## How to Be King of Pride Rock

Young women are deeply dissatisfied with society's standards (and double standards). They want more for themselves--but sometimes they don't quite know what that more should be. That's where Miss Black New Jersey 2018 and Teen Vogue "It Girl" turned fashion writer Tarah-Lynn Saint-Elie comes in. Through her insightful comments on media, pop culture, and pervading cultural myths about beauty, fashion, and womanhood, Tarah-Lynn dismantles the messages that feed into the insecurities, fears, doubts, and guilt that young women experience today. She introduces them to an understanding of God as a loving Father and the King of all kings, who bestows upon his daughters a crown of love, worth, and power. And she shows them how to not only claim the promises of God but also walk purposefully in them as independent women (no prince necessary!) who respond to adversity with righteousness and authority.

## Living with Confidence in a Chaotic World

Winner of the Pulitzer Prize "A masterwork . . . the novel astonishes with its inventiveness . . . it is nothing less than a grand comic fugue." The New York Times Book Review A Confederacy of Dunces is an American comic masterpiece. John Kennedy Toole's hero, one Ignatius J. Reilly, is "huge, obese, fractious, fastidious, a latter-day Gargantua, a Don Quixote of the French Quarter. His story bursts with wholly original characters, denizens of New Orleans' lower depths, incredibly true-to-life dialogue, and the zaniest series of high and low comic adventures" (Henry Kisor, Chicago Sun-Times).

### Brave New Girl

"Becky Farwell is one of the most wickedly compelling characters I've read in ages -- a Machiavellian marvel, a modern Becky Sharp, a character to root for despite your better judgment -- and her story, both topical and timeless, will knock you off your feet." -- Rebecca Makkai, author of *The Great Believers*

Catch Me If You Can meets Patricia Highsmith in this electrifying page-turner of greed and obsession, survival and self-invention that is a piercing character study of one unforgettable female con artist. At the end of the 1990s, with the art market finally recovered from its disastrous collapse, Miss Rebecca Farwell has made a killing at Christie's in New York City, selling a portion of her extraordinary art collection for a rumored 900 percent profit. Dressed in couture YSL, drinking the finest champagne at trendy Balthazar, Reba, as she's known, is the picture of a wealthy art collector. To some, the elusive Miss Farwell is a shark with outstanding business acumen. To others, she's a heartless capitalist whose only interest in art is how much she can make. But a thousand miles from the Big Apple, in the small town of Pierson, Illinois, Miss Farwell is someone else entirely -- a quiet single woman known as Becky who still lives in her family's farmhouse, wears sensible shoes, and works tirelessly as the town's treasurer and controller. No one understands the ins and outs of Pierson's accounts better than Becky; she's the last one in the office every night, crunching the numbers. Somehow, her neighbors marvel, she always finds a way to get the struggling town just a little more money. What Pierson doesn't see -- and can never discover -- is that much of that money is shifted into a separate account that she controls, -- borrowed -- funds used to finance her art habit. Though she quietly repays Pierson when she can, the business of art is cutthroat and unpredictable. But as Reba Farwell's deals get bigger and bigger, Becky Farwell's debt to Pierson spirals out of control. How long can the talented Miss Farwell continue to pull off her double life?

## Writer's Doubt

## Radical Uncertainty

Best-selling author Tom Bower reveals the power, passion and defiance of Prince Charles. Few heirs to the throne have suffered as much humiliation as Prince Charles. Despite his hard work and genuine concern for the disadvantaged, he has struggled to overcome his unpopularity. After Diana's death, his approval rating crashed to 4% and has been only rescued by his marriage to Camilla. Nevertheless, just one third of Britons now support him to be the next king. Many still fear that his accession to the throne will cause a constitutional crisis. That mistrust climaxed in the aftermath of the trial of Paul Burrell, Diana's butler, acquitted after the Queen's sensational 'recollection'. In unearthing many secrets surrounding that and many other dramas, Bower's book, relying on the testimony from over 120 people employed or welcomed into the inner sanctum of Clarence House, reveals a royal household rife with intrigue and misconduct. The result is a book which uniquely will probe into the character and court of the Charles that no one, until now, has seen.

