One Best Hike: Mount Whitney

The essential, cut-to-the-chase handbook to the Pacific Crest
Trail, based on the comprehensive Wilderness Press
guidebooks to the PCT, has been completely updated.
Packed with trail-tested features, it's useful both on and off

Access Free The Lone Star Hiking Trail The Official Guide To The Longest Wilderness Footpath In Texas

the trail, covering pre-trip planning for resupply stops, how to set daily on-the-trail mileage goals by knowing trail gradient and the locations of campsites, water sources, and facilities, and how to easily calculate distances between any two points on the trail, and how to planning both north-bound and south-bound hiking trips.

Best Hikes with Dogs Texas Hill Country and Coast

The most comprehensive, map-packed guide available for Texas walkers, hikers, and backpackers.

60 Hikes Within 60 Miles: Houston

Maui is indeed a hiker's paradise. An impressive network of trails crisscross the second-largest Hawaiian island, from meditative beach walks to heady treks high atop a volcano. Hidden in cloud forest, more trails lead to tumbling waterfalls, hidden springs and groves of bamboo. Back down on the coast, treks lead to natural lava-rock blowholes and sea arches, past ocean pools, and deserted beaches. Wander across lava flows that feel primeval, examine ancient Hawaiian petroglyphs up close, or follow the King's Highway that Hawaiian royalty once trod. All this and more awaits on Maui's hiking trails, most of which are easily accessible day trips. From any point on the island, any of the dozens of trailheads pinpointed in this book is at most a couple of hours' drive away, and often far closer than that. Top Trails Maui presents 37 premier day hiking and overnight camping and backpacking trips suited to all levels of ability and interests. The book is divided into four major geographical areas: West Maui, Central/South Maui, East Maui/Upcountry, and Haleakala National Park. All of the trails offer scenic beauty

Access Free The Lone Star Hiking Trail The Official Guide To The Longest Wilderness Footpath In Texas

and ease of access for hikers. Together, these trails represent the island's incredible diversity of ecological systems and environments, from lava flows and multi-colored cinder cones to cloud forests filled with native bird song and hidden waterfalls. Some of the hiking trails described here are popular with both locals and visitors, while others are virtually a local secret. With the Top Trails winning formula of easy-to-follow maps for every hike, trail-feature charts, feature icons, "don't get lost" trail milestones, and GPS waypoints, readers can easily identify the right trail for their interests, abilities, and available time.

50 Best Short Hikes in Utah's National Parks

This completely revised and updated 8th edition of Sierra South now covers an expanded region of the Sierra, from the southern boundary of Yosemite National Park to southern Golden Trout Wilderness. With new trips and old favorites, Sierra South is the classic guide to backpacking in Sequoia and Kings Canyon national parks, Ansel Adams Wilderness, and Mt. Whitney.

MONSTER HIKE

Covers the Santa Monica, San Gabriel, San Jacinto, and San Bernardino mountains, and the Mojave and Colorado deserts. This updated and revised edition of one of our best-selling guidebooks includes 12 new hikes and updated information for hikes from the previous edition. All trips have been rehiked for this update. Each trip includes a

Access Free The Lone Star Hiking Trail The Official Guide To The Longest Wilderness Footpath In Texas

map, photos, trail highlights, and symbols to tell you the basics of the trip at a glance. Each map now includes key GPS coordinates.

Your Complete Guide to the Arizona National Scenic Trail

Colorado has 53 14ers, more than 600 13ers, and hundreds of other peaks that can be reached without special equipment or expertise. Numerous guides dryly catalog these trails, but *Best Summit Hikes in Colorado* stands out from them all. Author James Dziezynski has meticulously selected 80+ of the state's absolute best peaks in more than 50 superlative hikes, and his opinionated narrative brings each route to life. Each summit is included because of a notable feature--whether it's the site of a ghost mine or airplane wreckage, has thundering waterfalls or colorful floral meadows, is the best summit for spotting wildlife or bringing out-of-town friends, or is very accessible. Some peaks offer unique opportunities, such as a trailhead accessible only via a steam-powered railroad. Several summits are described in no other publication. Covering all Colorado's major mountain ranges, including the well-known Sangre De Cristo, Gore, Sawatch, Indian Peaks, and Maroon Bell wilderness areas to the lesser-known Grenadiers, Medicine Bow, and Outer San Juan peaks, this distinctive guide makes it easy to select exactly the right hike for the right day, the right mood, and the right companions.

