Sculpting in Stone

Part of the new 'Basics of Sculpture' series. Sculpting in Stone aims to give the beginner a thorough grounding and knowledge of this ancient craft. It introduces the novice to the basics, looking at the various types of rock (everything from sandstone to marble) and their suitability for specific projects, examining the specific tools needed, their purpose and uses, and discusses creating a safe and suitable environment to work in. The

projects are well illustrated and each one introduces specific skills, such as using tools correctly, texturing the surface, drawing the outline of the sculpture, gauging the depth of the relief to be carved, carving letters, or how to cut away large volumes of stone. The projects cover how to carve an inscription, and a Celtic knot and then work up to 3D forms both formal and freehand. It also covers the use of adhesives with stone and how to carry out small repairs. This book is the complete guide to getting started in stone carving.

All about Sex in the Bible is based exclusively on Biblical quotations, which are related to sexual activity, rules, metaphorical meanings of sexual language, and scientific knowledge on this subject. Traditionally, the Bible viewed as a religious book. Surprisingly, it is overloaded with countless verses on the topic of sexuality, including a description of depravity of God of Old Testament, Patriarchs and Kings, all kind of sexual pleasures and seduction, and cruelty triggered by sexual desire. The book consists special chapters on associated subjects, such as circumcision, Marys virginity, Jesus birthday, analysis of the meaning of whore of Babylon described in Biblical Revelation, and some scientific facts on related issues. In addition, the major chapters are supported by Appendix,
