Negotiating Peace

Reinterpreting the End of the Cold War

Between 1983 and 2009 Sri Lanka was host to a bitter civil war fought between the Government and the Tamil Tigers,

Read Book To End A War The Conflict In Yugoslavia Americas Inside Story Negotiating With Milosevic Modern Library Paperback

which sought the creation of an independent Tamil state. In May 2009 came the war's violent end with the crushing defeat of the Tamil Tigers at the hands of the Sri Lanka Army. But prior to this grim finale, for some time there had been hope for a peaceful end to the conflict. Beginning with a ceasefire agreement in early 2002, for almost five years a series of peace talks between the two sides took place in locations ranging from Thailand and Japan to Norway, Germany and Switzerland. *To End a Civil War* tells the story of trying to bring peace to Sri Lanka. In particular it tells the story of how a faraway European nation--Norway--came to play a central role in efforts to end the conflict, and what its small, dedicated team of mediators did in their untiring efforts to reach what ultimately proved the elusive goal of a negotiated peace. In doing so it fills a critical gap in our understanding of the Sri Lankan conflict. But it also illuminates in detail a much wider problem: the intense fragility that surrounds peace processes and the extraordinary lengths to which their proponents often stretch in order to secure their progress.

Will War Ever End?

This book presents a comprehensive, systematic analysis of Russia – Iran relations in the period following the collapse of the Soviet Union in 1991. It discusses the key areas – such as trade, arms sales, nuclear developments, and potential areas of friction in the Caspian Sea – where co-operation is possible; charts different phases of increasing and declining co-operation; and relates these changes to security considerations and domestic factors in both countries. Throughout, the book argues that the potential for co-operation between the two countries is much greater than people realize, and it concludes by assessing how

Read Book To End A War The Conflict In Yugoslavia Americas Inside Story Negotiating With Milosevic Modern Library Paperback

Russia – Iran relations are likely to develop in future.

Every War Must End

Throughout history, war seems to have had an iron grip on humanity. In this short book, internationally renowned philosopher of war, Christopher Coker, challenges the view that war is an idea that we can cash in for an even better one - peace. War, he argues, is central to the human condition; it is part of the evolutionary inheritance which has allowed us to survive and thrive. New technologies and new geopolitical battles may transform the face and purpose of war in the 21st century, but our capacity for war remains undiminished. The inconvenient truth is that we will not see the end of war until it exhausts its own evolutionary possibilities.

The Costs of Conversation

Kant stands almost unchallenged as one of the major thinkers of the European Enlightenment. This book brings the ideas of his critical philosophy to bear on one of the leading political and legal questions of our age: under what circumstances, if any, is recourse to war legally and morally justifiable? This issue was strikingly brought to the fore by the 2003 war in Iraq. The book critiques the tradition of just war thinking and suggests how international law and international relations can be viewed from an alternative perspective that aims at a more pacific system of states. Instead of seeing the theory of just war as providing a stabilizing context within which international politics can be carried out, Williams argues that the theory contributes to the current unstable international condition. The just war tradition is not the silver lining in a generally dark horizon but rather an integral feature of the

Read Book To End A War The Conflict In Yugoslavia Americas Inside Story Negotiating With Milosevic Modern Library Paperback

dark horizon of current world politics. Kant was one of the first and most profound thinkers to moot this understanding of just war reasoning and his work remains a crucial starting point for a critical theory of war today.

Coalition Strategy and the End of the First World War

Deep within the remote backlands of nineteenth-century Brazil lies Canudos, home to all the damned of the earth: prostitutes, bandits, beggars, and every kind of outcast. It is a place where history and civilization have been wiped away. There is no money, no taxation, no marriage, no census. Canudos is a cauldron for the revolutionary spirit in its purest form, a state with all the potential for a true, libertarian paradise--and one the Brazilian government is determined to crush at any cost. In perhaps his most ambitious and tragic novel, Mario Vargas Llosa tells his own version of the real story of Canudos, inhabiting characters on both sides of the massive, cataclysmic battle between the society and government troops. The resulting novel is a fable of Latin American revolutionary history, an unforgettable story of passion, violence, and the devastation that follows from fanaticism.

