During that time I 've seen America go through some remarkable, extraordinary changes – the UK has too – but if anything brought home the idea that in the twenty-first century, things would be different, what I saw on the BBC Wednesday night did. Many have said that the twentieth century was the American century. Well, the twenty-first isn

The topic of scientific revolutions has been philosophically important since Thomas Kuhn's account in *The Structure of Scientific Revolutions* (1962, 1970). Kuhn's death in 1996 and the fiftieth anniversary of *Structure* in 2012 have renewed attention to the issues raised by his work. It is controversial whether or not there have been any revolutions in the strictly Kuhnian sense.