Moon Texas

Since it was first published in 1996, *Official Guide to Texas State Parks and Historic Sites* has become Texans' one-stop

Access Free The Lone Star Hiking Trail The Official Guide To The Longest Wilderness Footpath In Texas

source for information on great places to view scenic landscapes, tour historical sites, camp, fish, hike, backpack, swim, ride horseback, go rock climbing, and enjoy almost any other outdoor recreation. This revised edition includes five new state parks and historical sites, completely updated information for every park, and many beautiful new photographs. The book is organized by geographical regions to help you plan your trips around the state. For every park, Laurence Parent provides all of the essential information: The natural or historical attractions of the park Types of recreation offered Camping and lodging facilities Addresses and phone numbers A locator map Magnificent color photographs So if you want to watch the sun set over Enchanted Rock, fish in the surf on the beach at Galveston, or listen for a ghostly bugle among the ruins of Fort Lancaster, let this book be your complete guide. Don't take a trip in Texas without it.

Sierra South

101 Hikes in Northern California by Matt Heid benefits readers by narrowing down the multitude of options for hiking in Northern California to the very best of the best adventures. It is distinct from other similar guidebooks in that it covers the northern two-thirds of the state, including nearly the entirety of the Sierra Nevadas south to Kings Canyon National Park, and the entire Big Sur region along the coast south to Silver Peak Wilderness. It also provides significant geographic diversity: hikes are spread out across the entire region. No matter where you are in northern California, you can find a hike in the book within a short drive. The guide is unique in the amount of natural history information it provides, especially the geologic stories of the featured destinations. It provides not just the essential directions for completing a hike, it enhances the experience by telling the story of how the landscape came to be the way it is.

Top Trails: Maui

50 Best Short Hikes San Diego highlights enough diverse routes in Southern California's showpiece city for a year of weekly hikes. From sidewalk strolls and historic neighborhoods, to wildflowers and waterfalls, pleasant pastimes and panoramic vistas unfold in this handy guidebook. As the title says, these routes are "short." They range from less than 1 mile to nearly 8 miles, with an average of 5 miles, each, over all 50 of the hikes. And all lie within 30 miles of San Diego's central core. Outdoor author and

Access Free The Lone Star Hiking Trail The Official Guide To The Longest Wilderness Footpath In Texas

longtime San Diego resident Jerry Schad takes you from the beauty of Del Mar Crest and Beach on the north coast, to the inland Elfin Forest Recreational Reserve. He guides you from walks in San Diego's Torrey Pines Beach and Reserve, to Rice Canyon in the south and the Hollenbeck Preserve in the east. Beaches, urban settings, nature preserves, and mountain peaks beckon locals to explore their own backyards and visitors to enjoy one of America's most stunning metropolitan environments. Detailed maps and enticing photos accompany each descriptive entry. Whether you have one hour or all day to stretch your legs, you'll find yourself turning to this guidebook again and again.

Hiking Texas

* All trails within driving distance of Austin, San Antonio, and Houston * Terrain that's hazard-free and easy on the dog paws * Guidebook includes what to pack for your dog - the Ten Canine Essentials and the Doggy First-Aid Kit A native of Texas, Melissa Gaskill has spent more than 20 years hiking and camping with her dogs all over the Lonestar State. In this guidebook, she shares her favorite hikes in the Hill Country and Coast areas that are sure to delight both you and your dog. The trails in range from short jaunts to longer, challenging hikes. Discover everything from rugged hills with limestone cliffs and rolling terrain, to wide-open areas with brush and cactus, to the coastal plain with its grasslands and pine forests. For each hike, leash regulations and availability of water are noted, along with any trail concerns pertinent for your dog. Advice is given on topics such as proper canine trail etiquette, wildlife encounters, and weather concerns. There's also a handy Trail Finder chart that lists hikes by length, terrain, difficulty for dogs, and more.

