I read this novel in less than 24 hours and if it wasn't for being a mom and wife I probably would have finished it in one sitting. The Silent Daughter had me turning pages wanting to know how it all was going to end!" - Goodreads reviewer ??????"An incredible and mysterious drama that kept me on my toes the whole time. The storyline was exceptional and the characters engaging and believable." - Goodreads reviewer ??????"This is an excellent first novel. The story is a suspense with many twists and turns. I didn't have any idea how the story would end. Sadie has a secret that involves her best friend Fiona who has died 10 year previous to the time the novel takes place. The novel is about secrets and relationships. There are too many secrets to review, just know that many of the characters, who are well developed, have their own secrets which are revealed throughout the novel. The story kept my attention riveted." - Netgalley reviewer ??????"This is a modern take on an old school gothic tale complete with the seemingly innocent teacher showing up at an expensive private boarding school with a valise full of secrets. However, the students have their share of secrets and dark pasts, as well as every other character in this book. The Silent Daughter is a well written intricately woven tale of many people confronting the ghosts of their pasts when one of these privileged students goes missing. I really liked most of the characters in this book [] I look forward to many good novels from this author in the days to come." - Goodreads reviewer?????"This one blew me away! I was hooked from start to finish. Felt like I was right there with the characters going through

what they were. This is my first from this author but definitely not my last." - Netgalley reviewer, ??????"The characterisation in this book is a real strength. All of the characters are believable and well rounded- even those we don't like! The author does a good job of introducing new themes and even when you can see where she is going, the actual reveal is nicely executed." - Goodreads reviewer?????"Plenty of red herrings before we get to a surprising conclusion." -Netgalley reviewer
