The Most Dangerous Man In The World

El Alamein was the World War II land battle Britain had to win. By the summer of 1942 Rommel's German forces were threatening to sweep through the Western Desert and drive on to the Suez Canal, and Britain was in urgent need of military victory. Then, in October, after 12 days of attritional tank battle and artillery bombardment, Montgomery's Eighth Army, with Australians and New Zealanders playing crucial roles in a genuinely international Allied fighting force, broke through the German and Italian lines at El Alamein. It was a turning-point in the war after which, in Churchill's words, "we never had a defeat". Stephen Bungay's book is as much at home analysing the crucial logistics of keeping desert armies supplied with petrol and tank parts as it is reappraising the combat strategies of Montgomery and Rommel, and ranges widely from the domestic political pressures on Churchill to the aerial siege of Malta, key to the control of the Mediterranean. And in a chapter on "The Soldier's War", Bungay graphically evokes the phantasmagoric blur of thunderous cannonade and tormenting heat that was the lot of the individual men who actually fought and died in the desert.

Through a Screen Darkly

A leading epidemiologist shares his "powerful and necessary" (Richard Preston, author of *The Hot Zone*) stories from the front lines of our war on infectious diseases and explains how to prepare for global epidemics -- featuring a new preface on COVID-19. Unlike natural disasters, whose destruction is concentrated in a limited area over a period of days, and illnesses, which have devastating effects but are limited to individuals and their families, infectious disease has the terrifying power to disrupt everyday life on a global scale, overwhelming public and private resources and bringing trade and transportation to a grinding halt. In today's world, it's easier than ever to move people, animals, and materials around the planet, but the same advances that make modern infrastructure so efficient have made epidemics and even pandemics nearly inevitable. And as outbreaks of COVID-19, Ebola, MERS, and Zika have demonstrated, we are woefully underprepared to deal with the fallout. So what can -- and must -- we do in order to protect ourselves from mankind's deadliest enemy? Drawing on the latest medical science, case studies, policy research, and hard-earned epidemiological lessons, *Deadliest Enemy* explores the resources and programs we need to develop if we are to keep ourselves safe from infectious disease. The authors show how we could wake up to a reality

in which many antibiotics no longer cure, bioterror is a certainty, and the threat of a disastrous influenza or coronavirus pandemic looms ever larger. Only by understanding the challenges we face can we prevent the unthinkable from becoming the inevitable. *Deadliest Enemy* is high scientific drama, a chronicle of medical mystery and discovery, a reality check, and a practical plan of action.

Enemy of the Human Race

From the No. 1 bestselling author of *WAR LORD* comes an epic retelling of the Arthurian legend, from the bestselling *Last Kingdom* series Uniting the restive British kingdoms behind him, Arthur believes he can now hold back the Saxons threatening the country. Meanwhile, Merlin sets out on a quest to uncover the sacred Treasures of Britain, hoping they will prove decisive in the coming battle. But in a country where the cult of the Christians is spreading, Merlin's quest is divisive. And the ambitions of the rival warlord Lancelot threaten the delicate peace. Could even those closest to Arthur be moved to betray him? From the epic bestselling author, *Enemy of God* brilliantly retells the Arthurian legend, combining myth, history and thrilling battlefield action. 'Wonderful and haunting' *People Magazine* 'Of all the books I have written these are my favourites' Bernard Cornwell

Armor

With Wings Like Eagles

A New York Times bestseller. From CNN's veteran Chief White House Correspondent Jim Acosta, an explosive, first-hand account of the dangers he faces reporting on the current White House while fighting on the front lines in President Trump's war on truth, featuring new material exclusive to the paperback edition. In Mr. Trump's campaign against what he calls "Fake News," CNN Chief White House Correspondent, Jim Acosta, is public enemy number one. From the moment Mr. Trump announced his candidacy in 2015, he has attacked the media, calling journalists "the enemy of the people." Acosta presents a damning examination of bureaucratic dysfunction, deception, and the unprecedented threat the rhetoric Mr. Trump is directing has on our democracy. When the leader of the free world incites hate and violence, Acosta doesn't back down, and he urges his fellow citizens to do the same. At Mr. Trump's most hated network, CNN, Acosta offers a never-before-reported account of what it's like to be the President's most hated correspondent. Acosta goes head-to-head with the White House, even after Trump supporters have threatened his life with words as well as physical violence. From the hazy denials and accusations meant to discredit the Mueller investigation, to the president's scurrilous tweets, Jim Acosta is in the eye of the storm while reporting live to millions of people across the world. After spending hundreds of hours with the revolving door of White House personnel, Acosta paints portraits of the personalities of Sarah Huckabee Sanders, Stephen Miller, Steve Bannon, Sean Spicer, Hope Hicks, Jared Kushner and more. Acosta is tenacious and unyielding in his public battle to preserve the First Amendment and #RealNews.