## The Ultimate Self Care Book

The classic 1940 study of con men and con games that Luc Sante in *Salon* called "a bonanza of wild but credible stories, told concisely with deadpan humor, as sly and rich in atmosphere as anything this side of Mark Twain." "Of all the grifters, the confidence man is the aristocrat," wrote David Maurer, a proposition he definitely proved in *The Big Con*, one of the most colorful, well-researched, and entertaining works of criminology ever written. A professor of linguistics who specialized in underworld argot, Maurer won the trust of hundreds of swindlers, who let him in on not simply their language but their folkways and the astonishingly complex and elaborate schemes whereby unsuspecting marks, hooked by their own greed and dishonesty, were "taken off" i.e. cheated of thousands upon thousands of dollars. *The Big Con* is a treasure trove of American lingo (the write, the rag, the payoff, ropers, shills, the cold poke, the convincer, to put on the send) and indelible characters (Yellow Kid Weil, Barney the Patch, the Seldom Seen Kid, Limehouse Chappie, Larry the Lug). It served as the source for the Oscar-winning film *The Sting*.

How could General Electric—perhaps America’s most iconic corporation—suffer such a swift and sudden fall from grace? This is the definitive history of General Electric’s epic decline, as told by the two Wall Street Journal reporters who covered its fall. Since its founding in 1892, GE has been more than just a corporation. For generations, it was job security, a solidly safe investment, and an elite business education for top managers. GE electrified America, powering everything from lightbulbs to turbines, and became fully integrated into the American societal mindset as few companies ever had. And after two decades of leadership under legendary CEO Jack Welch, GE entered the twenty-first century as America’s most valuable corporation. Yet, fewer than two decades later, the GE of old was gone. *Lights Out* examines how Welch’s handpicked successor, Jeff Immelt, tried to fix flaws in Welch’s profit machine, while stumbling headlong into mistakes of his own. In the end, GE’s traditional win-at-all-costs driven culture seemed to lose its direction, which ultimately caused the company’s decline on both a personal and organizational scale. *Lights Out* details how one of America’s all-time great companies has been reduced to a cautionary tale for our times.

### The Talented Miss Farwell

*The Island of Lost Maps* tells the story of a curious crime spree: the theft of scores of valuable centuries-old maps from some of the most prominent research libraries in the United States and Canada. The perpetrator was Gilbert Joseph Bland, Jr., an enigmatic antiques dealer from South Florida, whose cross-country slash-and-dash operation had gone virtually undetected until he was caught in 1995—and was unmasked as the most prolific American map thief in history. As Miles Harvey unravels the mystery of Bland’s life, he maps out the world of cartography and cartographic crime, weaving together a fascinating story of exploration, craftsmanship, villainy, and the lure of the unknown.

### Confidence: The Journal

From the author of the New York Times bestseller *So You Want to Talk About Race*, a subversive history of white male American identity. What happens to a country that tells generation after generation of white men that they deserve power? What happens when success is defined by status over women and people of color, instead of by actual accomplishments? Through the last 150 years of American history -- from the post-reconstruction South and the mythic stories of cowboys in the West, to the present-day controversy over NFL protests and the backlash against the rise of women in politics -- Ijeoma Oluo exposes the devastating consequences of white male supremacy on women, people of color, and white men themselves. *Mediocre* investigates the real costs of this phenomenon in order to imagine a new white male identity, one free from racism and sexism. As provocative as it is essential, this book will upend everything you thought you knew about American identity and offers a bold new vision of American greatness.

## A Confederacy of Dunces

A gripping novel set during Mussolini's 1935 invasion of Ethiopia, *The Shadow King* takes us back to the first real conflict of World War II, casting light on the women soldiers who were left out of the historical record. With the threat of Mussolini's army looming, recently orphaned Hirut struggles to adapt to her new life as a maid in Kidane and his wife Aster's household. Kidane, an officer in Emperor Haile Selassie's army, rushes to mobilize his strongest men before the Italians invade. His initial kindness to Hirut shifts into a flinty cruelty when she resists his advances, and Hirut finds herself tumbling into a new world of thefts and violations, of betrayals and overwhelming rage. Meanwhile, Mussolini's technologically advanced army prepares for an easy victory. Hundreds of thousands of Italians—Jewish photographer Ettore among them—march on Ethiopia seeking adventure. As the war begins in earnest, Hirut, Aster, and the other women long to do more than care for the wounded and bury the dead. When Emperor Haile Selassie goes into exile and Ethiopia quickly loses hope, it is Hirut who offers a plan to maintain morale. She helps disguise a gentle peasant as the emperor and soon becomes his guard, inspiring other women to take up arms against the Italians. But how could she have predicted