The Lone Star Hiking Trail

Take a Hike on a Long Texas Trail One of the hidden jewels of Texas, the Lone Star Hiking Trail (LSHT) is the only long-distance National Recreation Trail in the state. At 128 miles—including loop trails—it is the state's longest continuously marked and maintained footpath. Located in East Texas's famed Big Thicket area, the trail winds through the thick woodlands of Sam Houston National Forest, an ecologically diverse region within a few hours' drive of Houston-Galveston, Dallas-Fort Worth, Austin, and San Antonio. Let Texas native and experienced long-distance hiker Karen Borski Somers guide you along this incomparable footpath, well-suited for both short and long hikes of up to 10 days, appealing to day hikers, overnight backpackers, and thru-hikers. The author conveniently divides the trail into 10 sections, complete with an overview, section map, GPS waypoints, trail description, mileage chart, and more. It's everything you need from the guidebook that's officially endorsed and promoted by the Lone Star Hiking Trail Club.

Best Summit Hikes in Colorado

In 1976, the US Supreme Court ruled in *Gregg v. Georgia* that the death penalty was constitutional if it complied with certain specific provisions designed to ensure that it was reserved for the 'worst of the worst.' The same court had rejected the death penalty just four years before in the *Furman* decision because it found that the penalty had been applied in a capricious and arbitrary manner. The 1976 decision ushered in the 'modern' period of the US death penalty, setting the country on a course to execute over 1,400 inmates in the ensuing years, with over 8,000 individuals currently sentenced to die. Now, forty years after the decision, the eminent political scientist Frank Baumgartner along with a team of younger scholars (Marty Davidson, Kaneesha Johnson, Arvind Krishnamurthy, and Colin Wilson) have collaborated to assess the empirical record and provide a definitive account of how the death penalty has been implemented. Each chapter addresses a precise empirical question and provides evidence, not opinion, about whether how the modern death penalty has functioned. They decided to write the book after Justice Breyer issued a dissent in a 2015 death penalty case in which he asked for a full briefing on the constitutionality of the death penalty. In particular, they assess the extent to which the modern death penalty has met the aspirations of *Gregg* or continues to suffer from the flaws that caused its rejection in *Furman*. To answer this question, they provide the most comprehensive statistical account yet of the workings of the capital punishment system. Authoritative and pithy, the book is intended for both students in a wide variety of fields, researchers studying the topic, and--not least--the Supreme Court itself.

The desire to know God is universal-we want to understand our connection. Have you ever hiked the high mountains or explored the deserts of the American southwest? Have you wandered inquisitively through a thick forest, or just sat down beside a rushing stream? Have you pondered the intricate design of a flower or discovered the water canals in a single blade of grass? Have you considered the majesty of the birds or the way of the animals? The greatest Artist in all the universe created each of these things. They know the Artist and can teach you how deeply He cares for you as a human being. You are about to embark on an illuminating journey in the company of author Mark Stephen Taylor. A former California police officer, educated in criminal psychology, geology, and now a Biblical teacher and counselor, Mark offers us unique insights into the profound attributes of God, through His creation. He also enlightens us, with intense honesty, regarding who we are, what we are, and where we're going. He helps us to understand our purpose in life. Through his own autobiography He hikes us over a diversity of terrain, allowing us to make personal discoveries beyond any expectation. Hiking the Trail of Truth is the adventure of a lifetime. If you have what it takes to endure the journey it will be remarkably well worth your time. Whether you are an artist, a scientist, a doctor, a lawyer, a teacher, a preacher, an executive, an office worker or a laborer of any kind-no matter what your calling in life-you will be both physically and spiritually nourished by this hike. Do you enjoy hiking? Well, what are you waiting for? Come along-let's do it! Summary by Sandra M. Eisenhower, Artist, Petaluma, CA.

As the highest mountain in the lower 48 states, California's 14,505-foot Mt. Whitney is on the "life list" for many hikers. And it's no wonder: The views from the top of the 21-mile round-trip Mt. Whitney Trail are unbeatable, extending across the jagged granite peaks of the Sierra Nevada to the expansive Owens River Valley and beyond. While tremendously rewarding, this hike is demanding even for experienced trekkers. Would-be hikers need to be prepared for the altitude, long distance, elevation gain, mountain weather, and other potential dangers. *One Best Hike: Mt. Whitney* by experienced hiker and author Elizabeth Wenk is a step-by-step guide that will tell you exactly how to tackle this trip with confidence.