The Most Dangerous Man in America

From Bill Minutaglio and Steven L. Davis, authors of the PEN Center USA award-winning *Dallas 1963*, comes a madcap narrative about Timothy Leary's daring prison escape and run from the law. On the moonlit evening of September 12, 1970, an ex-Harvard professor with a genius I.Q. studies a twelve-foot high fence topped with barbed wire. A few months earlier, Dr. Timothy Leary, the High Priest of LSD, had been running a gleeful campaign for California governor against Ronald Reagan. Now, Leary is six months into a ten-year prison sentence for the crime of possessing two marijuana cigarettes. Aided by the radical Weather Underground, Leary's escape from prison is the counterculture's union of "dope and dynamite," aimed at sparking a revolution and overthrowing the government. Inside the Oval Office, President Richard Nixon drinks his way through sleepless nights as he expands the war in Vietnam and plots to unleash the United States government against his ever-expanding list of domestic enemies. Antiwar demonstrators are massing by the tens of thousands; homemade bombs are exploding everywhere; Black Panther leaders are threatening to burn down the White House; and all the while Nixon obsesses over tracking down Timothy Leary, whom he has branded "the most dangerous man in America." Based on freshly uncovered primary sources and new firsthand interviews, *THE MOST DANGEROUS MAN IN AMERICA* is an American thriller that takes readers along for the gonzo ride of a lifetime. Spanning twenty-eight months, President Nixon's careening, global manhunt for Dr. Timothy Leary winds its way among homegrown radicals, European aristocrats, a Black Panther outpost in Algeria, an international arms dealer, hash-smuggling hippies from the Brotherhood of Eternal Love, and secret agents on four continents, culminating in one of the trippiest journeys through the American counterculture.

Sleeping with the Enemy

In December of 1938, a chemist in a German laboratory made a shocking discovery: When placed next to radioactive material, a Uranium atom split in two. That simple discovery launched a scientific race that spanned 3 continents. In Great Britain and the United States, Soviet spies worked their way into the scientific community; in Norway, a commando force slipped behind enemy lines to attack German heavy-water manufacturing; and deep in the desert, one brilliant group of scientists was hidden away at a remote site at Los Alamos. This is the story of the plotting, the risk-taking, the deceit, and genius that created the world's most formidable weapon. This is the story of the atomic bomb. *Bomb* is a 2012 National Book Awards finalist for Young People's Literature. *Bomb* is a 2012 Washington Post Best Kids Books of the Year title. *Bomb* is a 2013 Newbery Honor book.

The Internal Enemy: Slavery and War in Virginia, 1772-1832

“ One of the best novelists around, period. ” —Washington Post “ Lippman has enriched literature as a whole. —Chicago Sun-Times One of the most acclaimed novelists in America today, Laura Lippman has greatly expanded the boundaries of mystery fiction and psychological suspense with her Tess Monaghan p.i. series and her New York Times bestselling standalone novels (*What the Dead Know*, *Life Sentences*, *I ' d Know You Anywhere*, etc.). With *The Most Dangerous Thing*, the multiple award winning author—recipient of the Anthony, Edgar®, Shamus, and Agatha Awards, to name but a few—once again demonstrates how storytelling is done to perfection. Set once again in the well-wrought environs of Lippman ' s beloved Baltimore, it is the shadowy tale of a group of onetime friends forced to confront a dark past they ' ve each tried to bury following the death of one of their number. Rich in the compassion and insight into flawed human nature that has become a Lippman trademark while telling an absolutely gripping story, *The Most Dangerous Thing* will not be confined by genre restrictions, reaching out instead to captive a wide, diverse audience, from Harlan Coben and Kate

Atkinson fans to readers of Jodi Picoult and Kathryn Stockett.

