussed in the Notes, as well as an Index of Proper Names in the text and translation. Like the previous volumes, this final volume includes a rich series of illustrations by Robert Turner.

### **Unchosen**

Pardiso is the third of three volumes of a new edition and translation of Dante's masterpiece, *The Divine Comedy*. Similar to volumes I *Inferno* and II *Purgatorio*, this translation will be into English prose, emphasizing the literal-vs-phonetic. A newly edited version of the Italian text will be on facing pages and includes fully comprehensive notes with the latest in contemporary scholarship.

### **The Divine Comedy of Dante Alighieri**

"This collection of essays explores the concept and tradition of satire in relation to Dante's *Comedy* and his other works, and the modern reception of Dante's satire in contemporary American culture. It is the first comprehensive study on Dante and satire within his entire corpus that has ever been published in recent times"--

The Divine Comedy is an epic poem by Dante Alighieri, begun c. 1308 and completed 1320, a year before his death in 1321. It is widely considered the preeminent work of Italian literature and is seen as one of the greatest works of world literature. It is divided into three parts: Paradiso (Paradise), Purgatorio (Purgatory), and Inferno (Hell).

### **The Consolation of Philosophy**

Paradise, the third and final part of The Divine Comedy, tells the story of Dante's journey through the heavenly realms. Representative of the divine soul's ascent to the Lord, this timeless epic portrays heaven as a series of intricate spheres which surround the Earth. Each of these represents an astronomical body, such as the Moon, Mercury, Venus and even the distant stars. Dante's deceased love interest, Beatrice Portinari, is his guide through the journey to the paradise of heaven. Just as Dante depicted Hell as having nine circles, Heaven

is depicted as consisting of nine celestial spheres. Gradually the pair ascend through each of these, observing their appearance and meeting with various inhabitants along the way. The poem's grand finale sees Dante and Beatrice enter the Empyrean - the very home of God himself. Beatrice's beauty becomes more marked, while Dante himself is bathed in an intense light, so that he may be fit to behold the divine.

## **The Divine Comedy, Volume 1, Hell**

Purgatorio is the second part of Dante's Divine Comedy, following the Inferno, and preceding the Paradiso. The poem was written in the early 14th century. It is an allegory telling of the climb of Dante up the Mount of Purgatory, guided by the Roman poet Virgil, except for the last four cantos at which point Beatrice takes over as Dante's guide. Purgatory in the poem is depicted as a mountain in the Southern Hemisphere, consisting of a bottom section (Ante-Purgatory), seven levels of suffering and spiritual growth (associated with the seven deadly sins), and finally the Earthly Paradise at the top. Allegorically, the Purgatorio represents the penitent Christian life. In describing the climb Dante discusses the nature of sin, examples of vice and virtue, as well as moral issues in politics and in the Church. The poem outlines a theory that all sins arise from love - either perverted love directed towards others' harm, or deficient love, or the disordered or excessive love of good things.

## **Paradise: Paradiso - The Divine Comedy, Book Three (Hardcover)**

Paradiso The Divine Comedy (Italian: La Commedia, later La Divina Commedia) is a poem by Dante Alighieri, begun c. 1308 and completed in 1320, that gives the widest synthesis of medieval culture and world ontology. It is a real medieval encyclopedia of scientific, political, philosophical, moral and religious knowledges. It is considered to be the preeminent work in Italian and world literature. In the earthy heaven Dante meets Beatrice, sitting in a chariot pulled by a vulture (allegory of the triumphed church); she persuades Dante to repent and praises him, already enlightened, to the skies. In the third part of the poem, Dante travels among seven spheres of Heaven that encircle the Earth and are relevant to the seven planets. Here Dante is introduced to paradise and even meets the Creator.

The Divine Comedy by Dante, Illustrated, Paradise, Volume 3 by Henry Francis Cary Astounded, to the guardian of my steps I turn'd me, like the chill, who always runs thither for succour, where he trusteth most, And she was like the mother, who her son beholding pale and breathless, with her voice soothes him, and he is cheer'd; for thus she spake, Soothing me: "Know'st not thou, thou art in heav'n? And know'st not thou, whatever is in heav'n, Is holy, and that nothing there is done but is done zealously and well? Deem now, What change in thee the song, and what my smile had wrought, since thus the shout had pow'r to move thee. In which couldst thou have understood their prayers, The vengeance were already known to thee, Which thou must witness ere thy mortal hour, The sword of heav'n is not in haste to smite, Nor yet doth linger, save unto his seeming, Who in desire or fear doth look for it. But elsewhere now I bid thee turn thy view; So shalt thou many a famous spirit behold." Mine eyes directing, as she will'd, I saw a hundred little spheres, that fairer grew by interchange of splendour. I remain'd, As one, who fearful of o'er-much presuming, Abates in him the keenness of desire, Nor dares to question, when amid those pearls, One largest and most lustrous onward drew, That it might yield contentment to my wish; And from within it these the sounds I heard. "If thou, like me, beheldest the charity that burns amongst us, what thy mind conceives, Were utter'd. But that, ere the lofty bound thou reach, expectance may not weary thee, I will make answer even to the thought, Which thou hast such respect of. In old days, That mountain, at whose side Cassino rests, Was on its height frequented by a race deceived and ill dispos'd: and I it was, Who thither carried first the name of Him, Who brought the soul-subliming truth to man. And such a speeding grace shone over me, That from their impious worship I reclaim'd the dwellers

round about, who with the world were in delusion lost. We are delighted to publish this classic book as part of our extensive Classic Library collection. DANTE/INFERNO VOL 1 (BC)

## **The Divine Comedy**

An innovative and fascinating new version of Dante Alighieri's Inferno as it has never been rendered. Stopped mid-motion in the middle of what we call a life, I looked up and saw no sky— Only a dense cage of leaf, tree, and twig. I was lost. --from Canto I Award-winning poet Mary Jo Bang has translated the Inferno into English at a moment when popular culture is so prevalent that it has even taken Dante, author of the fourteenth century epic poem, The Divine Comedy, and turned him into an action-adventure video game hero. Dante, a master of innovation, wrote his poem in the vernacular, rather than in literary Latin. Bang has similarly created an idiomatically rich contemporary version that is accessible, musical, and audacious. She's matched Dante's own liberal use of allusion and literary borrowing by incorporating literary and cultural references familiar to contemporary readers: Shakespeare and Dickinson, Freud and South Park, Kierkegaard and Stephen Colbert. The Inferno--the allegorical story of a spiritual quest that begins in a dark forest, traverses Hell's nine circles, and ends at the hopeful edge of purgatory--was also an indictment of religious hypocrisy and political corruption. In its time, the poem was stunningly new. Bang's version is true to the original: lyrical, politically astute, occasionally self-mocking, and deeply moving. With haunting illustrations by Henrik Drescher, this is the most readable Inferno available in English, a truly remarkable achievement.