Pacific Crest Trail Data Book

Stretching over 2600 miles from the Mexican to the Canadian border, the Pacific Crest Trail (PCT) passes through some of the most breathtaking scenery in the U.S. Each year hundreds of hikers attempt to complete the entire trail while thousands of others take it in smaller sections. Designed for thru hikers, section hikers, and day hikers it describes the official route, occasional alternate routes, side trips, and resupply points. The new edition contains a 9-page update, including the rerouted portion of the trail in Washington between Indian Pass and Miners Creek. Winner of the Classic Award in the 2008 National Outdoor Book Awards.

Official Guide to Texas State Parks and Historic Sites

Access Free The Lone Star Hiking Trail The Official Guide To The Longest Wilderness Footpath In Texas

One of the hidden jewels of Texas, the Lone Star Hiking Trail is the only long-distance National Recreation Trail in the state. At 128 miles (including loop trails), it is also the state's longest continuously marked and maintained footpath. Located in the famed Big Thicket area in east Texas, the trail is well-suited for both short and long hikes (of up to 10 days), appealing to dayhikers, overnight backpackers and long-distance hikers. The LSHT lies between the major metro centers of Houston-Galveston, Dallas-Fort Worth, Austin, and San Antonio--home to more than 8 million people just a 2-hour drive from the trail. The author, a Texas native, is an experienced long-distance hiker who has thru-hiked the Appalachian Trail, the Pacific Crest Trail, and many other nationally recognized long-distance trails throughout the U.S. This is the first guidebook to the trail and is officially endorsed and promoted by the Lone Star Hiking Trail Club.

The Lone Star Hiking Trail

From the rugged Guadalupe Mountains in the west and the deep canyons of the Red River in the Panhandle to the lakes on the eastern landscape, the Texas backcountry is as spacious and diverse as the Lone Star State itself. This guide contains unforgettable hikes that suit all abilities and interests.

Hiking and Backpacking Trails of Texas

60 Hikes within 60 Miles: Houston uncovers hikes around Houston that previously had gone unnoticed. This is the essential guide to this area, from the Big Thicket of east Texas to the coast of Galveston Island. Explore most of the 138-mile Lone Star Trail with over a dozen hikes breaking up the trail into manageable segments. Hikes lead to old native

Access Free The Lone Star Hiking Trail The Official Guide To The Longest Wilderness Footpath In Texas

homesteads, native prairies, deep forests, riparian woodlands, urban byways, wildlife preserves along the Great Texas Coastal Birding Trail, wetlands, and numerous bayous and waterways. Each chapter serves as both a navigational aide and an interpretive guide to familiarize hikers with wondrous destinations in and around The Bayou City.

Trails of the Angeles

Named for the Spanish padres who established a network of missions along California's southern and central coasts, the Los Padres National Forest is the second-largest National Forest in the state, encompassing approximately 1,950,000 acres — nearly half of which is federally-designated wilderness. Hiking and Backpacking Santa Barbara and Ventura fills a huge gap in coverage of this great hiking and backpacking destination, leading the reader through the varied terrain of the forest's southern districts, from the fern-clad grottoes of the Santa Barbara frontcountry to the sweeping vistas and granite-clad ridges of the Chumash Wilderness. No other guide covers the region in such detail, and not since Dennis Gagnon's near-legendary guides in the 70s and 80s has the Santa Barbara (and Ventura) backcountry been given the guidebook treatment — but this book goes even further. Every official trail (and many use trails) in the Santa Barbara, Ojai, and Mt. Piños districts are covered here, including those in the southern San Rafael Wilderness, Dick Smith Wilderness, Matilija Wilderness, Sespe Wilderness, Chumash Wilderness, the Santa Ynez Recreation Area, Rose Valley, the Santa Barbara and Montecito frontcountry, the Ojai frontcountry, and the Santa Paula/Fillmore frontcountry.

50 Best Short Hikes: San Diego

Geraldine Largay vanished in July 2013, while hiking the Appalachian Trail in Maine. Her disappearance sparked the largest lost-person search in Maine history, which culminated in her being presumed dead. She was never again seen alive.