We Were Not the Enemy

Dynamic Battle Plan Identifies Enemy Tactics and Equips Believers to Live Victoriously Jesus made it clear that the devil has come to steal, kill, and destroy. Hell is ready to unleash fury against every follower of Jesus. Yet many believers live in denial, letting the enemy steal their blessings, destroy their relationship with Jesus, and kill their hope. But no more. It's time to put the enemy on notice! With passion and insight gained from years on the frontlines of spiritual warfare, John Ramirez equips you with the biblical weapons and practical strategies you need to battle the enemy successfully, including how to

- discern and shut down the enemy's tactics and next moves
- fight with your God-given authority
- break free from destructive patterns and replace them with godly ones
- fortify your mind and heart against attacks
- take back what the devil has stolen
- grow in wisdom and maturity in Christ
- and more!

Here is everything you need to become armed and dangerous against every adversary that threatens your relationship and growth with Jesus. Through the power of the Holy Spirit you can destroy the power of the enemy and protect all that God has given you. It's time to push back the gates of hell, advance the Kingdom, and live the life God designed you for.

Most Dangerous

Michael Korda's brilliant work of history takes the reader back to the summer of 1940, when fewer than three thousand young fighter pilots of the Royal Air Force—often no more than nine hundred on any given day—stood between Hitler and the victory that seemed almost within his grasp. Korda re-creates the intensity of combat in "the long, delirious, burning blue" of the sky above southern England, and at the same time—perhaps for the first time—traces the entire complex web of political, diplomatic, scientific, industrial, and human decisions during the 1930s that led inexorably to the world's first, greatest, and most decisive air battle. Korda deftly interweaves the critical strands of the story—the invention of radar (the most important of Britain's military secrets); the developments by such visionary aircraft designers as R. J. Mitchell, Sidney Camm, and Willy Messerschmitt of the revolutionary, all-metal, high-speed monoplane fighters the British Spitfire and Hurricane and the German Bf 109; the rise of the theory of air bombing as the decisive weapon of modern warfare and the prevailing belief that "the bomber will always get through" (in the words of British prime minister Stanley Baldwin). As Nazi Germany rearmed swiftly after 1933, building up its bomber force, only one man, the central figure of Korda's book, Air Chief Marshal Sir Hugh Dowding, the eccentric, infuriating, obstinate, difficult, and astonishingly foresighted creator and leader of RAF Fighter Command, did not believe that the bomber would always get through and was determined to provide Britain with a weapon few people wanted to believe was needed or even possible. Dowding persevered—despite opposition, shortage of funding, and bureaucratic infighting—to perfect the British fighter force just in time to meet and defeat the German onslaught. Korda brings to life the extraordinary men and women on both sides of the conflict, from such major historical figures as Winston Churchill, Neville Chamberlain, and Reichsmarschall Herman Göring (and his disputatious and bitterly feuding generals) to the British and German pilots, the American airmen who joined the RAF just in time for the Battle of Britain, the young airwomen of the RAF, the ground crews who refueled and rearmed the fighters in the middle of heavy German raids, and such heroic figures as Douglas Bader, Josef František, and the Luftwaffe aces Adolf Galland and his archrival Werner Mölders. Winston Churchill memorably said about the Battle of Britain, "Never in the field of human conflict was

so much owed by so many to so few." Here is the story of "the few," and how they prevailed against the odds, deprived Hitler of victory, and saved the world during three epic months in 1940.

The Most Dangerous Book

A young woman stages her own death and flees from her abusive husband to a small Midwestern town where she discovers love and happiness, until her vengeful husband uncovers her secret

Cross Country

From one of America's most popular short story writers and an Academy Award nominee: the O. Henry Award – winning tale that inspired the movie *The Hunt*. A subject of mysterious rumors and superstition, the deserted Caribbean Island was shrouded in an air of peril. To Sanger Rainsford, who fell off a yacht and washed up on its shores, the abandoned isle was a welcome paradise. But unknown to the big-game hunter, a predator lurked in its lush jungles—one more dangerous than any he had ever encountered: a human. First published in 1924, this suspenseful tale “has inspired serial killers, films and stirred controversy in schools. A century on, the story continues to thrill” (The Telegraph). “[A] tense, relentless story of man-against-man adventure, in which the hunter Sanger Rainsford learns, at the hands of General Zaroff, what it means to be hunted.” —Criterion

The Art of Action

Previously published: Conshohocken, PA: Combined Pub., 1998.