The End of War

A Times Literary Supplement Best Book of 2016 An epic,

Read Book To End A War The Conflict In Yugoslavia Americas Inside Story Negotiating With Milosevic Modern Library Paperback

groundbreaking account of the ethnic and state violence that followed the end of World War I—conflicts that would shape the course of the twentieth century For the Western Allies, November 11, 1918, has always been a solemn date—the end of fighting that had destroyed a generation, but also a vindication of a terrible sacrifice with the total collapse of the principal enemies: the German Empire, Austria-Hungary, and the Ottoman Empire. But for much of the rest of Europe this was a day with no meaning, as a continuing, nightmarish series of conflicts engulfed country after country. In *The Vanquished*, a highly original and gripping work of history, Robert Gerwarth asks us to think again about the true legacy of the First World War. In large part it was not the fighting on the Western Front that proved so ruinous to Europe's future, but the devastating aftermath, as countries on both sides of the original conflict were savaged by revolutions, pogroms, mass expulsions, and further major military clashes. In the years immediately after the armistice, millions would die across central, eastern, and southeastern Europe before the Soviet Union and a series of rickety and exhausted small new states would come into being. It was here, in the ruins of Europe, that extreme ideologies such as fascism would take shape and ultimately emerge triumphant. As absorbing in its drama as it is unsettling in its analysis, *The Vanquished* is destined to transform our understanding of not just the First World War but the twentieth century as a whole.

How to End the Reading War and Serve the Literacy Needs of All Students

The French withdrawal from Vietnam in 1954 was the product of global pressures and triggered significant global consequences. By treating the war as an international issue,

Read Book To End A War The Conflict In Yugoslavia Americas Inside Story Negotiating With Milosevic Modern Library Paperback

this book places Indochina at the center of the Cold War in the mid-1950s. Arguing that the Indochina War cannot be understood as a topic of Franco-US relations, but ought to be treated as international history, this volume brings in Vietnamese and other global agents, including New Zealand, Australia, and especially Britain, as well as China and the Soviet Union. Importantly, the book also argues that the successful French withdrawal from Vietnam – a political defeat for the Eisenhower administration – helped to avert outright warfare between the major powers, although with very mixed results for the inhabitants of Vietnam who faced partition and further bloodshed. *The End of the First Indochina War* explores the complexities of intra-alliance competition over global strategy – especially between the United States and British Commonwealth – arguing that these rivalries are as important to understanding the Cold War as east-west confrontation. This is the first truly global interpretation of the French defeat in 1954, based on the author's research in five western countries and the latest scholarship from historians of Vietnam, China, and Russia. Readers will find much that is new both in terms of archival revelations and original interpretations.

The Vanquished

This work draws on insights from the experimental and theoretical literature on bargaining to provide a much-needed comprehensive treatment of the neglected subject of how wars end. In a study of how states simultaneously wage war and negotiate peace settlements, Paul R. Pillar argues that war termination is best understood as a bargaining process. Originally published in 1983. The Princeton Legacy Library uses the latest print-on-demand technology to again make

Read Book To End A War The Conflict In Yugoslavia Americas Inside Story Negotiating With Milosevic Modern Library Paperback

available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Can War be Eliminated?

Acclaimed novelist and poet S á enz creates an emotionally charged poem-cycle that moves beyond vengeance into understanding

The End of the Cold War and The Third World

Pakistan's army has dominated the state for most of its 66 years. It has locked the country in an enduring rivalry with India to revise the maps in Kashmir and to resist India's slow but inevitable rise. To prosecute these dangerous policies, the army employs non-state actors under the security of its ever-expanding nuclear umbrella. The Pakistan army started three wars with India over Kashmir in 1947, 1965, and 1999 and failed to win any of them. It has sustained a proxy war in Kashmir since 1989 using Islamist militants, some of whom have now turned their guns against the Pakistani state. The Pakistan army has supported non-Islamist insurgencies throughout India as well as a country-wide Islamist terror campaign that have brought the two countries to the brink of war on several occasions. Despite Pakistan's efforts to coerce India, it has only achieved modest successes. Even though India vivisected Pakistan in 1971, Pakistan continues

