They destroy every village they find, threatening to continue until the User-that-is-not-a-user surrenders. Wharton. Orphaned at a young age, Edith Stuyvesant Dresser claimed lineage from one of New York's best known families. She grew up in Newport and Paris, and her engagement and marriage to George Vanderbilt was one of the most watched events of Gilded Age society. But none of this prepared her to be mistress of Biltmore House. Before their marriage, the wealthy and bookish Vanderbilt had dedicated his life to creating a spectacular European-style estate on 125,000 acres of North Carolina wilderness. He summoned the famous landscape architect Frederick Law Olmsted to tame the grounds, collaborated with celebrated architect Richard Morris Hunt to build a 175,000-square-foot chateau, filled it with priceless art and antiques, and erected a charming village beyond the gates. Newlywed Edith was now mistress of an estate nearly three times the size of Washington, DC and benefactress of the village and surrounding rural area. When fortunes shifted and changing times threatened her family, her home, and her community, it was up to Edith to save Biltmore—and secure the future of the region and her husband's legacy. This is the fascinating, “soaring and gorgeous” (Karen Abbott) story of how the largest house in America flourished, faltered, and ultimately endured to this day.

Federico and Magi's Gift

Each summer a quarter-million people visit Boldt Castle and learn its tragic love story. Louise Boldt, forty-one years old and mother of two, died just as her husband was attaining great wealth and fame. In January of 1904 a telegram from George Boldt stopped work on their dream house. Despite millions of dollars spent, he abandoned the project forever. Contrary to this official version, generations of local folk have told "true stories" about what really happened. This largest book to study the Boldts and their fantastic building project presents startling revelations that alter all versions of the tragedy. The author's "Search of the Lost Story" is recalled as a series of conversations about the Boldts and their projects. The informal dialogue presents decades of research and reports interviews with family and others who have shared information, experiences, and personal impressions.

Explorer Academy: The Nebula Secret (Book 1)

From the New York Times bestselling author of *The Last Castle* and *The Girls of Atomic City* comes a new way to look at American history through the story of giving thanks. From Ancient Rome through 21st-century America, bestselling author Denise Kiernan brings us a biography of an idea: gratitude, as a compelling human instinct and a global concept, more than just a mere holiday. Spanning centuries, *We Gather Together* is anchored amid the strife of the Civil War, and driven by the fascinating story of Sarah Josepha Hale, a widowed mother with no formal schooling who became one of the 19th century's most influential tastemakers and who campaigned for decades to make real an annual day of thanks. Populated by an enthralling supporting cast of characters including Frederick Douglass, Abraham Lincoln, Sojourner Truth, Walt Whitman, Norman Rockwell, and others, *We Gather Together* is ultimately a story of tenacity and dedication, an inspiring tale of how imperfect people in challenging times can create powerful legacies. Working at the helm of one of the most widely read magazines in the nation, Hale published Edgar Allan Poe, Nathaniel Hawthorne, Harriet Beecher Stowe, and others, while introducing American readers to such

newfangled concepts as “domestic science,” white wedding gowns, and the Christmas tree. A prolific writer, Hale penned novels, recipe books, essays and more, including the ubiquitous children’s poem, “Mary Had a Little Lamb.” And Hale herself never stopped pushing the leaders of her time, in pursuit of her goal. The man who finally granted her wish about a national “thanksgiving” was Lincoln, the president of the war-torn nation in which Hale would never have the right to vote. Illuminating, wildly discussable, part myth-busting, part call to action, *We Gather Together* is full of unexpected delights and uneasy truths. The stories of indigenous peoples, immigrant communities, women’s rights activists, abolitionists, and more, will inspire readers to rethink and reclaim what it means to give thanks in this day and age. The book’s message of gratitude—especially when embraced during the hardest of times—makes it one to read and share, over and over, at any time of year.

The Templeton Twins Have an Idea

The New York Times bestseller, now available in paperback—an incredible true story of the top-secret World War II town of Oak Ridge, Tennessee, and the young women brought there unknowingly to help build the atomic bomb. “The best kind of nonfiction: marvelously reported, fluidly written, and a remarkable storyAs meticulous and brilliant as it is compulsively readable.” —Karen Abbott, author of Sin in the Second City At the height of World War II, Oak Ridge, Tennessee, was home to 75,000 residents, and consumed more electricity than New York City, yet it was shrouded in such secrecy that it did not appear on any map. Thousands of civilians, many of them young women from small towns across the U.S., were recruited to this secret city, enticed by the promise of solid wages and war-ending work. What were they actually doing there? Very few knew. The purpose of this

mysterious government project was kept a secret from the outside world and from the majority of the residents themselves. Some wondered why, despite the constant work and round-the-clock activity in this makeshift town, did no tangible product of any kind ever seem to leave its guarded gates? The women who kept this town running would find out at the end of the war, when Oak Ridge's secret was revealed and changed the world forever. Drawing from the voices and experiences of the women who lived and worked in Oak Ridge, *The Girls of Atomic City* rescues a remarkable, forgotten chapter of World War II from obscurity. Denise Kiernan captures the spirit of the times through these women: their pluck, their desire to contribute, and their enduring courage. "A phenomenal story," and *Publishers Weekly* called it an "intimate and revealing glimpse into one of the most important scientific developments in history." "Kiernan has amassed a deep reservoir of intimate details of what life was like for women living in the secret city Rosie, it turns out, did much more than drive rivets." —*The Washington Post*
