## **Ozymandias - Wikipedia**

Archaeology is the study of human activity through the recovery and analysis of material culture. The archaeological record consists of artifacts, architecture, biofacts or ecofacts, and cultural landscapes. Archaeology can be considered both a social science and a branch of the humanities. It has various goals, which range from understanding culture history to reconstructing past lifeways to

## **Our Politics Is Cracking Under the Weight of a Thinning**

Elie Wiesel Nobel Lecture Nobel Lecture, December 11, 1986. Hope, despair and memory. A Hasidic legend tells us that the great Rabbi Baal-Shem-Tov, Master of the Good Name, also known as the Besht, undertook an urgent and perilous mission: to hasten the coming of the Messiah.

## **Video News - CNN**

Much of my recent work has focused on U.S. society's crisis of despair and its role in premature mortality, in labor force drop out and lack of mobility, and in our increasingly divided politics

## **Despair is a Sin | Counter-Currents**

Things may seem somewhat dismal right now for the Dissident Right, but that's no reason to despair. Despair may offer comfort for those of us who feel they need it right now. I've indulged in it more than a couple times since November 3, myself. But despair serves no constructive purpose.

A post-Trump period could be a “a political and cultural free-for-all,” Cutler said, in which some Americans, finally freed from coronavirus restrictions, might fall into “a time of hedonism

### **How to Develop Cultural Awareness in the Workplace**

African Americans experience much higher rates of poverty, unemployment, and negative health outcomes compared to Whites in the US. Michael J Halloran writes that the intergenerational cultural trauma caused by 300 years of slavery – alongside poor economic circumstances and social prejudice – has led to the poor state of physical, psychological and social health among African Americans.