Read Book To End A War The Conflict In Yugoslavia Americas Inside Story Negotiating With Milosevic Modern Library Paperback

to see itself as India's equal and demands the world do the same. The tools that the army prefers to use, non-state actors under a nuclear umbrella, has brought international opprobrium upon the country and the army. In recent years, erstwhile proxies have turned their gun on the Pakistani state itself and its peoples. Why does the army persist in pursuing these revisionist policies that have come to imperil the very viability of the state itself, from which the army feeds? This volume argues that the answer lies, at least partially, in the strategic culture of the army. From the army's distorted view of history, the army is victorious as long as can resist India's purported hegemony and the territorial status quo. To acquiesce is defeat. Because the army is unlikely to abandon these preferences, the world must prepare for an ever more dangerous future Pakistan.

To End All Wars

This book investigates the end of the Cold War in Africa and its impact on post-Cold War US foreign policy in the continent. The fall of the Berlin Wall is widely considered the end of the Cold War; however, it documents just one of the many "ends", since the Cold War was a global conflict. This book looks at one of the most neglected extra-European battlegrounds, the African continent, and explores how American foreign policy developed in this region between the late 1980s and the early 1990s. Drawing on a wide range of recently disclosed documents, the book shows that the Cold War in Africa ended in 1988, preceding the fall of the Berlin Wall. It also reveals how, since then, some of the most controversial and inconsistent episodes of post-Cold War US foreign policy in Africa have been deeply rooted in the unique process whereby American rivalry with the USSR found its

Read Book To End A War The Conflict In Yugoslavia Americas Inside Story Negotiating With Milosevic Modern Library Paperback

end in the continent. The book challenges the traditional narrative by presenting an original perspective on the study of the end of the Cold War and provides new insights into the shaping of US foreign policy during the so-called 'unipolar moment'. This book will be of much interest to students of Cold War history, US foreign policy, African politics and international relations.

The End of War

"Captain Paul K. Chappell has given us a crucial look at war and peace from the unique perspective of a soldier, and his new ideas show us why world peace is both necessary and possible in the 21st century." Nobel Laureate Archbishop Desmond Tutu "Paul K. Chappell has transformed my way of thinking about war and peace." -Lt. Col. (ret.) Dave Grossman, author of *On Killing*, and Director of the Warrior Science Group

Once in a great while, a book is written that substantially changes the way people think about a particular subject. *Will War Ever End?* is such a book. Written as a "manifesto for waging peace" by an active duty captain in the US Army, *Will War Ever End?* challenges readers to think about peace, war and violence in radically new ways. "Are human beings naturally violent?" "What is hatred?" "How can love overcome the power of hatred?" "How does nonviolence overcome the power of violence?" "How can we prove that unconditional love makes us psychologically healthy and that hatred, just like an illness, occurs when something has gone wrong?" "How does violence against the natural world relate to violence between human beings?" These are all questions that Captain Paul K. Chappell leads us to consider in a strikingly new way. In *Will War Ever End?*, Chappell demonstrates that human beings are naturally peaceful and

Read Book To End A War The Conflict In Yugoslavia Americas Inside Story Negotiating With Milosevic Modern Library Paperback

that world peace can become more than a cliché. He lays out a practical framework for transforming the way we think about war and violence, enabling us to begin the real work we must do in order to achieve true peace for mankind. *Will War Ever End?* is a deeply personal story of a soldier's search for human understanding that will lead to universal transformation. Its message is one of hope, offering practical solutions to help us build a better world. We can all make change. Now is the time to begin.

War's End

This book, first published in 1992, examines the end of the Cold War and the implications for the history and future of the world order.

The War to End All Wars

This book brings together recent research on the end of the Cold War in the Third World and engages with ongoing debates about regional conflicts, the role of great powers in the developing world, and the role of international actors in conflict resolution.

How Wars End

Sample Text

Kant and the End of War

The War to End All Wars is considered by many to be the best single account of America's participation in World War I. Covering famous battles, the birth of the air force, naval

Read Book To End A War The Conflict In Yugoslavia Americas Inside Story Negotiating With Milosevic Modern Library Paperback

engagements, the War Department, and experiences of the troops, this indispensable volume is again available in paperback for students and general readers.