### Growing in Holiness

Francis Gurry's renowned work, *Breach of Confidence*, published in 1984, was groundbreaking and invaluable in the field of intellectual property as the first text to synthesise the then burgeoning case law on breach of confidence into a systematic form. A highly regarded book, it was the first point of resort for practitioners and a key source for judges. Aplin, Bently, Johnson and Malynicz bring us a new edition of this important work, which remains faithful to the original in its approach, but is fully updated in light of the developments since the first edition. The authors expand upon the original work, in particular adding new material on the history and current relevance of the action for breach of confidence. The authors stress both the advantages and disadvantages of the action for breach of confidence and, like Gurry, they constantly distinguish the action from associated legislative regimes which regulate the access to, acquisition, use and disclosure of information. The book extensively references the many analyses of the data protection regime and considers also issues of jurisdiction and choice of applicable law. Bringing together their particular skills and interests, the three authors produce a fresh re-writing of a highly significant text which retains the academic quality and precision of the original and stakes its claim once more as the leading authority in the field.

### Mediocre

The "unputdownable" (Dave Eggers, National Book award finalist) story of the most infamous American con man you've never heard of: James Strang, self-proclaimed divine king of earth, heaven, and an island in Lake Michigan, "perfect for fans of The Devil in the White City" (Kirkus) A New York Times Book Review Editors' Choice "A masterpiece." -- Nathaniel Philbrick In the summer of 1843, James Strang, a charismatic young lawyer and avowed atheist, vanished from a rural town in New York. Months later he reappeared on the Midwestern frontier and converted to a burgeoning religious movement known as Mormonism. In the wake of the murder of the sect's leader, Joseph Smith, Strang unveiled a letter purportedly from the prophet naming him successor, and persuaded hundreds of fellow converts to follow him to an island in Lake Michigan, where he declared himself a divine king. From this stronghold he controlled a fourth of the state of Michigan, establishing a pirate colony where he practiced plural marriage and perpetrated thefts, corruption, and frauds of all kinds. Eventually, having run afoul of powerful enemies, including the American president, Strang was assassinated, an event that was frontpage news across the country. The King of Confidence tells this fascinating but largely forgotten story. Centering his narrative on this charlatan's turbulent twelve years in power, Miles Harvey gets to the root of a timeless American original: the Confidence Man. Full of adventure, bad behavior, and insight into a crucial period of antebellum history, The King of Confidence brings us a compulsively readable account of one of the country's boldest con men and the boisterous era that allowed him to thrive.

overflowing with confidence, but if you're anything like the average woman, insecurity may still be a struggle at times. Why do we struggle when we have such a secure identity? Because we are forgetful. We take our eyes off God and forget what He says about who we are. We instead focus on how we feel about ourselves and let doubt creep in. We worry about how others perceive us, and live a life seeking to gain their approval. It's time to refocus our minds onto what God says about us, replacing our areas of insecurity with His Truth. This focused concentration and celebration of Anglican life could not be more timely. Debates on sexuality and gender (including women bishops), whether or not the church has a Covenant, or can be a Communion, and how it is ultimately led, are issues that have dominated the ecclesial horizon for several decades. No book on Anglicanism can ever claim to have all the answers to all the questions. However, Martyn Percy's work does offer significant new insights and illumination - highlighting just how rich and reflexive the Anglican tradition can be in living and proclaiming the gospel of Christ. These essays provide some sharply-focused snapshots of contemporary Anglicanism, and cover many of the crucial issues affecting Anglicans today, such as the nature of mission and ministry, theological training and formation, and ecclesial identity and leadership. Church culture is often prey to contemporary fads and fashion. Percy's work calls Anglicanism to deeper discipleship; to attend to its roots, identity and shape; and to inhabit the world with a faith rooted in commitment, confidence and Christ.