Plan and Go - High Sierra Trail

The rugged San Gabriel Mountains, rising starkly from the edge of the Los Angeles Basin, provide a sharp contrast to the hustle and bustle of the city and its surroundings. Angelinos across the county (a population of almost 10 million), as well as visitors from out of state, welcome the opportunity to escape from city chaos into the quiet wilderness. This 9th edition of the classic Wilderness Press guide has been revised and updated to reflect recent trail changes, and now includes trips in the Fish Canyon Narrows, along Alder Creek, and to Jones Peak, as well as perennial favorites such as Old Baldy, Mt. Wilson, and Devils Punchbowl. Each detailed trip description notes the distance, difficulty, and ideal season, and points out the highlights of the trail. The guide includes a companion 4-color waterproof topo map.

101 Hikes in Southern California

Utah's five national parks--Arches, Bryce, Canyonlands, Capitol Reef, and Zion--hold some of the most awe-inspiring geology on the planet. Each park offers visitors the dramatic scenery that invites exploration and discovery. In 50 Best Short Hikes in Utah's National Parks, veteran hiking guide Greg Witt shares the best routes in each park, hikes that are

Access Free The Lone Star Hiking Trail The Official Guide To The Longest Wilderness Footpath In Texas

both "must see" and accessible. Park visitors who are short on time will find this book to be the ideal traveling companion, because it quickly helps readers identify the hikes and sights that will make the best use of their time and provide maximum enjoyment. Each hike in the book includes distances, highlights, area maps, and easy-to-follow trailhead directions to make hike selection fast and efficient. Once on the trail, the detailed maps, route description, and interpretive details insure that hikers get the most out of their trip. Even avid hikers and experienced desert explorers will find new insights and discoveries as Witt's interesting and approachable style details the geologic forces that created this landscape. He brings to life the human history--prehistoric cliff-dwellers, native tribes, ranchers, farmers, loggers, miners, and outlaws--that adds to the color of the Colorado Plateau where these five parks are set.

Deadly Justice

Now, for the first time, Arizona visitors and residents can set out on any part of the Arizona National Scenic Trail with a 'bible' of the trail's twists and turns, its flora and fauna, and its geology. In an easy-to-use format, Your Complete Guide to the Arizona National Scenic Trail serves up the 800-mile trail, section by section (43 altogether) so that day-hikers as well as thru-hikers can feel confident about the route. Inspired by the magnificence of the scenery, wildlife, and diversity of terrain, this new book is an irreplaceable source for any hiker, mountain biker, or equestrian heading for the Arizona National Scenic Trail.

When You Find My Body

Access Free The Lone Star Hiking Trail The Official Guide To The Longest Wilderness Footpath In Texas

In this unprecedented effort to gather and share knowledge of the Native American practice of creating, designating, and making use of marker trees, an arborist, an anthropologist, and a Comanche tribal officer have merged their wisdom, research, and years of personal experience to create Comanche Marker Trees of Texas. A genuine marker tree is a rare find—only six of these natural and cultural treasures have been officially documented in Texas and recognized by the Comanche Nation. The latter third of the book highlights the characteristics of these six marker trees and gives an up-to-date history of each, displaying beautiful photographs of these long-standing, misshapen, controversial symbols that have withstood the tests of time and human activity. Thoroughly researched and richly illustrated with maps, drawings, and photographs of trees, this book offers a close look at the unique cultural significance of these living witnesses to our history and provides detailed guidelines on how to recognize, research, and report potential marker tree candidates.

Day Hiking Los Angeles

By age 25, Heather Anderson had hiked what is known as the "Triple Crown" of backpacking: the Appalachian Trail (AT), Pacific Crest Trail (PCT), and Continental Divide Trail (CDT)—a combined distance of 7,900 miles with a vertical gain of more than one million feet. A few years later, she left her job, her marriage, and a dissatisfied life and walked back into those mountains. In her new memoir, *Thirst: 2600 Miles to Home*, Heather, whose trail name is "Anish," conveys not only her athleticism and wilderness adventures, but also shares her distinct message of courage—her willingness to turn away from the predictability of a more traditional life in an effort to