The Dayton peace accords

World War I and the Versailles Treaty that followed produced the most serious upheaval in a long and stormy course of modern world history. Four great empires - Austria-Hungary, Germany, Russia, and Turkey - were part of the war's rubble. Far from restoring order, the diplomats who met in 1919 at Paris and Versailles plunged the world into the chaos of the twentieth century. Here, from award-winning historian Charles Mee, is the account of what happened when the three most powerful heads of state gathered to establish a new order.

Russia – Iran Relations Since the End of the Cold War

Building on the powerful argument for peace laid out in his first book, *Will War Ever End*, Paul K. Chappell now explains in detail how together we can end the wars between countries, our ongoing war with nature, and the suffering in our hearts. From the foreword by Gavin de Becker: Gandhi said, "The machineries of governments stand between and hide the hearts of one people from those of another." Paul K. Chappell reveals many hearts to us, by revealing his own. He is a soldier and a warrior, and a crusader for peace. The road to peace is not a straight one, he explains; it is like a vine: it w.

To End All Wars

As recent events in Iraq have once again demonstrated, it is

Read Book To End A War The Conflict In Yugoslavia Americas Inside Story Negotiating With Milosevic Modern Library Paperback

much easier to start a war than it is to end it. "Every War Must End," which Colin Powell credits in his autobiography as shaping his thinking on how to end the first Gulf War, analyzes the many critical obstacles to ending a war—an aspect of military strategy that is frequently and tragically overlooked. Ikle considers examples from twentieth-century history, particularly strategies that effectively "won the peace," including the Allied policy in Germany and Japan after World War II. In the new preface to his classic work, Ikle explains how U.S. military strategy and tactics have delayed, and indeed jeopardized, a successful end to hostilities.

The First World War

After a war breaks out, what factors influence the warring parties' decisions about whether to talk to their enemy, and when may their position on wartime diplomacy change? How do we get from only fighting to also talking? In *The Costs of Conversation*, Oriana Skylar Mastro argues that states are primarily concerned with the strategic costs of conversation, and these costs need to be low before combatants are willing to engage in direct talks with their enemy. Specifically, Mastro writes, leaders look to two factors when determining the probable strategic costs of demonstrating a willingness to talk: the likelihood the enemy will interpret openness to diplomacy as a sign of weakness, and how the enemy may change its strategy in response to such an interpretation. Only if a state thinks it has demonstrated adequate strength and resiliency to avoid the inference of weakness, and believes that its enemy has limited capacity to escalate or intensify the war, will it be open to talking with the enemy. Through four primary case studies—North Vietnamese diplomatic decisions during the Vietnam War, those of China

Read Book To End A War The Conflict In Yugoslavia Americas Inside Story Negotiating With Milosevic Modern Library Paperback

in the Korean War and Sino-Indian War, and Indian diplomatic decision making in the latter conflict—The Costs of Conversation demonstrates that the costly conversations thesis best explains the timing and nature of countries' approach to wartime talks, and therefore when peace talks begin. As a result, Mastro's findings have significant theoretical and practical implications for war duration and termination, as well as for military strategy, diplomacy, and mediation.

As War Ends

When President Clinton sent Richard Holbrooke to Bosnia as America's chief negotiator in late 1995, he took a gamble that would eventually redefine his presidency. But there was no saying then, at the height of the war, that Holbrooke's mission would succeed. The odds were strongly against it. As passionate as he was controversial, Holbrooke believed that the only way to bring peace to the Balkans was through a complex blend of American leadership, aggressive and creative diplomacy, and a willingness to use force, if necessary, in the cause for peace. This was not a universally popular view. Resistance was fierce within the United Nations and the chronically divided Contact Group, and in Washington, where many argued that the United States should not get more deeply involved. This book is Holbrooke's gripping inside account of his mission, of the decisive months when, belatedly and reluctantly but ultimately decisively, the United States reasserted its moral authority and leadership and ended Europe's worst war in over half a century. To End a War reveals many important new details of how America made this historic decision. What George F. Kennan has called Holbrooke's "heroic efforts" were shaped