War Doctor

"A dazzling biography." --Boston Globe At times, even his admirers seemed unsure of what to do with General Douglas MacArthur. Imperious, headstrong, and vain, MacArthur matched an undeniable military genius with a massive ego and a rebellious streak that often seemed to destine him for the dustbin of history. Yet despite his flaws, MacArthur is remembered as a brilliant commander whose combined-arms operation in the Pacific--the first in the history of warfare--secured America's triumph in World War II and changed the course of history. In *The Most Dangerous Man in America*, celebrated historian Mark Perry examines how this paradox of a man overcame personal and professional challenges to lead his countrymen in their darkest hour. As Perry shows, Franklin Roosevelt and a handful of MacArthur's subordinates made this feat possible, taming MacArthur, making him useful, and finally making him victorious. A gripping, authoritative biography of the Pacific Theater's most celebrated and misunderstood commander, *The Most Dangerous Man in America* reveals the secrets of Douglas MacArthur's success--and the incredible efforts of the men who made it possible.

Armed and Dangerous

Drawn from new sources, a Pulitzer Prize-winning historian presents a gripping narrative that recreates the events that inspired hundreds of slaves to pressure British admirals into becoming liberators by using their intimate knowledge of the countryside to transform the war.

How to Gain Victory Over Sin

Why it is a mistake to let commercial entertainment serve as America's de facto ambassador to the world

Deadliest Enemy

Our world is seeded with landmine of hate, moral deficiencies, inequalities, and collaboration with evil! The greatest enemy of the human race, a major roadblock to genuine integration, equality, and peaceful coexistence is hate and the spread of it.

The 48 Laws of Power

What happened in Canadian Internment Camp B? How have these camps shaped Canada's immigration policy? From 1940 to 1945, Internment Camp B at Ripples, some 35 kilometres east of Fredericton, played a considerable role in the Second World War. Chosen for its remote rural New Brunswick location, Camp B interned hundreds who were deemed by the Canadian government to be enemy sympathizers. In the first year of its operation, the camp incarcerated German and Austrian Jewish refugees dispatched from Britain. In May 1940, fearful that the refugees were agents of the Nazis they'd fled, the British government sent thousands of men to Canada to be interned as "dangerous enemy sympathizers." After the refugees were finally released in 1941, Camp B held Canadian citizens who were suspected of opposing the war effort -- including the prominent opponent of conscription and Mayor of Montreal Camillien Houde, Canadians of German and Italian descent, and homegrown fascists such as Adrien Arcand -- as well as captured German and Italian merchant mariners. In this comprehensive illustrated account of Camp B, Andrew Theobald examines the daily lives and tribulations of those imprisoned behind the barbed wire. "Dangerous Enemy Sympathizers" also scrutinizes the troubling context that led to the internment of both refugees and Canadian citizens, the debates over the ethics of internment inside and outside the camp, and the role of the camps in shaping government policy towards immigration and the post-war powers of the Canadian state. "Dangerous Enemy Sympathizers" is volume 26 of the New Brunswick Military Heritage Series.

The Most Dangerous Enemy

Business is highly competitive, complex, risky and fast paced - like combat. What do you want me to do? This question is the enduring management issue, a perennial problem that Stephen Bungay shows has an old solution that is counter-intuitive and yet common sense. The Art of Action is a thought-provoking and fresh look at how managers can turn planning into execution, and execution into results. Drawing on his experience as a consultant, senior manager and a highly respected military historian, Stephen Bungay takes a close look at the nineteenth-century Prussian Army, which built its agility on the initiative of its highly empowered junior officers, to show business leaders how they can build more effective, productive organizations. Based on a theoretical

framework which has been tested in practice over 150 years, Bungay shows how the approach known as "mission command" has been applied in businesses as diverse as pharmaceuticals and F1 racing today. The Art of Action is scholarly but engaging, rigorous but pragmatic, and shows how common sense can sometimes be surprising.