Access Free The Lone Star Hiking Trail The Official Guide To The Longest Wilderness Footpath In Texas

seek out what most fulfills her. Amid the rigors of the trail--pain, fear, loneliness, and dangers--she discovers the greater rewards of community and of self, conquering her doubts and building confidence. Ultimately, she realizes that records are merely a catalyst, giving her purpose, focus, and a goal to strive toward. Heather is the second woman to complete the "Double Triple Crown of Backpacking," completing the Appalachian, Pacific Crest, and Continental Divide National Scenic Trails twice each. She holds overall self-supported Fastest Known Times (FKTs) on the Pacific Crest Trail (2013)--hiking it in 60 days, 17 hours, 12 minutes, breaking the previous men's record by four days and becoming the first women to hold the overall record--and the Arizona Trail (2016), which she completed in 19 days, 17 hours, 9 minutes. She also holds the women's self-supported FKT on the Appalachian Trail (2015) with a time of 54 days, 7 hours, 48 minutes. Heather has hiked more than twenty thousand miles since 2003, including ten thru-hikes. An ultramarathon runner, she has completed six 100-mile races since August 2011 as well as dozens of 50 km and 50-mile events. She has attempted the infamous Barkley Marathons four times, starting a third loop once. Heather is also an avid mountaineer working on several ascent lists in the US and abroad.

101 Hikes in Northern California

Plan & Go - High Sierra Trail is the ultimate guide to hiking the 72-mile route from the Giant Forest in Sequoia National Park to Whitney Portal at the base of Mt. Whitney. In a clear and concise manner, the book describes the highlights and unique characteristics of the 'HST' and provides all the essential planning information to save you time and effort with

Access Free The Lone Star Hiking Trail The Official Guide To The Longest Wilderness Footpath In Texas

your own preparations. Supported by step-by-step instructions and first-hand recommendations, you will be well-equipped and feel more confident about completing this memorable adventure in the California Sierra Nevada. "The book provides answers to the following questions (and more): " How do I prepare for the HST? How many days will it take me? When is the best time to go? How do I obtain a permit? What kind of gear works best? How do I get there and back? What are my camping options? In addition, Plan & Go - High Sierra Trail offers practical advice on athletic training, which food to pack and in what quantities, how to select appropriate gear, and various other essentials for the trail. The book further includes a "detailed elevation profile" of the trail along with a "comprehensive campsite listing" to help you create an itinerary that best suits your personal preferences. The wealth of facts and figures is topped off with the entertaining and motivating account of the author's own 5-day HST journey.

The Lone Star Hiking Trail

60 Hikes within 60 Miles: Dallas / Fort Worth covers the best trails the metroplex has to offer, including popular trails as well as lesser-known paths no guidebook has covered before. This is the essential guide you'll need for hiking in the Dallas / Fort Worth Metroplex. Choose a trek alongside ancient dinosaur tracks at Dinosaur Valley State Park, or follow fresh prints of live coyote and white-tailed deer at Lake Mineral Wells. Explore remnants of Texas' disappearing blackland prairie, or wander amongst the dense hardwood forests of the riparian wetlands. A hike for every mood, you can pick a quiet hike to a secluded pecan grove or an upbeat populated hike to a State Champion Oak Tree -- or maybe you just want to feel like a pioneer as you hike through the wilderness of the

LBJ National Grasslands. Hikes include treks through open prairies, rolling hillsides, lakeside beaches, and other treasures all found just a daytrip or less from the Dallas / Fort Worth Metroplex.

Hiking the Trail of Truth

A derivative of the comprehensive John Muir Trail by Sierra expert Elizabeth Wenk, this data book is perfect for the weight-conscious hiker. A brief introductory section provides planning data, including information on permits, trailhead transport, and food resupplies. This is followed by on-the-trail information, including custom-made topo maps, elevation profiles, data tables, and labeled panoramas from prominent passes. There are tables for trail junctions, nearly 300 campsites, ranger stations, food-storage lockers, and lateral trails accessing the JMT. For detailed information on planning for your trip, considerations for hiking in the Sierra Nevada, or a trail description, those are only available in the comprehensive John Muir Trail book.

John Muir Trail Data Book

This is the most detailed guide to hiking and backpacking in Big Sur. Explore the endless hiking and backpacking possibilities in 75 trips (plus numerous side trips) on the rugged coastline and isolated backcountry trails of Big Sur, Ventana Wilderness, and Silver Peak Wilderness. Stretching 90 miles from Carmel to San Simeon, Big Sur consists of coastal cliffs, jagged rocky promontories, ancient redwood forests, and lush riparian woodlands. This invaluable resource gives the latest information on the trails, roads, camps, and beaches in Big Sur, plus all of the area's state parks and