Read Book To End A War The Conflict In Yugoslavia Americas Inside Story Negotiating With Milosevic Modern Library Paperback

by the enormous tragedy with which the mission began, when three of his four team members were killed during their first attempt to reach Sarajevo. In Belgrade, Sarajevo, Zagreb, Paris, Athens, and Ankara, and throughout the dramatic roller-coaster ride at Dayton, he tirelessly imposed, cajoled, and threatened in the quest to stop the killing and forge a peace agreement. Holbrooke's portraits of the key actors, from officials in the White House and the Élysée Palace to the leaders in the Balkans, are sharp and unforgiving. His explanation of how the United States was finally forced to intervene breaks important new ground, as does his discussion of the near disaster in the early period of the implementation of the Dayton agreement. To End a War is a brilliant portrayal of high-wire, high-stakes diplomacy in one of the toughest negotiations of modern times. A classic account of the uses and misuses of American power, its lessons go far beyond the boundaries of the Balkans and provide a powerful argument for continued American leadership in the modern world.

The End of the Cold War

For decades a bitter civil war between the Colombia government and armed insurgent groups tore apart Colombian society. After protracted negotiations in Havana, a peace agreement was accepted by the Colombian government and the FARC rebel group in 2016. This volume will provide academics and practitioners throughout the world with critical analyses regarding what we know generally about the post-war peace building process and how this can be applied to the specifics of the Colombian case to assist in the design and implementation of post-war peace building programs and policies. This unique group of Colombian and

Read Book To End A War The Conflict In Yugoslavia Americas Inside Story Negotiating With Milosevic Modern Library Paperback

international scholars comment on critical aspects of the peace process in Colombia, transitional justice mechanisms, the role of state and non-state actors at the national and local levels, and examine what the Colombian case reveals about traditional theories and approaches to peace and transitional justice.

An End To Evil

The wars in Afghanistan and Iraq have focused new attention on a perennial problem: how to end wars well. What ethical considerations should guide war's settlement and its aftermath? In cases of protracted conflicts, recurring war, failed or failing states, or genocide and war crimes, is there a framework for establishing an enduring peace that is pragmatic and moral? *Ethics Beyond War's End* provides answers to these questions from the just war tradition. Just war thinking engages the difficult decisions of going to war and how war is fought. But from this point forward just war theory must also take into account what happens after war ends, and the critical issues that follow: establishing an enduring order, employing political forms of justice, and cultivating collective forms of conciliation. Top thinkers in the field—including Michael Walzer, Jean Bethke Elshtain, James Turner Johnson, and Brian Orend—offer powerful contributions to our understanding of the vital issues associated with late- and post conflict in tough, real-world scenarios that range from the US Civil War to contemporary quagmires in Afghanistan, the Middle East, and the Congo.

Dreaming the End of War

A harrowing account of an epic, yet nearly forgotten, battle of

Read Book To End A War The Conflict In
Yugoslavia Americas Inside Story Negotiating
With Milosevic Modern Library Paperback

World War II—General Douglas MacArthur's four-year assault on the Pacific War's most hostile battleground: the mountainous, jungle-cloaked island of New Guinea. One American soldier called it "a green hell on earth." Monsoon-soaked wilderness, debilitating heat, impassable mountains, torrential rivers, and disease-infested swamps—New Guinea was a battleground far more deadly than the most fanatical of enemy troops. Japanese forces numbering some 600,000 men began landing in January 1942, determined to seize the island as a cornerstone of the Empire's strategy to knock Australia out of the war. Allied Commander-in-Chief General Douglas MacArthur committed 340,000 Americans, as well as tens of thousands of Australian, Dutch, and New Guinea troops, to retake New Guinea at all costs. What followed was a four-year campaign that involved some of the most horrific warfare in history. At first emboldened by easy victories throughout the Pacific, the Japanese soon encountered in New Guinea a roadblock akin to the Germans' disastrous attempt to take Moscow, a catastrophic setback to their war machine. For the Americans, victory in New Guinea was the first essential step in the long march towards the Japanese home islands and the ultimate destruction of Hirohito's empire. Winning the war in New Guinea was of critical importance to MacArthur. His avowed "I shall return" to the Philippines could only be accomplished after taking the island. In this gripping narrative, historian James P. Duffy chronicles the most ruthless combat of the Pacific War, a fight complicated by rampant tropical disease, violent rainstorms, and unforgiving terrain that punished both Axis and Allied forces alike. Drawing on primary sources, *War at the End of the World* fills in a crucial gap in the history of World War II while offering readers a narrative of the first rank. From the Hardcover edition.