Enemy of God

George Takei has captured hearts and minds worldwide with his captivating stage presence and outspoken commitment to equal rights. But long before he braved new frontiers in Star Trek, he woke up as a four-year-old boy to find his own birth country at war with his father's--and their entire family forced from their home into an uncertain future. In a stunning graphic memoir, Takei revisits his haunting childhood in American concentration camps, as one of over 100,000 Japanese Americans imprisoned by the U.S. government during World War II. Experience the forces that shaped an American icon--and America itself--in this gripping tale of courage, country, loyalty, and love.

The Most Dangerous Animal

Stephen Bungay 's magisterial history is acclaimed as the account of the Battle of Britain. Unrivalled for its synthesis of all previous historical accounts, for the quality of its strategic analysis and its truly compulsive narrative, this is a book ultimately distinguished by its conclusions – that it was the British in the Battle who displayed all the virtues of efficiency, organisation and even ruthlessness we habitually attribute to the Germans, and they who fell short in their amateurism, ill-preparedness, poor engineering and even in their old-fashioned notions of gallantry. An engrossing read for the military scholar and the general reader alike, this is a classic of military history that looks beyond the mythology, to explore all the tragedy and comedy; the brutality and compassion of war.

They Called Us Enemy

"The story of Daniel Ellsberg and his decision to steal and publish secret documents about America's involvement in the Vietnam War"--

Bomb

A former Soviet spy-turned-defector offers dramatic insights into the inner workings of the KGB and Soviet intelligence, offering startling revelations about KGB assassination squads, Soviet medical experiments on American POWs, and more. IP.

Skorzeny

In *Dangerous Guests*, Ken Miller reveals how wartime pressures nurtured a budding patriotism in the ethnically diverse revolutionary community of

Lancaster, Pennsylvania. During the War for Independence, American revolutionaries held more than thirteen thousand prisoners—both British regulars and their so-called Hessian auxiliaries—in makeshift detention camps far from the fighting. As the Americans' principal site for incarcerating enemy prisoners of war, Lancaster stood at the nexus of two vastly different revolutionary worlds: one national, the other intensely local. Captives came under the control of local officials loosely supervised by state and national authorities. Concentrating the prisoners in the heart of their communities brought the revolutionaries' enemies to their doorstep, with residents now facing a daily war at home. Many prisoners openly defied their hosts, fleeing, plotting, and rebelling, often with the clandestine support of local loyalists. By early 1779, General George Washington, furious over the captives' ongoing attempts to subvert the American war effort, branded them "dangerous guests in the bowels of our Country." The challenge of creating an autonomous national identity in the newly emerging United States was nowhere more evident than in Lancaster, where the establishment of a detention camp served as a flashpoint for new conflict in a community already unsettled by stark ethnic, linguistic, and religious differences. Many Lancaster residents soon sympathized with the Hessians detained in their town while the loyalist population considered the British detainees to be the true patriots of the war. Miller demonstrates that in Lancaster, the notably local character of the war reinforced not only preoccupations with internal security but also novel commitments to cause and country.

The Most Dangerous Game

The most dangerous enemy the Christian has to fight is not Satan or the world, but the sinful desires of his own fleshly nature. Peter said these desires war against our souls. This is a book for the Christian who is tired of losing battles in his personal war with sin. He echoes the apostle Paul's cry for help: "What a wretched man I am! Who will deliver me out of the body of this death?" In his letter to the believers at Rome, Paul described his own battles with sin—battles he repeatedly lost in spite of his best efforts. He had to learn victory cannot come through will-power. If we're honest with ourselves, we will admit the same thing. But then God showed Paul the only way to overcome sin: through the power of the Holy Spirit. Discover what the Bible says about the root cause of our practical sin problem and the role the Holy Spirit has in dealing with it. Then, join Paul when he exclaims, "I thank God through Jesus Christ, our Lord!"

Military Review

Unprotected and alone, Alex Cross is chasing a horrible new breed of killer. When the crimes hit close to home, he must hunt down the source . . . before it finds him first. When the home of Alex Cross's oldest friend, Ellie Cox, is turned into the worst murder scene Alex has ever seen, the destruction leads him to believe that he's chasing his most dangerous enemy yet. As Alex and his girlfriend, Brianna Stone, become entangled in the deadly Nigerian underworld of Washington D.C., what they discover is shocking: a stunningly organized gang of lethal teenagers headed by a powerful, diabolical man—the African warlord known as the Tiger. Just when the detectives think they're closing in on the elusive murderer, the Tiger disappears into thin air. Tracking him to Africa, Alex knows that he must follow. Alone. Heart-stopping, speed-charged, and electrifying, *Cross Country* is a stunning thriller from "the man who can't miss" (Time).

