Saint Bonaventure prefaces his work: "AMONG the many encomiums and praises bestows on the holy Virgin, St. Cecillie, it is recorded of her, that she kept the Gospel of Christ continually enshrined in her breast: the meaning of which seems to be, that she selected such passages from our Lord's life and actions, contained in that divine volume, as tended most to raise her devotion, and inflame her love. On these she meditated day and night, and such was the fervor of her heart, and the ardor of her affections, that she did not content herself with a single perusal, but was accustomed to read the most striking parts many times over, and carefully deposit them in the sanctuary of her heart. The like practice I recommend to you, as I

look upon it to be the most material branch of spiritual study, and even the most beneficial of all devout exercises, and that which is most capable of leading you to the summit of Christian perfection. For surely the holy life of Christ, not merely free from the minutest blemish, but even divinely perfect, must be the best and only sure fountain whence we can hope to draw the perfect knowledge necessary to arm our breast against the flattering, yet fleeting vanities of the world; to render us steady amidst tribulations and adversities; and finally, to preserve us from vice, and facilitate the possession of every virtue. Frequent and habitual meditations on that divine subject being the readiest means to introduce the soul, as it were, into such a kind of familiarity, confidence, and love of him, as will insensibly create in it a contempt and distaste of everything else, and will effectually instruct it., both in what to do, and what to avoid doing.

Of the life and work of Jesus, the apostle John said, "Even the world itself could not contain the books that should be written" (John 21:25). Acknowledging the size of the task, as well as its importance, Dr. John F. Walvoord has written this systematic presentation of the Person and work of Christ from eternity past to eternity future. Beginning with an analysis of modern trends in the study of Christology, Dr. Walvoord shows that "contemporary Christology has in many respects confused rather than clarified the extended revelation of the Word of God." The Word of God forms the solid basis for Dr. Walvoord's entire study. Analyzing the Old Testament, he shows Christ in its history, typology, and prophecy. Then, in the New Testament, he examines the life and work of the incarnate Christ. The doctrines of atonement, redemption, propitiation, and reconciliation are thoroughly and clearly discussed. The book concludes with an examination of the present and future work of Christ, thus giving the reader a comprehensive study of Christology

Archbishop Alban Goodier, S.J. fills in the many blanks in the historical narratives about the Passion of Jesus Christ with a riveting account based on history, culture and his own deep spiritual insights. He brings to life and unifies the many observations, emotions and subtle and not-so-subtle actions that revolve around the person of God the Son as he faces his most tragic and triumphant moment. The author's unique approach intersperses Scripture accounts with the commentary of an incisive narrator who sifts and judges from the span of hundreds of years. He draws from the obvious as well as the obscure, and finds supernatural meaning in the most mundane actions that surround the suffering Christ. In the hands of this writer, the Lord's few words, accompanied by the author's commentary, challenge contemporary believers as much as they did those who first followed in the footsteps of Christ and his apostles. The author was born in 1869 in Lancashire, northern England and educated at the prominent Catholic college, Stonyhurst, which has been the source of many English Catholic politicians, intellectuals and business people. After a degree from the University of London, he was ordained a Jesuit in 1903. He served as archbishop of Bombay from 1919 to 1926 and returned to England to write and serve as a chaplain until his death in 1939.

### **The Life of Our Lord Jesus Christ**

My dear children, I am very anxious that you should know something about the History of Jesus Christ. For everybody ought to know about Him. No one ever lived, who was so good, so kind, so gentle, and so sorry for all people who did wrong, or were in anyway ill or miserable, as he was. And as he is now in Heaven, where we hope to go, and all to meet each other after we are dead, and there be happy always together, you never can think what a good place Heaven, is without knowing who he was and what he did.

Blessed Anne Catherine Emmerich presents the reader with a vivid account of Our Blessed Saviour's ministry life from his Nativity to the Resurrection. Her visions embellish the New Testament account with ideas about the culture, customs, political and religious sects, architecture, geography, agriculture, and even the weather conditions of first-century Palestine. When reading her descriptions you feel as if you were watching Jesus' life unfold as a spectator at the events themselves. While depicting the most profound mysteries of Judaism and Christianity, her narrative synchronises all the events of the Gospels with the feasts, fasts and Sabbaths of the ancient Jewish calendar and liturgy. It includes biographies of the ancestors and relatives of the Holy Family, John the Baptist, the Apostles and minor disciples, Mary Magdalene, Judas and others who knew Our Lord while he dwelt among us. The details contained in the Life of Our Lord profoundly reveal the heart of Our Saviour Jesus Christ.