Read Book To End A War The Conflict In Yugoslavia Americas Inside Story Negotiating With Milosevic Modern Library Paperback The War to End All Wars

Nonfiction master Russell Freedman illuminates for young readers the complex and rarely discussed subject of World War I. The tangled relationships and alliances of many nations, the introduction of modern weaponry, and top-level military decisions that resulted in thousands upon thousands of casualties all contributed to the "great war," which people hoped and believed would be the only conflict of its kind. In this clear and authoritative account, the Newbery Medal-winning author shows the ways in which the seeds of a second world war were sown in the first. Numerous archival photographs give the often disturbing subject matter a moving visual counterpart. Includes source notes, a bibliography, and an index.

War on Peace

As the activities of individuals, organizations, and nations increasingly occur in cyberspace, the security of those activities is becoming a growing concern. Political, economic and military leaders must manage and reduce the level of risk associated with threats from hostile states, malevolent nonstate actors such as organized terrorist groups or individual hackers, and high-tech accidents. The impact of the information technology revolution on warfare, global stability, governance, and even the meaning of existing security constructs like deterrence is significant. These essays examine the ways in which the information technology revolution has affected the logic of deterrence and crisis management, definitions of peace and war, democratic constraints on conflict, the conduct of and military organization for war, and the growing role of the private

Read Book To End A War The Conflict In Yugoslavia Americas Inside Story Negotiating With Milosevic Modern Library Paperback

sector in providing security. This book was previously published as a special issue of the journal Contemporary Security Policy.

The End of the First Indochina War

This exploration of Allied war plans for 1918-1919 uncovers how the Supreme War Council became a successful mechanism for coalition war.

To End a War

Argues that the failure of the United States to create successful peace settlements when ending the major wars of the twentieth century has only led to subsequent conflicts and new wars which attempt to resolve the issues of the previous war.

US Foreign Policy and the End of the Cold War in Africa

Now A Major Motion Picture Starring Robert Carlyle and Kiefer Sutherland 'Waking from a dream, I suddenly realized where I was: in the Death House – in a prison camp by the River Kwai. I was a prisoner of war, lying among the dead, waiting for the bodies to be carried away so that I might have more room.' When Ernest Gordon was twenty-four he was captured by the Japanese and forced, with other British prisoners, to build the notorious 'Railroad of Death', where nearly 16,000 Prisoners of War gave their life. Faced with the appalling conditions of the prisoners' camp and the brutality of the captors, he survived to become an inspiring example of the triumph of the human spirit against all odds. To End All

Wars is Ernest Gordon's gripping true story behind both the Academy Award-winning film *The Bridge on the River Kwai* starring Alec Guinness and the new film *To End All Wars* directed by David Cunningham.

Fighting to the End

1919 Versailles: The End of the War to End All Wars

Raging for over four years across the tortured landscapes of Europe, Africa and the Middle East, the First World War changed the face of warfare forever. Characterised by slow, costly advances and fierce attrition, the great battles of the Somme, Verdun and Ypres incurred human loss on a scale never previously imagined. This book, with a foreword by Professor Hew Strachan, covers the fighting on all fronts, from Flanders to Tannenberg and from Italy to Palestine. A series of moving extracts from personal letters, diaries and journals bring to life the experiences of soldiers and civilians caught up in the war.