Through the Eyes of the Enemy

Recipient of the 2015 PEN New England Award for Nonfiction “ The arrival of a significant young nonfiction writer . . . A measured yet bravura performance. ” —Dwight Garner, The New York Times James Joyce ’ s big blue book, *Ulysses*, ushered in the modernist era and changed the novel for all time. But the genius of *Ulysses* was also its danger: it omitted absolutely nothing. Joyce, along with some of the most important publishers and writers of his era, had to fight for years to win the freedom to publish it. *The Most Dangerous Book* tells the remarkable story surrounding *Ulysses*, from the first stirrings of Joyce ’ s inspiration in 1904 to the book ’ s landmark federal obscenity trial in 1933. Written for ardent Joyceans as well as novices who want to get to the heart of the greatest novel of the twentieth century, *The Most Dangerous Book* is a gripping examination of how the world came to say Yes to *Ulysses*.

Ego Is the Enemy

In the wake of a devastating disease, everyone sixteen and older is either dead or a decomposing, brainless creature with a ravenous appetite for flesh. Teens have barricaded themselves in buildings throughout London and venture outside only when they need to scavenge for food. The group of kids living a Waitrose supermarket is beginning to run out of options. When a mysterious traveler arrives and offers them safe haven at Buckingham Palace, they begin a harrowing journey across London. But their fight is far from over??the threat from within the palace is as real as the one outside it. Full of unexpected twists and quick-thinking heroes, *The Enemy* is a fast-paced, white-knuckle tale of survival in the face of unimaginable horror.

The Enemy of the People

A multidisciplinary study draws on elements of anthropology, psychology, and evolutionary theory to analyze the relationship between human nature and the history of warfare, offering a disturbing look at humankind's innate penchant for war. Reprint. 20,000 first printing.

The Most Dangerous Man in America

The hauntingly prophetic classic novel set in a not-too-distant future where books are burned by a special task force of firemen.

My Dearest Enemy, My Dangerous Friend

The #1 internationally bestselling, gripping true story of a frontline trauma surgeon operating in the world ’ s most dangerous war zones For more than 25 years, surgeon David Nott has volunteered in some of the world ’ s most dangerous conflict zones. From Sarajevo under siege in 1993 to clandestine hospitals in rebel-held eastern Aleppo, he has carried out lifesaving operations in the most challenging conditions, and with none of the resources of a major metropolitan hospital. He is now widely acknowledged as the most experienced trauma surgeon in the world. *War Doctor* is his extraordinary story, encompassing his surgeries in nearly every major conflict zone since the end of the Cold War, as well as his struggles to return to a “ normal ” life and

routine after each trip. Culminating in his recent trips to war-torn Syria—and the untold story of his efforts to help secure a humanitarian corridor out of besieged Aleppo to evacuate some 50,000 people—War Doctor is a heart-stopping and moving blend of medical memoir, personal journey, and nonfiction thriller that provides unforgettable, at times raw, insight into the human toll of war.

Alamein

A groundbreaking new account of the Battle of Britain from acclaimed historian James Holland The Battle of Britain paints a stirring picture of an extraordinary summer when the fate of the world hung by a thread. Historian James Holland has now written the definitive account of those months based on extensive new research from around the world including thousands of new interviews with people on both sides of the battle. If Britain's defenses collapsed, Hitler would have dominated all of Europe. With France facing defeat and British forces pressed back to the Channel, there were few who believed Britain could survive; but, thanks to a sophisticated defensive system and the combined efforts of the Royal Air Force, the Royal Navy and the defiance of a new Prime Minister, Britain refused to give in. From clashes between coastal convoys and Schnellboote in the Channel to astonishing last stands in Flanders, slaughter by U-boats in an icy Atlantic and dramatic aerial battles over England, The Battle of Britain tells this epic World War II story in a fresh and compelling voice.

Dangerous Enemy Sympathizers

One of the great classics of prison literature, Letters and Papers from Prison effectively serves as the last will and testament of the Lutheran theologian Dietrich Bonhoeffer, executed by the Nazis after incarceration in Tegel Prison. Acute and subtle, warm and perceptive, yet also profoundly moving, the documents collectively tell a very human story of loss, of courage, and of hope. Now reissued with a new Preface, by one of his leading interpreters. Bonhoeffer's story seems as vitally relevant, as politically prophetic, and as theologically significant, as it did yesterday.