### **Life of Christ**

The Public Life of Our Lord Jesus Christ, by Bishop Goodier, takes the subject of Christ's life from the coming of John the Baptist until his last day before Palm Sunday and the beginning of His passion. The second volume continues where the first left off in Our Lord's life and continues the same original commentary and discussion all the way to passion week. The wonderful thing of Bishop Goodier's narrative is that it does not make use of secondary sources or copious quotes, rather he simply quotes the Scriptures and organizes the teaching of the Gospels into the sequential occurrence of events, as well as showing the harmony of the Evangelists. If you want to know more about our Lord and understand the places he is going to, what he is doing and why, this is the perfect work. The new edition includes wonderful depictions of events from Renaissance art. For more information, visit: <http://www.mediatrixpress.com>

### **The Life of Our Blessed Lord and Saviour Jesus Christ**

The Public Life of Our Lord Jesus Christ, by bishop Goodier, takes the subject of Christ's life from the coming of John the Baptist until his last day before Palm Sunday and the beginning of His passion. In this work Goodier sets out not merely to write another life of Christ or follow the mold of a devotional work or a scientific analysis but to transcend both to apply logic and reason combined with Catholic faith to understand who Jesus was, and what was the impact of his public life, what was it like for those there, what did his disciples and enemies think? Goodier's text is descriptive, lucid, and original, not being loaded up with quotes from other authors. Moreover, it is entirely faithful to the text of the Gospels and harmonizes the four narratives into one account spanning the three years of Christ's public life before His passion. In this text you will find Bishop Goodier faithful to the Gospel narrative unlike many writers in his time who applied the historical critical method to such lengths that they had rejected the gospels themselves as witnesses. Goodier notes in his introduction: "Hence in a work of this kind it has not seemed necessary to introduce any discussion concerning the four Evangelists, the authenticity of their work, or the special characteristics of each. These have been examined and proved by writers far more skilled and learned than the author and he is content to accept their decision referring readers who would examine these sources to

them. On the other hand, when accepting the Gospels, he accepts them wholly and entirely. It seems to him a futile attitude of mind to take a source as authentic, and then, almost entirely from internal evidence, to proceed to whittle it away. For instance, let us take the miracles. Not only do the four Evangelists record them, but they record them as an essential part of their evidence; so essential, in every case, that if they are eliminated their whole concept of Jesus tumbles to ruins. There is scarcely any miracle which may be canceled without involving in its fall many other portions of the Gospel; eliminate them all and there is virtually nothing left. Far more fair to the facts, even from the point of view of the rationalist historian, does it seem to the author to take the evidence as he finds it, make of it the best he can, put faith in those whom he professes to acknowledge as his only safe guides, build up his picture of Jesus as they have built it up and with the same material. If he accepts some evidence and rejects the rest, this at least he must confess: that the conclusion he draws, whether true or not, cannot possibly be the picture drawn by the four Evangelists. In the present work the four Gospels have been taken simply as they are given to us; the question has been simply asked: What is the Jesus of the four Evangelists like?" (From the Introduction) This reprint from the 1944 edition has been made faithful to the original in every detail, retaining UK spelling standards found in the original. The only changes made are the correction of errata in the original text. Additionally, artwork from the Renaissance and Baroque periods has been added which is not in the original to aid the reader. This is not a facsimile copy. For more information on this and other titles, visit Mediatrix press at [www.mediatrixpress.com](http://www.mediatrixpress.com).

Widely proclaimed a classic work of Christian faith, Life of Christ has been hailed as the most eloquent of Fulton J. Sheen's many books. The fruit of many years of reflection, prayer, and research, it is a dramatic and moving recounting of the birth, life, Crucifixion, and Resurrection of Christ, and a passionate portrait of the God-Man, the teacher, the healer, and, most of all, the Savior, whose promise has sustained humanity for two millenia. With his customary insight and reverence, Sheen interprets the Scripture and describes Christ not only in historical perspective but also in exciting and contemporary terms -- seeing in Christ's life both modern parallels and timeless lessons. His thoughtful, probing analysis provides new insight into well-known Gospel events. An appealing blend of philosophy, history, and biblical exegesis, from the best-known and most-loved American Catholic leader of the twentieth century, Life of Christ has long been a source of inspiration and guidance. For those seeking to better understand the message of Jesus Christ, this vivid retelling of the greatest story ever lived is a must-read.