The War of the End of the World

On August 9, 1945, on the tiny island of Tinian in the South Pacific, a twenty-five-year-old American Army Air Corps major named Charles W. Sweeney climbed aboard a B-29 Superfortress in command of his first combat mission, one devised specifically to bring a long and terrible war to a necessary conclusion. In the belly of his bomber, Bock's Car, was a newly developed, fully armed weapon that had never been tested in a combat situation. It was a weapon capable of a level of destruction never before dreamed of in the history

Read Book To End A War The Conflict In Yugoslavia Americas Inside Story Negotiating With Milosevic Modern Library Paperback

of the human race, a bomb whose terrifying aftershock would ultimately determine the direction of the twentieth century and change the world forever. The last military officer to command an atomic mission, Major General Charles W. Sweeney has the unique distinction of having been an integral part of both the Hiroshima and the Nagasaki bombing runs. Now updated with a new epilogue from the co-author, his book is an extraordinary chronicle of the months of careful planning and training; the setbacks, secrecy, and snafus; and the nerve-shattering final seconds and the astonishing aftermath of what is arguably the most significant single event in modern history: the employment of an atomic weapon during wartime. The last military officer to command an atomic mission, Major General Charles W. Sweeney has the unique distinction of having been an integral part of both the Hiroshima and the Nagasaki bombing runs. His book is an extraordinary chronicle of the months of careful planning and training; the setbacks, secrecy, and snafus; and the nerve-shattering final seconds and the astonishing aftermath of what is arguably the most significant single event in modern history: the employment of an atomic weapon during wartime.

Ethics Beyond War's End

World War I stands as one of history's most senseless spasms of carnage, defying rational explanation. In a riveting, suspenseful narrative with haunting echoes for our own time, Adam Hochschild brings it to life as never before. He focuses on the long-ignored moral drama of the war's critics, alongside its generals and heroes. Thrown in jail for their opposition to the war were Britain's leading investigative journalist, a future winner of the Nobel Prize for Literature, and an editor who, behind bars, published a newspaper for

Read Book To End A War The Conflict In Yugoslavia Americas Inside Story Negotiating With Milosevic Modern Library Paperback

his fellow inmates on toilet paper. These critics were sometimes intimately connected to their enemy hawks: one of Britain's most prominent women pacifist campaigners had a brother who was commander in chief on the Western Front. Two well-known sisters split so bitterly over the war that they ended up publishing newspapers that attacked each other. Today, hundreds of military cemeteries spread across the fields of northern France and Belgium contain the bodies of millions of men who died in the "war to end all wars." Can we ever avoid repeating history?

At War's End

To End a War

Two foreign policy experts examine the continuing threat of terrorism, discussing the crisis with North Korea, the status of the intelligence community and military, and what the U.S. needs to do to protect itself.

Exercising Congress's Constitutional Power to End a War

War is a fact of human nature. As long as we exist, it exists. That's how the argument goes. But longtime Scientific American writer John Horgan disagrees. Applying the scientific method to war leads Horgan to a radical conclusion: biologically speaking, we are just as likely to be peaceful as violent. War is not preordained, and furthermore, it should be thought of as a solvable, scientific problem—like curing cancer. But war and cancer differ in at least one crucial way: whereas cancer is a stubborn aspect of nature, war is our

Read Book To End A War The Conflict In Yugoslavia Americas Inside Story Negotiating With Milosevic Modern Library Paperback

creation. It's our choice whether to unmake it or not. In this compact, methodical treatise, Horgan examines dozens of examples and counterexamples—discussing chimpanzees and bonobos, warring and peaceful indigenous people, the World War I and Vietnam, Margaret Mead and General Sherman—as he finds his way to war's complicated origins. Horgan argues for a far-reaching paradigm shift with profound implications for policy students, ethicists, military men and women, teachers, philosophers, or really, any engaged citizen.

The War that Will End War

The twenty-first century Reading War is, in fact, nothing new, but some of the details are unique to our current culture driven by social media. This volume seeks to examine the current Reading War in the context of the historical recurrence of public and political debates around student reading abilities and achievement. Grounded in a media fascination with the "science of reading" and fueled by a rise in advocates for students with dyslexia, the current Reading War has resulted in some deeply troubling reading policy, grade retention and intensive phonics programs. This primer for parents, policy makers, and people who care confronts some of the most compelling but misunderstood aspects of teaching reading in the U.S. while also offering a way toward ending the Reading War in order to serve all students, regardless of their needs.
