Reflections from the world-renowned Japanese scholar Okakura Kakuzo's classic *The Book of Tea* filter through the beautiful pages of this adult coloring book, bringing a love of tea, art, life, and nature together as one. "Those who cannot feel the littleness of great things in themselves are apt to overlook the greatness of little things in others." —from *The Book of Tea* by Okakura Kakuzo In the Japanese tea ceremony, the act of making and drinking a bowl of tea is an act of respect, gratitude, and interconnectedness. It's about emptying your mind of cares as you enjoy one of life's simplest pleasures. Now, *Meditations on Tea* presents an adult coloring experience as soothing as a hot cup of your favorite tea blend. All aspects of Japanese art and culture are connected in some way with tea, and now these traditions can be explored and enjoyed in a beautiful new coloring book for adults. *Meditations on Tea* includes over 90 traditional Japanese images celebrating life and giving it meaning. There are designs to suit every mood—from woodblock prints depicting Japanese life and myth to more thoughtful moods, to doodles with color for creative relaxation—all waiting for the artistic touch of your pencils or fine markers. Enjoy letting your creativity take the lead with this mix of images and wisdom from Japanese prints and books in 92 relaxing adult coloring pages.

Adult Coloring Book: Enchanted Garden

Welcome to the *Symmetrical Universe Spaceship and Steampunk* coloring book! I hope you enjoy contemplating and coloring these complex images inspired by science fiction. I drew every image in this book with pen and ink on 14x17 paper. My drawings are all done by hand, using fine tipped Rapidograph pens. The way my process works is first I use a ruler and a compass to generate a pencil line grid. Once the grid is in place I then draw the designs in ink. The images are randomly generated and sometimes change significantly during the process of creating them. The drawings are created by drawing one symmetrical feature at a time, much like growing a crystal. These drawings are inspired by my interest in science fiction and machinery. My drawings are also expressions of the inherent beauty found in symmetrical structures. I began drawing mandalas while attending Indian Springs School in Helena, Alabama in the 1970s. My first mandala drawings began as simple experiments requiring a few hours to design. This eventually led to the more complex designs which required 80 to 100 hours to complete. Some drawings are abstract geometrical designs. In others, I have tried to incorporate archetypical symbols and shapes similar to Rorschach patterns which may invoke a variety of conceptualizations to viewers of my artwork. In this book, each section includes an original drawing which may be too detailed to color. The following pages are all more detailed images of sections of each drawing for you to enjoy and color. If you are interested in coloring an original drawing in the original size, order a print from www.symmetricaluniverse.com. To get the most out of this book, I recommend using colored pencils, fine-point markers, or gel pens. Before you color on one of the drawings, use the test page on the very last page of this book to test your coloring pencils, pens, and erasers. Check to see if your pencils or pens look nice on the paper and make sure they don't bleed through to the back. To see more of my drawings, visit my webpage at www.symmetricaluniverse.com. You may order prints of any of my drawings in a variety of sizes. You may also order my other coloring book

on mandalas and symmetrical designs. Sign up for my newsletter to get updates about new drawings, new coloring books, and a schedule of my art shows. Thank you for ordering this book. I hope you enjoy it!

Butterfly Garden Coloring Book

A wide collection of all things creepy, think Ghouls, Monsters, Zombies, Mummies, and other scary things that go bump in the night, mixed with some not so creepy, as in Witches, Pumpkins, Castles, Graveyards and other such (not so) monstrous pictures drawn by a group of likeminded artists that make up Rolling Voice, and can now be revealed illustrated this Adult Colouring Book whilst being locked up in a dingy basement in SW15 (we think), chained together, regularly beaten with other authors unsold rolled up colouring books (literally) if we didn't produce a certain number of pages every hour. Thank god, that hell is nearly over and once we hit a certain number of sales we shall be released back in to society. Unfortunately that number is rather high and as a result you, the lucky patron (still walking freely outdoors), will be able to enjoy other volumes of this book as we are still drawing every hour and should have our next episode out soon. Boasting over 95 designs, some intricate (will take ages to colour), whilst others are designed with simpler patterns for when you are looking for something easier to spend a few minutes on (or having a bad health day). We could go on about Jung and his colouring books, but we leave that to other author's descriptions and try to differentiate ourselves through our work and philosophy. We hope those who see our work realise this difference and appreciate the extra effort we try to put in (every hour).