Military Intelligence Professional Bulletin

The United States clandestinely funds the operation of a huge prison in Cuba. Men, women, and children are spirited away from their homes and imprisoned indefinitely. No charges are made; no legal counsel is allowed. Newspapers fill with stories of espionage and enemies. Current events? No. During World War II, the United States used tactics remarkably similar to those in use today against presumed terrorists. By 1939, President Franklin Roosevelt had covertly authorized J. Edgar Hoover's Secret Intelligence Service to begin surveillance of Axis nationals in Latin America. Believing that "all German nationals without exception [are] dangerous," the United States surreptitiously pressured Latin-American countries to arrest and deport more than four thousand civilians of German ethnicity to the United States. There, many languished in internment camps, while others were shipped to war-torn Germany. As my parents, German-born Werner Gurcke and his American wife, Starr, began their lives together in Costa Rica, he was falsely labeled one of the country's most dangerous enemy aliens. Soon she, too, was considered "dangerous to the safety of the United Nations." From newlyweds to parents, innocent civilians to dangerous enemies, prisoners to internees, We Were Not the Enemy tells their story.

Dangerous Guests

The instant Wall Street Journal, USA Today, and international bestseller “ While the history books are filled with tales of obsessive visionary geniuses who remade the world in their image with sheer, almost irrational force, I ’ ve found that history is also made by individuals who fought their egos at every turn, who eschewed the spotlight, and who put their higher goals above their desire for recognition. ” —from the prologue Many of us insist the main impediment to a full, successful life is the outside world. In fact, the most common enemy lies within: our ego. Early in our careers, it impedes learning and the cultivation of talent. With success, it can blind us to our faults and sow future problems. In failure, it magnifies each blow and makes recovery more difficult. At every stage, ego holds us back. Ego Is the Enemy draws on a vast array of stories and examples, from literature to philosophy to history. We meet fascinating figures such as George Marshall, Jackie Robinson, Katharine Graham, Bill Belichick, and Eleanor Roosevelt, who all reached the highest levels of power and success by conquering their own egos. Their strategies and tactics can be ours as well. In an era that glorifies social media, reality TV, and other forms of shameless self-promotion, the battle against ego must be fought on many fronts. Armed with the lessons in this book, as Holiday writes, “ you will be less invested in the story you tell about your own specialness, and as a result, you will be liberated to accomplish the world-changing work you ’ ve set out to achieve. ”

The Battle of Britain

Letters and Papers from Prison

Fahrenheit 451

The Most Dangerous Man in the World is the definitive account of WikiLeaks and the man who is as secretive as the organisations he targets. Through interviews with Julian Assange, his inner circle and those who fell out with him, Fowler tells the story of how a man with a turbulent childhood and brilliance for computers created a phenomenon that has become a game-changer in journalism and global politics. In this international thriller, Andrew Fowler gives a ringside seat on the biggest leak in history. He charts the pursuit of Assange by the US and Sweden and how in the eyes of many Assange had become, according to the Pentagon Papers whistleblower, Daniel Ellsberg, 'the most dangerous man in the world'.

The Most Dangerous Thing

Stories about siblings abound in literature, drama, comedy, biography, and history. We rarely talk about our own siblings without emotion, whether with love and gratitude, or exasperation, bitterness, anger and hate. Nevertheless, the subject of what it is to be and to have a sibling is one that has been ignored by psychiatrists, psychologists and therapists. In My Dearest Enemy, My Dangerous Friend, Dorothy Rowe presents a radically new way of thinking about

siblings that unites the many apparently contradictory aspects of these complex relationships. This helps us to recognise the various experiences involved in sibling relationships as a result of the fundamental drive for survival and validation, enabling us to reach a deeper understanding of our siblings and ourselves. If you have a sibling, or you are bringing up siblings, or, as an only child, you want to know what you 're missing, this is the book for you.

The Enemy

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“ Law 1: Never Outshine the Master ”), others teach the value of confidence (“ Law 28: Enter Action with Boldness ”), and many recommend absolute self-preservation (“ Law 15: Crush Your Enemy Totally ”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.
